- The applicant has applied for an administrative appeal of two items.
- It appears one appeal is the determination that an industrial use was approved for a party.
- It appears the other appeal is that a residential/commercial rowhouse was refused.
- No permits have been applied for or permits issued for either of the alleged appeals submitted. The Zoning Administrator feels that for this reason, these appeals shouldn't be heard as no official determination has been made via issuance of a permit or denial letter being supplied.
