Agenda item number:

Subject: Voting on hiring a new city administrator

I am writing to let you all know my feelings about hiring a city administrator. This was voted down, WHY is it back up on the agenda again!!?? Where do you plan on funding for this position?? You have closed a pool and a library on north side... because there isn't funding.

You raised our property taxes up \$1000 in one year! Where did all that revenue go!!??

I think it's about time you council members start thinking and making decisions based on what/how the people in this city feel!! Not about whatever it is you are up too.

How about voting out the current mayor and hiring a new one that knows how to budget and make decisions based on what this city has for finding!

There was a recent article about giving people money to move to lacrosse because we are losing so many people. I am not the smartest person but I do know that if you keep taxing and raising costs of everything in this city the way you have in the past 2 years you're going to lose a lot more!!

We have worked hard our entire lives, moved to lacrosse to get closer to family and if it's Keros going the way it is right now, we will have no other option but to move out of the city of lacrosse... now you are thinking of ways to bring people in??!!?' Wake up city council!!

Start making decisions with the hard working people of lacrosse that pay taxes in this city!!

I am going to be waiting for an email from each and everyone of you letting me know WHY this is even up for consideration!

For the right thing and vote NO to hiring a city administrator.

Thank you for your time.

Sincerely Barb Bahr
