Hello Sara! Please see the following explanation from Matt Gallager regarding installation of carriage walks from sidewalk to curb for disabled access for one of my constituents, and let me know if it's possible to add this item to the Board of Public Works agenda for next week.

Thank you so much,
Jessica Olson

Hi, Council Member Olson-

Thanks for the message and follow-up.

I did speak with Ms. Strittmater about parking in the 700 block of 14th St S. She thought it was a good idea to pursue having all carriage walks (from the sidewalk proper to the curb) widened in that block, to help accommodate use by her parents. I thought that that sounded like a good approach as well. We would only need approval of the Board of Public Works to use the 2020 Miscellaneous Curb & Gutter project to take care of that work. You could request through Sara McCormick to add that to the agenda.

Thanks,
~Matt

Hi Matt!

I have heard from my constituent that she needs some assistance to have her situation brought before the BPW, can you let me know what I need to do to assist her please? Thank you so much!

Jessica
