Hello Ms Trost, My name is Steve Cook and I have been a RN at Riverside Transitional Care(Eagle Crest Communities) since 1995. I strongly support the rezoning at 2575 7th Street. This will give our residents increased privacy & dignity in their stay with us. This, I feel, would also improve the chances for a quicker recovery and return to their homes which all people deserve. Private rooms at skilled nursing facilities have been in high demand for year(since I have been a RN anyway). It is very understandable that all of us would want a private room for not only ourselves but for our loved ones, as needing to go to a skilled nursing facility for rehab can and is a very difficult time for the people and families needing one. There is already a shortage in available beds for this population and by adding on to Riverside this will allow our ability to offer privacy and dignity without losing the number of beds available to provide a much-needed service to our community.

Thank you for your time
