Hi Teri – I am not aware of any reason that property would have been intentionally omitted. I agree, it was a typo.

Please take a look at Legistar File 16-0263. Barb Benson brought to my attention that 1501 8th St. S. was omitted from the Amended Resolution. In reviewing the legislative file, 1501 was not included in the original resolution or the amended resolution. Nikki and I could not find any reference to deleting 1501 8th St. S. in the proposed motion that was submitted, or in the secretary's minutes pertaining to the J&A motion on April 5. Based on the email below and our review of the legislative file, I'm inclined to treat it as a typo and change it. Do you have any reason to believe it was an intentional omission, or that I should not change it?

I talked to Jason and Lewis. They believe the omission of the subject property is a Scribner error.

How does this get corrected? I'll need something in writing in order to issue the raze permit.

Thanks!
