RE: 8.07 Single Family Rental Registration Waiver for 616 Mississippi St

To: City Clerk and City Inspection Departments

I have owned this property for years. It is a single family unit and has been rented for many years. I had properly registered this home as a rental, but was unaware that it was required to also be registered as a single family rental.

I have decided to sell the property and now found out about the additional registration requirements. This house is located in the Washburn District, and I was unaware of the added requirement for an upgrade to Code 8.07 Single Family Rental Registration.

The buyer is intending to continue with the rental of this home at 616 Mississippi St.

Please grant a hardship waiver to allow the property to be registered under 8.07

Thank You

Bridget Flood
