

GUNDERSEN HEALTH SYSTEM®

June 1, 2021

City of La Crosse Common Council
400 La Crosse Street
La Crosse, WI 54601

I am writing today on behalf of Gundersen Health System to withdraw our application for a five-year extension to the conditional use permit (CUP) referenced in 2016 Resolution #16-0263, which was slated to be heard before committees and the Council this month.

We mistakenly excluded three parcels from the CUP request: 17-30083-45 (812 TYLER ST), 17-30082-100 (1514 9TH ST S), and 17-30082-140 (1523 8TH ST S); we appreciate City Planning staff bringing this to our attention. After consulting with the City Clerk and City Planning staff, we believe the best course of action is to withdraw the original application and submit a revised and complete application for consideration in July.

I apologize for this inconvenience and commend city staff for their assistance in working with us to navigate this matter. I am available to discuss this matter or answer questions at any time—please do not hesitate to contact me. I will be available for the appropriate public meetings to discuss these issues as well.

Sincerely,

Nathan S. Franklin
Director, External Affairs
