**SUPPLEMENTAL INVESTIGATION REQUIRED** (detailed below):

**SUMMARY:**

On February 4<sup>th</sup> 2026 I conducted a compliance check at the Citgo gas station located at 1914 State Rd. During the check I located 22 sildenafil tablets which are only available by prescription. This was the second time I located these illegal pills at this location. See case 25-51921 for further information on the original case. The establishment also did not have signage for their hemp-derive cannabinoid inventory. Inderyas Chiraghdin was arrested and released on a signature bond for delivery of prescription medication and cited for Failure to post signage – Hemp-derived cannabinoids.

**NARRATIVE:**

**INITIAL CALL:**

On February 4<sup>th</sup> 2026 I conducted a compliance check with the state of Wisconsin Department of tobacco and vape at the Citgo located at 1914 State Rd.

**HISTORY:**

The La Crosse Police Department has received numerous complaints about the illegal sale of tobacco and alcohol at this location. Citgo has also failed alcohol compliance checks in the past where more illegal prescription pills were located reference 25-51921. Several concerning items were located during this initial check and are still for sale at this location. These items include class pipes commonly used to consume illegal substance, gem baggies which are commonly used to store or transport illegal substance, and nitrous oxide which are used by individuals to get a short high.

**CONTACT WITH ISRAR (CHRIS) KHAN:**

Upon arrival I recognized cashier as Israr from my previous contacts and compliance checks at Citgo. I informed him we were conducting an inspection, and he was compliant and provided information he was asked for. Based on my previous compliance checks and knowledge of their distribution of illegal prescription pills I checked underneath the counter where the pills were located on my last check.

I located a cardboard box which contained numerous glass pipes wrapped in bubble wrap. I moved several of the pipes around and located 22 individually packaged pills inside of the box. These were cut individually from their original distribution packing. By piecing these today I could read "sildenafil" which is commonly known as Viagra and are used to treat erectile dysfunction but are utilized illegally by individuals on the street to enhance their sexual encounters. It also said on the package "available by prescription only". These were confirmed to be only available by prescription in the United States.

I asked Israr if they were still selling them and he stated they were. I asked them how much they were selling them for and he told me eight dollars. I asked him where he got them from and he stated, "the owner". I reminded him during our last inspection I told him they were not to sell these anymore and he stated the owner gave them to him and told him to sell them.

I then asked him what he did with the money he received from the purchase of these and he stated he put the money into the register and did not log the profit from the transaction on their point of sale system. Israr could not provide any more information about this. At this time Israr called the owner and asked him to come to the store. These pills were seized.

**MALEGRA (SILDENAFIL) TABLETS:**

I then went to confirm these tablets were available by prescription only. I utilized Drugs.com to confirm these tablets are only available by prescription. I confirmed this but had a difficult time finding the exact black color tablets and dosage of 200mg. I then contacted the Mayo Clinic pharmacy in La Crosse and spoke with pharmacist Catara M. Schneider. I provided her with the drug name and dosage, and she searched it in her database. She also confirmed the drug was only available by prescription and that the dosage available in the US is 25mg, 50mg, and 100mg. The dosage of 200mg was not available commercially in the US.

Home | Sildenafil

**Sildenafil**

Generic name: sildenafil (oral) [ off-DMN or B ]  
 Brand names: Revatio, Viagra, Viotriq  
 Drug classes: Agents for pulmonary hypertension; impotence agents

Medically reviewed by Naji Durbin, MD, last updated on Jan 14, 2026

Uses | Warnings | Before taking | Dosage | Side effects | Interactions | FAQ

**DRUG STATUS**

- Rx** Availability: Prescription only
- P** Pregnancy & Lactation: Risk data available
- N/A** CSA Schedule\*: Not a controlled drug
- ph** Approval History: Drug history at FDA

**What is sildenafil?**

Sildenafil relaxes muscles of the blood vessels and increases blood flow to particular areas of the body.

Sildenafil under the name Viagra is used to treat erectile dysfunction (impotence) in men.

Another brand of sildenafil is Revatio, which is used to treat pulmonary arterial hypertension and improve exercise capacity in men and women.

Sildenafil is also available as Viotriq oral film.

Do not take Viagra while also taking Revatio.

**CONTACT WITH INDERYAS (TONY) CHIRAGHDIN:**

Inderyas arrived a short time later and I spoke with about the illegal drugs which were located underneath the counter. I asked him what they were doing with the pills and he told me “they are for sex” confirming he knew what the pills were for. He also confirmed they were selling them. He told me the last time a compliance check was conducted nobody reached out to him and thought they were legal. I informed him I was trying to call him but he did not answer. He told me he was in London for two weeks with his wife and when I told him I was trying to reach him for a month he said he might have gotten my calls because of “spam”. It should be noted on my last compliance check I told Israr the pills were illegal and they could not sell them. I asked him where he received the pills from and he said “Jesse or something” and described her as a female white, over 50, with brown hair. He did not know what she drove and did not believe he had her on camera. He provided her which was labeled under “Jason Pillar” in his phone. He said he calls or texts her when they need more of the pills. He stated he calls her every couple of months. He showed me a text message on Jan. 25<sup>th</sup>, 2026, which stated:  
 Tony – “Are you coming to Citgo? This is Tony”  
 Female – “I’ll be in around 830”

He told me she was a customer and that they sell “honey and Rhino” which are male enhancement supplements that are a “sexual enhancer”. These products are often unregulated as they are not approved by the FDA. He said she he was aware of this and said since they sell this enhancer, they should sell this one instead. He told me they have been selling them for about six months. He told me the money they make from the pills they put into the register and pay the “tax” on them which is not true because they are not obtaining these legally and they do not have an item in their point of sale.

I explained to Tony the pills were only available by prescription and that he was not able to sell them as they are to be prescribed by a doctor.

I then asked Tony what he did with the Nitros oxide he had in his store. He told me they were “whip cream chargers”. I asked him if they baked at Citgo and he stated “no”, so I asked him why he had these. He said people buy them here and he does not know what they do with them afterwards. I told him I believed he was selling them to people to “get high” and he said he didn’t know what they do with them. He asked then asked “are they illegal?”. I informed them they are not illegal. He told me they do not sell individual ones but sells them by the box for \$25 dollars which did not seem to be truthful. From a financial perspective a box of 10 sells for \$15 on Amazon so to make a profit he should be selling them for at least \$75. He became very defensive when I continued to question about this and told him my frustrations behind him selling these relating to an incident where police responded to a father who was watching his two-year-old and got high with an “exotic whip” container and passed out while the child was present.

I then returned to my squad car and spoke with DA Gruenke about my findings and agreed I could issue Tony as signature bond despite the charge of selling a prescription being a class H felony. I then completed a signature bond and issued it to Tony. During my explanation of the signature bond Tony was very defensive, argumentative, and did not seem to think what he was doing was wrong. He was given his court date and signed the bond. A copy was left with him.

#### **FOLLOW UP CITATION:**

After my compliance check I spoke with the City Attorney’s Office and determined Citgo should be issued a citation for Failure to post signage – Hemp-derived cannabinoids as they did not have any signs around there products. I went to Citgo and spoke with Tony and explained the ordinance and what measures he should take to be in compliance with it. He was given the citation and advised of his court date.

#### **CONTACT WITH JESS MOULIS:**

I looked up the phone number in our local database which was associated with Jess Moulis. I called the phone number but did not get an answer. I left a voice mail asking for a call back.

I received a phone call from Jess on 03/03/26 and I informed her of the reason I was calling her. She told me she knew the owner of Citgo from when she visited there but could not remember his name and described him as “Indian”. She confirmed her number was the one provided by Tony was hers. She stated she recently changed her phone number within the last month which from my research is inaccurate as she was a victim of a crime in 2025 and provided the phone number Tony gave me. When asked if she knew her old phone number she said she did not know it and when asked how long she had her old phone number she also did not have an answer. Not knowing your old phone number or how long you had your phone number is not a reasonable answer and I believe she was being deceptive.

When asked if she had any involvement with the pills she stated she was not a “male” and did not know anything about the pills. She could not provide any other information about this.

#### **DISPOSITION:**

During a compliance check on 02/04/26 I discovered 22 illegal Sildenafil tablets which were sold illegally as they are available only by prescription. Inderyas Chiraghdin was arrested and released on a signature for Delivery of prescription medication 450.11(7)(g) and cited for Failure to post signage – Hemp-derived cannabinoids 32-165(B)(5)1. No further follow up is needed.

**SUMMARY:**

On 02/04/26 I conducted a bar check at 1914 State Rd. (Citgo) reference #26-04730 and discovered sildenafil tablets behind the counter which were being sold. After speaking with the District Attorney's Office I am referring Inderyas Chiraghdin for one count of Delivery of prescription medication 450.11(7)(g). See my initial report for further information.

**NARRATIVE:**

**CONTACT WITH INDERYAS (TONY) CHIRAGHDIN:**

On 02/04/26 Inderyas responded to Citgo after I told his employee to call him after locating more Sildenafil tablets behind the counter.

Upon his arrival, I spoke with him about the illegal drugs which were located underneath the counter. I asked him what they were doing with the pills and he told me, "they are for sex" confirming he knew what the pills were for. He also confirmed they were selling them. He told me the last time a compliance check was conducted (11/17/25) nobody reached out to him and thought they were legal. I informed him I attempted to call him but he did not answer. He told me he was in London for two weeks with his wife and when I told him I was trying to reach him for a month he said he might have gotten my calls because of "spam". It should be noted on my last compliance check I told Israr the pills were illegal and they could not sell them. I asked him where he received the pills from and he said "Jesse or something" and described her as a female white, over 50, with brown hair. He did not know what she drove and did not believe he had her on camera. He provided her which was labeled under "Jason Pillar" in his phone. He said he calls or texts her when they need more of the pills. He stated he calls her every couple of months. He showed me a text message on Jan. 25<sup>th</sup>, 2026, which stated:

Tony – "Are you coming to Citgo? This is Tony"

Female – "I'll be in around 830"

He told me she was a customer and that they sell "honey and Rhino" which are male enhancement supplements that are a "sexual enhancer". These products are often unregulated as they are not approved by the FDA. He said he was aware of this and said since they sell this enhancer, they should sell this one instead. He told me they have been selling them for about six months. He told me the money they make from the pills they put into the register and pay the "tax" on them which is not true because they are not obtaining these legally and they do not have an item in their point of sale. Tony did not provide any more information on these pills.

**SUMMARY:**

Based on Tony admitting to knowing he and his staff were selling the prescription medications I am referring this charge over to the District Attorney's office. I spoke with ADA Kranz and is aware of the incident.
