1	Board of Park Commissioners	05/29/2018	APPROVED AS AMENDED				Pass

Action Text: Motion was to approve to continue design efforts, identify proposed limits of park engagement areas associated with the new building expansion and agree to the general footprint of the proposed "River Lobby" (the portion of the Center that physically touches down within the park boundary and provides access to and from the Center to the Park) and convention center addition overhang area with the final design plan to come back to the Park Board for approval.

The Park Board members still had concerns about the cost estimate/budget of the project, infringement of space in the park, does it enhance or detract from the park, board members were still hoping for a softer look to the design.

George Italiano did not speak in favor of the design and hoped the Council will look into how the design impacts the park further.

Art Fahey, Architects-Amanda Prosser/Will Kratt, Brent Smith, Council Member Jessica Olson, Council Member Gary Padesky, Director of Planning & Development Jason Gilman, A.J. Frels-La Crosse County Convention & Visitor Bureau, Robin Moses-Downtown Main Street spoke in favor of the current concept.

All thanked the La Crosse Center staff for staking out the design area in the park.
