May 2, 2016

Dear Mr. Odegaard:

We have reviewed the evaluation report on La Crosse Memorial swimming pool. As the City of La Crosse (City) liability the Wisconsin Municipal Mutual Insurance Company (WMMIC) appreciates you sharing the information in regards to the action plan for the pool.

As we discussed on the phone, the report brings to forth an action plan to address a number of risk management and loss control protective measures. Typically recreational immunity should apply to the City in regards to the pool. However, now that the City has been made aware of these items it could perhaps create a ministerial duty if a claim were to be submitted therefore the recreational immunity would not apply.

As the cases for any claim submitted would need to be evaluated individually on its own merits, it is difficult to provide a blanket statement. However, loss control prevention is always proven to be effective.

If you should have any further questions, please feel free to contact me.

Danielle C. Rogacki
