Mayor Reynolds, Jay Odegaard, Brian Sampson, & Diane McGinnis,
Thank you very much to all of you for taking the time to meet with us yesterday and address some of our concerns. The amount of time you took meeting with us demonstrated your concern for the neighbors of the Maple Grove property. It was great to learn that you have committed to not install any of the 10' x 10' housing units originally proposed for this site. We also appreciated hearing you commit to not housing any more than 32 individuals at this site. While these commitments may not have been made perfectly clear during last night's council meeting, we have copied in all the Council Members so they are fully aware of your commitments. Once again, thank you for your time yesterday afternoon and the neighbors of Maple Grove look forward to the neighborhood meetings you indicated you are in the process of planning.
