City Council should reject the request for vacation of the 400 block of 12th Street North. There is no reason a developer should be getting free land from the City. Left unchecked, I'm pretty sure developers (and other rapacious property owners) would love to convert ALL public land into private holdings for their own benefit. The city should protect our commons at all costs, so please, vote no.

You know what they say, "Give 'em a block, and they'll take a garden."

Oh, wait . . .
