Dear Common Council Members,

How is it that Mayor Mitch Reynolds has any authority to try to redesignate the South Side Library so it can be razed to accommodate housing despite the will of the people. This property has been designated as a Historic Landmark and no Mayor has the right to politically sabotage that! Long have I noticed the ignorance of our Mayor to our requests.

Do your due duty and vote him down on July 11th as this is a property of the people, not Mitch Reynolds and his political ego that speaks illogical alternatives he has no authority to determine. And the people have already spoken!
