Hi

It's come to my attention they are wanting to purchase the hotel to serve as a homeless shelter. Given this is location on the island, it would create space between home and resources. Furthermore, as a parent with young children, we need to keep the area clean and safe. By placing homeless members in this neighborhood it is putting the community at a higher risk for safety.

I do not think this location makes sense for our community or the homeless. They need to be closer to resources and not segregated on an island.

Thank you for your consideration.
