

Mr. Tim Acklin AICP  
Senior Planner-Heritage Preservation  
City of La Crosse  
400 La Crosse Street  
La Crosse, WI 54601

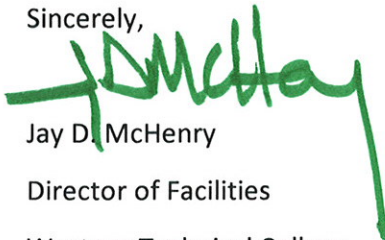

Tim,

Western Technical College respectfully asks the Planning department to receive and forward for Council approval the amended 2017 Campus Boundary map attached. The changes reflect:

- Better utilization of/and creation of parking within the 2010 boundary.
- Completion of the \$79.8 million dollar referendum projects and the removal of structures along the Vine Street to accommodate Horticulture Education Center/adjacent lot.
- Recent property purchases in the 300 block of 8<sup>th</sup> Street North for the creation of green space and long- term growth area for another academic building.
- Plans for the relocation of the Apprenticeship Center on 2860 21<sup>st</sup> Place South to the main campus.
- Potential purchase in the 200 block of 6<sup>th</sup> Street for additional greenspace and long-term growth area for another academic building.

Thank you for consideration of this matter. Please don't hesitate to contact me with any questions/comments at 608-785-9120 or at [mchenryj@westernnc.edu](mailto:mchenryj@westernnc.edu)

Sincerely,

Jay D. McHenry

Director of Facilities

Western Technical College
