Re: Rental Property at 2227 George St

Dear County Clerk/Building Inspections:

In November of 2012 we placed our house at the above address for rent. We did this as we had purchased a new home in August of 2012 and were not able to sell our house in La Crosse despite being on the market since March/April 2012. We are asking for a waiver of moratorium (8.07 (I)).

One of the reasons we decided to rent is that we found a renter that is interested in purchasing the property. We failed to realize that single family rentals followed the same requirements as multi-family housing which is why we did not register the property.

Sincerely,

Steve Bornitz
