Dear City Clerk Nikki Elsen,

I live across the street from the South Community Library Building, and chose to move here because of the park (and the now-defunct library). I will have little reason to stay if the park area changes into something less green. Please do not let the building be destroyed, with development leading to even less green space than we already enjoy.

Whenever and wherever we can, we should support biodiversity.

Thank you,  
Barrett Klein
