City of La Crosse Council Members
400 La Crosse Street
La Crosse, WI 54601

Dear Council Members:

We are excited to introduce you to a proposed development regarding the property at 2415 Cass Street, currently known as the Villages on Cass. The current facility is a 31 unit apartment building caring for elderly or handicapped individuals. The purpose of our request is to convert the existing facility from the current use to a facility with 30 assisted living and 12 memory care rooms.

This property has been a part of the local La Crosse neighborhood since the early 1950s where the Franciscan Sisters constructed a convent that housed the Sisters who helped care for the local community. In the 1980s, apartment units were added by the Sisters so that elderly people could be cared for without leaving their neighborhood. The intent of our proposed development is to continue the legacy of the Sisters by constructing a state-of-the-art senior living community.

To accomplish the goals of this development, we are petitioning the City of La Crosse for a Change to Zoning as well as a Conditional Use Permit.

Operational Plan

Our Nesnah Ventures, LLC Operational Plan for this property includes Community Living Arrangements (CLA) and Facility Management Services provided by our majority-owned subsidiary of nine years:

Oxford Property Management
206 S Broadway, Suite 400
Rochester, MN 55904

The newly renovated property will include accommodations for 42 units of which 30 will be designated as Assisted Living Units and the remaining 12 for Memory Care residents. We will be licensed as a Community-Based Residential Facility (CBRF) and our maximum capacity per this license will be stated as 52 residents.

The facility will include 24-hour staffing with a Resident Assistant in charge and 24/7 access to an on-call Registered Nurse. At full capacity, our staffing plan calls for 25 full-time employee equivalents; we anticipate this to be up to 44 employees in a combination of full and part-time roles. Our maximum employees per shift would be 14.

We will be providing Home Care Services, as well as, Activity Programming for all of our residents; Memory Care residents will receive additional Memory Care programming. There is no plan to include any services for persons not under residential care.

Petition for Change to Zoning

The current property has a deed restriction between the Franciscan Sisters and the City of La Crosse that only allows for 29 apartment units for elderly or handicapped persons. To accommodate our proposed development, we are asking that this deed restriction be either eliminated or changed. Through the change in the deed restriction we will be able to care for more residents of the neighborhood as they continue to age.

The conditional use permit is being requested so that that we can raze the existing 2-story building on the north side of the property and rebuild a new 2-story building that will house a 12-unit memory care facility on the second floor as well as adding administrative, nursing, kitchen, dining and gathering areas for the residents. We will also be remodeling the 3-story building that will house 30 assisted living units by updating each room with modern kitchenettes, bathrooms and living spaces that will make them more handicap accessible.

In addition to the individual units, the entire building will be equipped with a fire/sprinkler system to increase the safety of our residents.

By approving this development, the City of La Crosse will be getting a property that can now be added to the tax base, adding tens of thousands of dollars. The City of La Crosse will also gain a great asset to help continue to strengthen its efforts in maintaining neighborhood communities.

We look forward to working with the City of La Crosse and its departments to complete this proposed development.

We respectfully ask for your approval.

Sincerely,

Paul E. Hansen
