Dear Council Members,

I strongly object to South Branch Library's Historic Landmark designation being overturned. La Crosse has destroyed a lot of historic buildings within the city and this should not become another one of those. While a 1950s building may not seem old and/or significant to some, it is part of the architecture of La Crosse in that time frame and should be preserved. It is the site where many adults and children frequented often over the years to learn, to enjoy books and programming and to meet friends. It has been a big part of our community and should be preserved. Please do not let it become an apartment building or anything else that would destroy the building.

Thank you.
