I am very disappointed that you were against Resolution 24-1151 regarding help in funding recent remodeling and bathroom upgrades to The Pump House.

As a long time supporter and volunteer there, I know The Pump House serves this community well and is a significant addition to our city's culture and tourism. I urge you to visit one of our receptions and/or theater productions to see how popular these events are.

The recent completion of the new docking at Riverside Park to accommodate cruise ships like Viking represents an investment in our tourism industry. Recent upgrades to Riverside Park restrooms were another example of good maintenance and, likewise the Pump House deserves as much. We need to keep our standing as one of the upper Mississippi's cultural high points.

Please reconsider voting for this resolution. La Crosse deserves to have well maintained facilities.

Respectfully,
Julie Chamberlain
