MEMORANDUM

To: Board of Public Works
From: Bernard Lenz, Utilities Manager
Date: 3/21/2022
Subject: CWF Application Prep

The Utility is requesting approval to hire a consultant to assist the Utility in positioning itself to be eligible to apply for and hopefully receive Federal Infrastructure Funding to replace the CIP funding earmarked for several planned major sanitary sewer lift station rehabilitation projects.

The attached proposal is for S E H to do the required preliminary engineering, planning, and prepare required documents necessary to apply; and then to actually submit the application for these funds when appropriate. S E H was sole sourced because they are doing the design and have all the required knowledge and project understanding necessary to perform this work.

Funding for this work will be from the Sanitary Sewer Utility Operating budget under the "Contracted Services" line item.

CIP #'s

19-206 - Hagar

20-405 - Pammel

22-484 - Causeway

22-610 - Breezy Point
