My name is John Clements I own the property next door and would like to contest the variance being applied for the reasons of safety and security.

1. 4 bedrooms with no off street parking is too big for the lot and that crowded street area.
2. Roof area leading to water and snow drainage problems that could effect my property 3.A two story house is too tall for the lot I would rather see a replacement in similar size put back in.

Thank you for your consideration
