Fee: \$ (\$50 for first 5 days, \$25 each additional week)

Permit issued by:

Special requirements:

[Empty box for special requirements]

All fees are non-refundable.

## Temporary Street Permit Application:

Foth would like to obtain Temporary no parking along US 53 for about a 4 hour time period on 5/12/2026 and 5/13/2026. This is all based on weather conditions and dry pavement conditions, work may need to push a day or two depending on weather. This work is for design purposes for WisDOT project 1630-09-02. Using a Mobile Laser Scanner, Foth will drive the routes shown below at posted speed limits to obtain survey grade design information, this will not disrupt traffic as we drive at posted speed limits. This should take just a few hours to complete and would try to minimize impact on the businesses in the area. We would be looking to have no parking from 10am -2pm as we conduct our scanning.

Tuesday, 5/12/2026, Foth would scan the routes shown in Green below.

Wednesday, 5/13/2026, Foth would scan the routes shown in Red below.

Thursday, 5/14/2026, Tentative day for weather
