Hi John.

Dave was happy to be there and meet you too. You could add his email to your list. That would save me forwarding all your emails. It's drlawrence78@yahoo.com. We're in favor of keeping it zoned 5 with the variance. Or it sounds like they may be able to reword the zone 5 to fit the needs. That's great. I don't think either of us will be there tonight

Thanks
Joy

Hi, Joy I hope everything is going good with you. It was nice to meet Doug at the public last Thursday with Rep Trost. After listening to the discussion, Doug said we could mark you down in opposition the rezoning. Can you confirm? I wanted to get the objection map updated with your correct wishes. If you are uncomfortable going officially on the record I totally understand.

Being opposed to rezoning doesn't mean you are against Bethany's project. Just that you don't think it should be rezoned from R5 (max height 3 stories or 45 feet) to R6 (max height 10 stories or 100 feet)
