To whom it may concern:

I welcome the yoga studio to the area, however, I would like to express a personal concern regarding the street parking. As a homeowner in the vicinity, I am concerned the parking spot in front of my house will be taken by a student. I do not have a garage so the parking spot in front of my house is my preferred parking. I would encourage the yoga business owners to continually announce that no parking allowed in front of 1414 Barlow St.

Sincerely,
Colleen Gnabasik
