MEMORANDUM

To: Board of Public Works
From: Bernard Lenz, Utilities Manager
Date: 09-27-2021
Subject: Breezy Point Lift Station Design Contract Award CIP #21-610

S E H is currently doing the design work for 2019 CIP project #206 *Hagar Lift Station Pump Replacement/Structural Changes* and for the 2020 CIP project 168 for *Pammel Creek Sanitary Lift Station Electrical Upgrade*. It is advantageous to have them also design the *Replace Breezy Point Lift Station* for 2021 CIP project #610; as the Utility would like to bid this work together and is excited to get the Breezy Point lift station rebuilt in a timely manner. It has the most call-out of any lift station in the City.

We recommend S E H be awarded the design services contract and that engineering be directed to expedite the bidding of this work as soon as the PS&E is complete. And that payment of the design work be made out of CIP #21-610 allocated funding.
