Finance and Personnel Committee of the Common Council of the City of La Crosse

RE: Resolution authorizing the installation of street lighting in the 2000 block of Sunset Lane and the 3200 block of Commerce Street and appropriation for same.

Dear Council Members:

Determination

That the resolution be adopted for installation and appropriation of street lighting in the 2000 block of Sunset Lane and the 3200 block of Commerce Street.

Discussion

Requests were received from constituents regarding the feasibility of installing street lighting at said locations. Engineering study observed that nighttime conditions would benefit from additional lighting.

Said areas are in the public maintenance jurisdiction of the City of La Crosse. City policy is to install and maintain lighting for intersections and roadways to meet or exceed its standards. In the interest of public convenience, health, welfare, and safety, it is my recommendation to approve, fund, and install the requested lighting.

Sincerely,

A handwritten signature in black ink that reads "Matthew A. Gallager".

Matthew A. Gallager, P.E.
City Traffic Engineer
