Good evening.

My name is Nickolas Blennert I am a citizen I am writing to express my strong opposition to item 23-0673. This item perpetuates the criminalization of poverty in La Crosse county without offering any kind of substantial support to our unhoused community members. We are experiencing a housing affordability crisis and La Crosse can be remembered as a place that offers all people safety, support, and opportunities or a community that abandons morality, neglects compassion, and continues to deny our collective responsibility for eachother's well being. Until further action is taken to ensure housing accessibility and security, item 23-0674 should be removed from council consideration.

Thank you for your time and civic engagement.
