

Resolution authorizing purchase of hardware and software for Airport systems.

RESOLUTION

WHEREAS the Airport currently has several systems including cameras, security controls, advertising and informational displays, phone system, and public address system which have exceeded their useful life, and

WHEREAS newly enhanced data transfer rates between the Airport and City Hall allow for collaboration with the City Information Technology Department, and

WHEREAS upcoming terminal work will benefit from upgraded systems and reduced system complexities through lower project construction costs, and

WHEREAS the public would benefit from upgraded systems when utilizing Airport facilities.

NOW THEREFORE BE IT RESOLVED by the Common Council of the City of La Crosse that the following funds are hereby appropriated and approved for expenditure from the Airport Operating Budget funds for upgrading airport information technology systems:

Camera and Security Systems - \$45,000
Advertising and Public Information Displays - \$45,000
Phone and Public Address Systems - \$25,000
Fiber Install between Fire Station and Maintenance Shop - \$10,000
Project Contingencies - \$10,000

BE IT FURTHER RESOLVED that the Airport Manager and Information Technology Director are authorized to select the appropriate vendors and equipment to provide for said upgrades.

BE IT FURTHER RESOLVED that the Airport Manager, Information Technology Director, and Finance Director are authorized to take all necessary steps to effectuate said resolution.
