Council members,

I am writing in favor of securing the funds needed to upgrade the Second Street Bike Track.

This vital infrastructure is a key connecting point between bicycle routes on the city's north and south sides.

I use the Second Street Bike Track several times a week, and too often I see vehicles blocking the route. In fact, I even started a [Facebook group](#) that shows examples of this all-too-common occurrence.

Making sure this route is safe for bicyclists to get to and through the city's downtown is important for public safety, tourism, economic development and the environment.

Please vote to enhance this key transportation need.
