Location: LaCrosse Wisconsin

Mr. Jared Greeno

We propose to provide labor, dive equipment and standard J F Brennan insurance necessary to complete the following scope of work on the above referenced project.

- 1 . Provide a four-man diving crew and diving gear to support the Cass Sanitary By-Pass Chamber Repair as directed.
- 2 . Proposed repair is to clean debris and sediment from the by-pass chamber floor, remove any defective concrete, form, drill and install rebar ties and pour concrete onto the floor to a level that will seal the leakage.
- 3 . All operations will be conducted in accordance with ADCL, OSHA, USCG and the customers standards.
- 4 . This proposal assumes that the city will provide any permits, fees, testing and final desposal of sediment and debris.
- 5 . Proposal is based on coming to agreeable contact terms with the client
- 6 . The city or others will provide a discharge area within 100' of the by-pass chamber to accept and dewater the debris and sediment slurry discharge.

Thank you for letting J. F. Brennan Co. Inc. submit a proposal on this project, and should you have any questions, or need additional information, please do not hesitate to call me at 815-433-5228 or email rjacobs@jfbrennan.com.

Sincerely,

J. F. BRENNAN COMPANY INC.

Randy E. Jacobs

Accepted _____ Customer

Mobilization/Demobilization

One lump sum mob/demob of the above listed personnel and equipment to job location: **included**

This proposal does not include:

Permits, fees, testing, work with hazardous
materials or disposal of sediment and debris

Any additional personnel, equipment or services that are not specifically addressed in this quote will be charged according to our currently published T & M rates.

GENERAL PROVISIONS

1. All diving operations will be conducted in accordance with the ADC "Consensus Standards for Commercial Diving", OSHA, United States Coast Guard, and any applicable statutory requirements.
2. The Diving Supervisor is authorized to cease operations due to any adverse weather or safety conditions.
3. A minimum 8 hour charge will apply to jobs that cancel after personnel and equipment have been dispatched.
4. This agreement will remain firm for 30 days from the date submitted and is based on the availability of Brennan's personnel and equipment.
5. All receivables are due within 30 days of billing. 1.5% interest per month will be charged on past due accounts unless otherwise negotiated. Pay when paid does not apply.
- 6 Contractor considers equipment downtime/maintenance of less than 2 hours per shift as regular scheduled maintenance. Maintenance during the course of this project will not be subject to credits or penalties.
7. Any recommended repair or prevention methods provided in this proposal are based upon constructability and our knowledge of successful repairs previously performed in similar circumstances. These recommendations should be reviewed by a qualified individual for concurrence, to verify the recommended method will perform effectively, and to finalize the design details within appropriate codes and regulations.
