RE: Resolution allocating unused TID 11 funds to CIP project 2022 #736
(Cass Street Beautification).

The Washburn Neighborhood Association Board supports File #24-0564 sponsored by Chris Kahlow for additional funding for the Cass Street Beautification Project, and encourages your approval of this request.

This is an area that is included within the Washburn Neighborhood boundaries, introducing people to the City of La Crosse, and provides a great opportunity to give those visiting the area a first impression they will remember.

Thank you.
