**Date:** April 2, 2025

**RE:** Letter of Support for the C & C  
Residences Project

Dear La Crosse City Council,

On behalf of Mayo Clinic Health System - La Crosse, I express our strong support for the C & C Residences project at 10th and Division Street. This initiative is essential for delivering high-quality workforce housing near our La Crosse Campus.

MCHS requires high-quality workforce housing near its La Crosse Campus. The studio lofts, one-bedroom, two-bedroom, and three-bedroom residences will enhance our employees' desire to live near our campus. This development will address the housing needs of our workforce and contribute positively to the neighborhood's vibrancy and growth.

We eagerly support and anticipate the completion of this innovative housing project, which will benefit both our workforce and the neighborhood.

Sincerely,

Tanner Holst  
Chair of Administration
