Hello- I am writing in support of the marsh restoration project, CIP [2021-2025](#) budget item #551. I am a member of the Friends of the La Crosse River Marsh organization. The marsh is an invaluable part of the city of La Crosse for recreation, habitat for many animals, and helping to control environmental damage to the local rivers.

The marsh trails are in constant use by city residents as well as tourists and would be much missed if trails were not kept up. These trails are a draw for people of all ages and abilities. Birders, hikers, photographers, bikers, etc. all depend on these trails in the heart of our city.

Please support this five year project to maintain our LaCrosse River marsh.

Thank you,

Mary Monsoor
