CHIEF'S MESSAGE

During the summer of 2022, the La Crosse Police Department embarked on the exciting process of developing our next five year strategic plan. Through an intensive process facilitated by Dr. Scott Dickmeyer of the University of Wisconsin-La Crosse, and with input from community stakeholders, elected officials, and more, thirty members of the La Crosse Police Department Strategic Plan Committee came together over several months to develop objectives related to our established pillars of Leadership, Community Engagement, Professionalism, and Development. These pillars provide a strong foundation for the very important work of serving the La Crosse community.

The men and women of the La Crosse Police Department are committed to our mission of being leaders in providing a safe and vibrant community. With our vision of enhancing our community through engagement and professional service, we strive to create an atmosphere where our citizens and stakeholders feel a sense of confidence and joint responsibility in their safety and security. Successful policing only occurs through community engagement and relationship building.

The core values of the La Crosse Police Department are unique to our mission and vision. These values motivate us to serve the La Crosse community in an ethical and authentic manner. As you review our values, understand that these beliefs are P.R.A.C.T.I.C.E.D. daily and guide our service to the La Crosse community.

As part of this strategic plan, our committee members created very sustainable and achievable objectives for the Department to accomplish, and this will serve to guide our decision-making and policy development throughout the next five years. I am excited to implement this strategic plan for the men and women of the La Crosse Police Department and for the community we serve.

ACKNOWLEDGEMENTS

Dr. Scott Dickmeyer, Associate Professor for Communication Studies at the University of Wisconsin-La Crosse, led the La Crosse Police Department through the enormous task of creating a new strategic plan to guide our decision-making and policy development for the next five years. This was Dr. Dickmeyer's third time facilitating this process for the Department and we thank him for his expertise, thoughtful guidance, and fantastic "dad jokes".

Over 80 community stakeholders, including community leaders, elected officials, and other Department Heads, as well as members of the La Crosse Police Department, participated in a community survey administered by Dr. Dickmeyer. With this information, Dr. Dickmeyer then completed an in-depth S.W.O.T. Analysis to identify what stakeholders and staff perceived as the Strengths, Weaknesses, Opportunities, and Threats to the success of the La Crosse Police Department. We truly thank our community stakeholders and Department members for their participation in Dr. Dickmeyer's survey and for their honest and insightful responses.

The La Crosse Police Department Strategic Plan Committee consisted of 33 individuals from all ranks, bureaus, and divisions, sworn and civilian, within the Department. Thank you to the committee members for their enthusiastic and dedicated efforts in creating this new strategic plan.
