Dear Dan,

I have to admit this is the first letter of any kind 'I've ever sent about a civic issue, but the negativity surrounding this has pushed me to voice my opinion. I could be incorrect in the information I've been given but assuming it is correct, I'm saddened by the intense negativity from a select group of people concerning an Event venue, even before the selected team has been given the chance to fully inform the public of their vision. The reason for this initial meeting I believed was to just change the zoning. I am a lifelong resident of La Crosse, I would love to see a BOUTIQUE (which means small) venue to entertain our visitors and natives alike. How wonderful would it be to have two beautiful places at either end of our park? I admire and I applaud our park board for initiating an exciting new use for one of our historic buildings.

I thought La Crosse would be supportive of two young entrepreneurs who want to collaborate with other businesses, while celebrating the heritage of La Crosse. The idea of such intense negativity to potential growth is not what I thought our council board members would support. I would hope that instead of listening to a planned smear campaign by an existing tenant of the same area, the council will take the time to thoroughly and thoughtfully see what opportunities for growth exist.

Thank you for your time and consideration,

Sincerely,
Kim Lenth
