

From the Offices of the Traffic Engineer  
and the Chief of Police  
City Hall

**CITY OF LA CROSSE  
BOARD OF PUBLIC WORKS  
Findings & Orders:**

August 12, 2019

ESTABLISHING

AMENDING

VACATING

TYPE OF ALTERATION: All-way STOP control

GENERAL LOCATION: Intersection of Kane Street & Hagar Street

Report:

A request was received to investigate the intersection of Kane Street & Hagar Street for a possible change from two-way STOP signs to all-way STOP signs.

Upon observing the site, it was noted that the Grandview Terrace apartments contains a wall at the zero lot line. This blocks adequate vision triangles for necessary sight distance. It is therefore recommended to install all-way STOP control.

**WHEREAS**, Section 44-39 of the City of La Crosse Municipal Code of Ordinances provides that after obtaining a report and recommendation of the Traffic Engineer, the Chief of Police shall forward recommendations and appropriate orders to the Board of Public Works.

**AND WHEREAS**, the Findings of the Traffic Engineer state the public interest, convenience, and necessity, the Chief of Police hereby Orders the above traffic alterations, to wit:

- Install STOP signs, requiring all directions to stop.

**NOW, THEREFORE**, the Board of Public Works hereby approves the aforementioned traffic alteration, and City staff is hereby authorized to effect said changes.

Matthew A. Gallager  
Deputy Dir. Engineering & Public Works

Robert M. Abraham  
Interim Chief of Police
