Can I ask why I have a 28 day notice?

Me

Because we have decided not to continue renting to you

Okay but why? There has to be a reason?

The decision was made to not continue renting to you which is why you were given a 28-day notice to move, if you want to move out early I can try and get you out of some of your rent, so if you're going to do that let me know, your move out information will be sent to you on the 1st

As per Wisconsin state law neither the tenant nor the landlord has to give a reason to end a month-to-month lease. Your security deposit return amount will be determined after you move out and it will be sent within 21 days of your move out.
