La Crosse, WI

I am formally requesting the paving of an alley on the 600 block south between 2nd and 3rd Streets. I am requesting this for 2015 as I plan to begin construction on a new Collision Center this spring. This construction will take place on 2nd Street South between Cameron and Division Streets. Concerns regarding storm water flowing onto my property from the alley and adjoining properties need to be addressed with paving and storm sewers.

Thank you for your consideration in this matter,

Rahn Pischke  
Pischke Motors of La Crosse
