Sondra,

The footing and foundations have been removed. CSM approved.

Thanks.

Does the email/photo suffice for the basement removal requirement?

Hi Sandra,

We received this photo from the contractor today and have been advised that the basements are removed and they are backfilling and getting the site up to sub grade.

Lisa,

I heard back from David Reinhart – his approval is contingent on the dwellings being fully removed, including the basements. Please see his attached email.

Hi Sondra,

Please see attached updated CSM for City Brewing. Houses have now been demolished and signature page has been updated. Please let me know when the CSM is approved and we will get the original to you for signature.

Thanks.

Hi Lisa,

I am following up to the CSM. We left off at needing approval from our Chief Inspector and from Engineering. I had sent over Scott Dunnum's (Engineering) comments, regarding revision to the signature page. His approval is contingent on those revisions. I will re-route to the Chief Inspector once the revision is made.

Thank you,

Sondra,

Please have them revise page 4 as shown. Once revised the Engineering Department approves the CSM for recording.
