Subject: Item # 19 Lighting for Tennis Courts on Green Island

*** **CAUTION:** This email originated from an external sender. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe. ***

Mr. Tim Acklin,

I support the proposal to light the new tennis courts being constructed on Green Island next year. There is a sizable group of us tennis players who are not able to play tennis between 8 AM and 5 PM either due to work commitments or to medical/physical reasons. The addition of lighting will extend the hours that tennis will be able to be played on these courts. It will also make it a destination for groups because there are so few lighted courts in the city that can handle team or group play outside of the hours between 8 AM and 7 PM.

I hope that this item is given the support that enhances the investment already made by the city in the development of the Green Island tennis complex. It will also facilitate use agreements between the University, Aquinas, the Coulee Region Tennis Association and other less formally organized groups.
