Dear Lacrosse City Council,

I am writing to let you know that I know the good work Scenic Bluffs Community Health Centers is doing in Lacrosse. I live in the neighborhood on 10th and support their petition to rezone the REACH center as they plan to renovate for dental services to meet the growing needs in the La Crosse community. In 2023, they served close to 1,200 La Crosse County residents, demonstrating the need for our Health Center services in the community. Rezoning will allow Scenic Bluffs Health Center to provide much needed dental services and co-locate in a building with other partners that will offer services to meet legal, housing, and other services for our patients in one location.

Thank you so much for hearing my voice! I sincerely appreciate your care for the residents in our community who are in need of these services.

Kristin
