Hello,

I'm writing to urge you to *uphold the designation of the south side library as a historic landmark*.

The designation has been approved by the Historic Preservation Commission and has received thorough nomination by a historic preservation expert who served six years on the HPC and has considerable training with the Wisconsin Historical Society (i.e., David Riel).

The mayor's claim that the site does not meet the requirements has no standing and was made without evidence.

Thank you.
