## **ATTENDANCE POLICY NON-REPRESENTED AND SEIU EMPLOYEES**

### **PURPOSE**

This policy is to ensure that a consistent procedure is used by all city departments in the administration of attendance at work for non-represented and SEIU employees.

### **ATTENDANCE**

All employees will be required to be regular in their attendance and to meet normal attendance standards. For reporting purposes refer to below procedures. Five levels of attendance standards have been established ranging from excellent to unacceptable. Each employee shall meet or exceed the “adequate” standards. If an employee’s yearly attendance, (i.e. January 1 – December 31) falls below this expected level, they will be counseled and warned, and if the problem persists, the employee will be subject to disciplinary action.

For definition purposes, a day of absence means each individual day, or portion thereof, lost from work due to reasons **other than: approved** leave of absence, vacation; personal business; family care; bereavement; flex time; military leave; Family Medical Leave; jury or witness duty; injury suffered on the job; disciplinary action; or a physician excused illness or medical appointment of the employee.<sup>1</sup> An occurrence is defined as each consecutive occasion that an employee misses work. Example: If an employee is off sick for two consecutive days with the flu that would count as one occurrence and two days absence.

Any sickness or injury more than three days duration must be verified by a physician’s certificate. This certificate must state the kind or nature of the illness or injury and that the employee has been incapacitated for work for said period of absence.

Where the city has reasonable cause to suspect sick leave abuse exists, the city reserves the right to require reasonable medical substantiation, including a general diagnosis, for any and all prospective sick leave absences including those of three (3) or less workdays. Any and all medical substantiation, including physician certificate, required under this policy may bypass the employee’s immediate supervisor and be directed to the City’s Human Resource Department, if the employee so desires.

### **REPORTING PROCEDURE FOR EMPLOYEES REQUESTING SICK LEAVE:**

The Employee must:

- Personally notify his/her Supervisor or their designee prior to the scheduled start of the shift. Exception – If the employee is incapacitated by a medical condition that would prevent him/her from making the call personally.
- Inform management of the general nature of the illness and expected date of return.
- Inform management if leave is for Family Care. Family Care days are deducted from accrued sick leave bank, and are designated for injury/illness of the employee’s minor dependents.
- Keep management informed of changes effecting return to work date.
- Present acceptable medical substantiation upon return to work following more than three (3) consecutive scheduled work days off due to illness or injury. The medical substantiation must be presented to a Supervisor or Human Resources upon returning to work.

### **MEDICAL/DENTAL APPOINTMENTS:**

If the work schedule allows, employees may use accrued sick leave for their medical/dental appointments as follows:

- The employee may use sick leave for the duration of the employee’s medical/dental appointment, plus any travel time necessary to and from the appointment, (i.e. an employee has a doctor’s appointment at 10:00 a.m. In order to make it there he/she requests to leave at 9:30 a.m. His/her appointment is

completed at 11:00 a.m. He/she is expected to return to work immediately after the appointment, i.e. 11:30 a.m.).

- An employee will not be allowed to take the entire day off for an appointment, unless special circumstances warrant such as conditions which affect their ability to safely, effectively or thoroughly perform their job description's essential duties.
- Sick leave is not intended to provide additional income to an employee, but as a substituted form of pay for time attending the employee's appointment. Sick leave may be used for the time period for which the employee's appointment falls during normal work hours, (i.e. the employee is scheduled for an appointment at 4:00 p.m. and ends at 5:00 p.m. The employee's normal scheduled work day would have ended at 4:30 p.m., so the employee would only be able to use sick leave from 4:00 p.m. – 4:30 p.m.).
- Every effort should be made to schedule appointments during non-work time.

## **ATTENDANCE STANDARDS**

“Excellent”

“Good”

“Adequate”

“Poor”

“Unacceptable”

## **ATTENDANCE CRITERIA**

- 1 day or less of absence
- 1 occurrence

- 1 to 3 total days of absence
- 2 or 3 occurrences

- 4 to 7 total days of absence
- 4 occurrences

- 8 to 10 total days of absence
- 5 to 7 occurrences

- 11 or more total days of absence
- 8 or more occurrences
- A noticeable pattern of absence is present

*Employees must meet both criteria for each standard to be considered for that category. For example, if an employee has 2 occurrences each lasting 3 days (for a total absence of 6 days) the appropriate standard would be “Adequate”. A partial day absence shall be considered one day.*

## **FALSE SICK REPORTS**

Employees who feign illness or injury in order to use sick leave, or to avoid working assigned work, are subject to disciplinary action, up to and including discharge.

## **REPORTING LATE FOR WORK:**

Employees failing to report for work at their scheduled start time will be considered late. Employees shall make every effort to notify their Supervisor or their designee if they are going to be late with their expected time of arrival to work.

## **VIOLATIONS OF THE ATTENDANCE POLICY:**

Employees violating this policy including failing to meet the adequate standards, shall be subject to discipline measures.

## **POLICY ON COMPUTER SURVEILLANCE**

It is the intent of this policy to establish a process for the investigation of computer related misconduct by city employees.

Currently over four hundred (400) city employees have access to the VOIP, internet and the city's network while at work and some have access while at home. In the interest of protecting confidential and proprietary information, the city has computer forensics capability on the city's internal/external computerized communication equipment, cellular phones, laptops, desktops, and all other network information systems, which allows the city to monitor technology use by city employees.

Three persons are charged with the responsibility to protect the integrity of the city's internal/external computerized communication and data information systems, (to include VOIP), from inappropriate, illegal, and/or prohibited use. City officials and employees that believe the city's information technology policy is or has been violated shall notify one or more of the following: the Director of Human Resources, the City Attorney, or the Director of Information Services and Technology.

In situations where one or more of the above referenced individuals is made aware of an example or circumstance in which there is reasonable suspicion to believe that the city's internal/external computerized communication and data information systems are being used in violation of city policy, such information shall be evaluated by Director of Human Resources, in consultation with the City Attorney and the Director of Information Services and Technology. If the Director of Human Resources is suspected of violating the city's information technology policy, then the City Attorney shall evaluate the circumstances with consultation from the Director of Information Services and Technology. If the City Attorney is suspected of violating the city's information technology policy, then the Director of Human Resources shall evaluate the circumstances with consultation from the Director of Information Services and Technology. If the Director of Information Services and Technology is suspected of violating the city's information technology policy then the Director of Human Resources shall evaluate the circumstances with consultation from the City Attorney. In any cases where such persons believe that reasonable suspicion of a policy violation exists, a targeted investigation may be authorized.

The City reserves the right to conduct random investigations into employee's use of the city's internal/external computerized communication and data information systems without reasonable suspicion as directed by the Director of Human Resources upon consultation with the City Attorney and Director of Information Services and Technology described herein.

This would also include any location where an employee is conducting city business. This policy would be applicable for all employees while on duty.

PLEASE BE FURTHER ADVISED that a drug-free workplace awareness program will be conducted in the near future to inform all city employees about the dangers of drug abuse in the workplace, the City of La Crosse's policy of maintaining a drug-free workplace, available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed on employees for drug abuse violations occurring in the workplace while on duty.

The above requirements shall take effect May 1, 2001.

## **Employee Identification Card Program**

### **POLICY STATEMENT**

The purpose of having an employee identification card program is to enhance customer service by providing a welcoming environment for the public to interact with City employees. Additionally an employee identification card program can assist in providing safety for the public and a safe working environment for the employees of the City of La Crosse. # FAMILY AND MEDICAL LEAVE POLICY

A leave of absence for birth, adoption, or foster care placement; employee medical/illness; or family medical illness that is determined to be a serious health condition is available to employees as specified below. In addition to Family and Medical Leave a provision is provided for Military Family Leave for a qualifying exigency and to care for a seriously ill/injured covered service member (see attached policy). The intent of this policy is to comply with both the Wisconsin and Federal Family and Medical Leave Acts. Should this policy conflict in any way with the applicable Federal and State statutes or regulations, the statutes or regulations shall control. In addition, the employer-provided leaves of absence will run concurrently, and are not to be taken in addition to, the statutory leaves provided for under the Wisconsin and Federal Acts. All or part of this leave may be paid in certain instances. Use of authorized leave in conformance with this policy will not provide the basis for any adverse employment decision with respect to any employee, including decisions related to compensation or discipline. Employees must follow the same sick leave call-in procedures to be eligible for FMLA.

For purposes of ease and understanding, this Family and Medical Leave policy is divided into two sections as follows:

1. General Requirements for Family and Medical Leave (page 1 - 11)
2. General Requirements for Military Family Leave (page 12 - 19)

## I. GENERAL REQUIREMENTS FOR FAMILY AND MEDICAL LEAVE:

A. Eligibility: Eligibility requirements vary between Wisconsin FMLA and Federal FMLA. Such eligibility is for request of birth, foster care placement, or adoption leave; family medical illness leave; or employee medical illness leave as provided under this policy.

1. To be eligible under **Wisconsin** FMLA (WFMLA) the employee must meet each of the following criteria:
  - Must have worked for the City for more than 52 consecutive weeks
  - Must have worked for at least 1000 hours during the 52 week period preceding the beginning of the leave. You may include vacation, sick leave, and other paid leave to count toward the minimum 1000 hours.
2. To be eligible under **Federal** FMLA (FMLA) the employee must meet each of the following criteria:
  - Must have worked for the City for at least 12 months (need not be consecutive, however within the last 7 years of actual work. 12 months is calculated via a look back of 12 months in reverse chronological order up to a period of 7 years)
  - Must have worked for the City for at least 1250 hours of service during the 12 month period preceding the beginning of the leave. Count only actual hours worked.

B. Length of Leave: Generally, no employee may take more than twelve (12) weeks in a calendar year for any one leave or combination of leaves for birth, foster care placement, or adoption leave; family medical/illness leave; or employee medical/illness leave. (Note: two weeks of leave are available under State law for the serious illness of a parent-in-law, domestic partner, or domestic partners' parent). Leave will be calculated on a 12 month calendar year (January – December) period.

If the leave qualifies as both a City-provided leave, and FMLA and/or WFMLA leave, the leaves will run concurrently. (For example, City sick leave used for a serious illness of an employee qualifies as employee medical/illness leave under State and Federal law and, as such, shall be deducted from an employee's leave entitlement under State and Federal laws.)

If an employee does not apply for family and medical leave and his or her leave usage appears to qualify for FMLA or WFMLA, the City shall notify the employee in writing that the leave will be classified as FML leave, and run the benefits concurrently.

*\*\*If, after exhausting the family and medical leave entitlement, the employee has additional accrued leave available, employee will be allowed to continue on leave utilizing remaining accrued leave.*

- C. Partial Absence or Intermittent Leave: For employees using partial absence or intermittent leave, the specific amount taken will be deducted in increments of not less than one-half (1/2) hour for purposes of computing leave taken and leave remaining. If medically necessary, employee medical leave may be taken in smaller increments. If partial absence or intermittent leave is taken while on WFMLA, the employee may be temporarily transferred to an alternative position that better accommodates recurring periods of leave, however it shall be with the employee's approval. Once WFMLA is exhausted, the employer may require a temporary transfer to another position while leave is under the Federal FMLA.

D. Definitions:

1. **12 month period/calendar year.** 12 month calendar year (January – December).
2. **Health care provider.** Acupuncturist, audiologist, Christian Science practitioner, chiropractor, D. O., D. D. S., D. P.M., health care provider in foreign country, hospice, inpatient care facility, MD., marriage and family counselor or therapist, nurse-midwife, nurse, optometrist, O. T., P. T. psychologist, respiratory care practitioner, social worker, speech pathologist or Wisconsin-licensed CBRF, podiatrist, clinical psychologist, and professional counselor.
3. **In loco parentis.** “In loco parentis” means an individual, other than a parent, who acts in the parent’s place and has day-to-day responsibilities, including providing for the child’s needs and making decisions regarding the child’s welfare.
4. **Serious Health Condition.** Under this policy a “serious health condition” is a disabling physical or mental illness, injury, impairment, or condition involving any of the following:
  - a. Inpatient care (i.e. an overnight stay) in a hospital, hospice, nursing home or residential medical care facility, including any period of incapacity defined to mean inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment therefor, or recovery therefrom, or any subsequent treatment in connection with such inpatient care; or
  - b. Outpatient care requiring continuing treatment or supervision by a health care provider: direct, continuous and firsthand contact by a health care provider subsequent to the initial outpatient contact. A serious health condition involving continuing treatment (defined as a period of incapacity of more than

3 consecutive days or treatment by the health care provider within 7 days from the onset of the incapacity, and at least two visits with a health care provider within 30 days of the first day of incapacity) by a health care provider includes any one or more of the following:

- (i) A period of incapacity i.e., inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment therefor, or recovery therefrom, and any subsequent treatment or period of incapacity relating to the same condition that also involves:
  - a) Treatment two or more times, (see definition above) by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (i.e., physical therapist) under orders of, or on referral by, a health care provider, or
  - b) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment (see definition of Treatment on page 4) under the supervision of the health care provider within the 30 day period.
- (ii) Any period of incapacity due to pregnancy, or for prenatal care.
- (iii) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
  - a) Requires periodic visits (defined as at least 2 times per year) for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider;
  - b) Continues over an extended period of time (including recurring episodes of a single underlying condition); and
  - c) May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.)
- (iv) A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's, a severe stroke, or the terminal stages of a disease.
- (v) Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity in the absence of medical intervention or treatment such as cancer (chemotherapy, radiation, etc), severe arthritis (physical therapy), kidney disease (dialysis).

Disabling means “incapacitation, or inability to pursue an occupation or perform services for wages because of physical or mental impairment”, or, as to family member, “interference with normal daily function.”

Treatment includes but is not limited to examinations to determine if a serious health condition exists and evaluations of the condition. **Treatment does not include routine physical examinations, eye examinations, or dental examinations.** A regimen of continuing treatment includes, for example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition (e.g., oxygen). **A regimen of continuing treatment that includes the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed-rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of FMLA leave.**

Conditions for which cosmetic treatments are administered (such as most treatments for acne or plastic surgery) are not “serious health conditions” unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraine, routine dental or orthodontic problems, periodontal disease, etc., are examples of conditions that do not meet the definition of a serious health condition and do not qualify for FMLA leave. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this definition are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.

Substance abuse may be a serious health condition if the conditions of this section are met. However, FMLA leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care services on referral by a health care provider. On the other hand, absence because of the employee's use of the substance, rather than for treatment, does not qualify for FMLA leave.

Absences attributable to incapacity under subsections (b)(ii) or (iii) above, qualify for FMLA leave even though the employee or the immediate family member does not receive treatment from a health care provider during the absence. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

## II. BIRTH, FOSTER CARE PLACEMENT OR ADOPTION LEAVE

A. Purpose: Unpaid birth, or adoption leave under state law may be used within sixteen (16) weeks before or after the following:

1. The birth of the employee's natural child; or

2. The placement of a child with the employee for adoption or as a precondition to adoption under Wisconsin Statutes; or
3. The placement of a child with the employee for 24 hour foster care that is made by or with agreement of a licensed child welfare agency or County Social Services/Human Services Department (Available under Federal FMLA only - allowable within a 12 month period beginning on the date of the placement).

Leave must be completed within twelve (12) months of commencement under Federal Law.

- B. Length of Birth, Foster Care Placement or Adoption leave: In a calendar year period, generally no employee may take more than twelve (12) work weeks of birth, foster care placement, or adoption leave. If both spouses work for the City, they are each entitled to twelve (12) work weeks leave for birth or placement of a child for adoption or foster care.
- C. Substitution: In lieu of unpaid leave, an employee may substitute a maximum of six (6) weeks of accrued paid sick or other accrued leave for the first six (6) weeks (state FMLA) of the otherwise unpaid twelve (12) week leave period for the birth, adoption or foster placement of a child (Federal FMLA only for foster placement). After the first six (6) weeks of state leave (for birth or adoption), the City requires any accrued vacation, or personal day(s) be substituted, for all of the remaining leave period until leave terminates or paid benefits are exhausted. The employee would also have the option, at their discretion, to use sick leave, floating holiday, banked holidays or compensatory time, in accordance with policy or collective bargaining agreements. The choice of the particular paid benefit to be used may be made by the employee; however, as one paid benefit is exhausted another will be substituted until all paid benefits are exhausted or leave terminates, whichever is first. The City will assign the form of paid leave in the absence of the employee's selection.

\*\*See page 1 of General Requirements.

- D. Scheduling Birth, Foster Care Placement, or Adoption Leave: An employee must submit a written request for birth, foster care placement, or adoption leave not less than fourteen (14) days before the leave is to commence and must schedule the leave after reasonably considering the needs of the City. This may be waived for medical reasons or unscheduled births. If the date of the birth, foster care placement, or adoption requires leave to begin sooner, the employee shall provide notice as soon as possible, but no later than two work days after the commencement of the leave. The employee shall identify if and what type of paid accrued leave he or she intends to substitute as provided above.

An employee may take birth, foster care placement, or adoption leave as partial absence or intermittent leave from employment in increments of not less than one-half (1/2) hour. An employee who uses partial absence or intermittent leave shall schedule the leave so it does not unduly disrupt the operations of the City. To comply with this requirement, an employee must provide to the City, in writing, his or her proposed schedule of partial absence or intermittent leave not less than two (2) weeks before the leave is to begin. The schedule must be of sufficient definiteness that the City is able to schedule replacement employees, if necessary, to cover the absences. Any Partial absence or intermittent leave under WFMLA must begin within the sixteen (16) weeks prior to or following the birth, foster care placement, or adoption of a child. The last noncontinuous increment of leave must begin prior to the 16<sup>th</sup> week following the birth, care, placement or adoption of a child. Schedule for intermittent leave taken after 16 weeks following the birth, placement or adoption of a child is subject to department head approval.

### III. FAMILY MEDICAL ILLNESS LEAVE

A. Purpose: Unpaid family medical/illness leave may be used to care for an individual who has a serious health condition and is the employee's:

1. Spouse – a husband or wife as defined or recognized under state law for purpose of marriage.

B. Length of Family Medical/Illness Leave: In a 12 month calendar year period, no employee may take more than twelve (12) weeks of family medical/illness leave for the employee's spouse, child, or parent with a serious health condition. If both the employee and his/her spouse are employed with the City, each spouse is eligible for the full twelve (12) weeks within the calendar year period to care for a son, daughter, parent or spouse with a serious health condition. A maximum of two (2) weeks of family medical/illness leave may be taken for a spouse's parent, domestic partner or domestic partners' parents. Care for child does not include the children of the employee's domestic partner.

C. Substitution: In lieu of unpaid leave, an employee may substitute a maximum of two (2) weeks of accrued sick or other paid leave for the first two (2) weeks (Wisconsin FMLA) of the otherwise unpaid twelve (12) week leave period. After the first two (2) weeks, the City requires that any vacation, personal day(s), or sick leave must be substituted, for all of the remaining leave period until the leave terminates or paid benefits are exhausted. The

employee would also have the option, at their discretion, to use floating holiday, banked holidays or compensatory time, in accordance with policy or collective bargaining agreements. The choice of the particular paid benefit to be used may be made by the employee; however, as one paid benefit is exhausted another will be substituted until all paid benefits are exhausted or leave terminates, whichever is first. The City will assign the form of paid leave in the absence of the employee's selection.

\*\*See page 1 under General requirements.

D. Scheduling Family Medical/Illness Leave: An employee must consider the needs of the City when scheduling family medical/illness leave.

1. If an employee intends to use family medical/illness leave for planned medical treatment or supervision of a family member, as defined above, the employee must do the following:
  - a. Give the City fourteen (14) days of advanced written notice of the intent to take such leave and the reason for the needed leave. The notice must identify the planned dates of the leave. In the case of an emergency, the written notice must be given as soon as practicable. At the same time, the employee shall identify if and what type of paid accrued leave he or she intends to substitute as provided above.
  - b. Schedule the medical treatment or supervision so that it does not unduly disrupt the operations of the City. Provide the City with a proposed schedule for the leave with reasonable promptness after the employee learns of the probable necessity of the leave. The schedule must be of sufficient definiteness that the City can schedule replacement employees, if necessary.
  - c. Provide medical certification, as required.
2. When medically necessary, an employee may take family medical/illness leave as partial absence or intermittent leave from employment in increments of not less than one-half (1/2) hour and so as to not unduly disrupt the operations of the City. To comply with this requirement, an employee must provide to the City, in writing, the employee's proposed schedule of partial absence or intermittent leave with reasonable promptness after the employee learns of the probable necessity of such leave. Only leave at the time of the family medical/illness incident will be allowed.

Substitution: In lieu of unpaid leave, an employee may substitute a maximum of two (2) weeks accrued sick or other leave for the first two (2) weeks (Wisconsin FMLA) of the otherwise unpaid twelve (12) week leave. After the first two (2) weeks, the City requires that any vacation, personal day(s), or sick leave be substituted for the remaining leave period. The employee would also have the option, at their discretion, to use floating holiday, banked

holidays or compensatory time, in accordance with policy or collective bargaining agreements. The choice of the particular paid benefit to be used may be made by the employee; however, as one paid benefit is exhausted another will be substituted until all paid benefits are exhausted or leave terminates, whichever is first. The City will assign the form of paid leave in the absence of the employee's selection.

- D. FMLA Under Worker's Compensation: A serious health condition may arise from a work--related injury and employee medical/illness leave may run concurrently with such worker's compensation absence. If the worker's compensation injury extends beyond the twelve (12) weeks entitlement for employee medical/illness leave, the employee shall be eligible for workers compensation provided under State Statutes or as otherwise applicable under the labor agreement.
- E. Use of Paid Leave: Use of paid sick leave, vacation, floating holidays, banked holidays, personal days, workers compensation benefits or compensatory time by an employee for a serious health condition will be deemed to be concurrent use of medical leave under both the State and Federal FMLA acts.
- F. Scheduling Employee Medical/Illness Leave. An employee may schedule medical/illness leave as medically necessary.
1. If an employee intends to take medical/illness leave for a planned medical treatment or supervision, the employee must:
    - a. Give the City fourteen (14) days advance written notice of the intent to take such leave and the reason for the needed leave. The notice must identify the planned dates of the leave.     - c. Provide medical certification as required.
  2. When medically necessary, an employee may take employee medical/illness leave as partial absence or intermittent leave from employment in increments of not less than one-half (1/2) hour and so as to not unduly disrupt the operations of the City. To comply with this requirement, an employee must provide to the City, in writing, the employees proposed schedule of partial absence or intermittent leave with reasonable promptness after the employee learns of the probable necessity of such leave. If leave in increments of less than one-half (1/2) hour is medically necessary, the employee will provide appropriate medical certification of the necessity. If partial absences or intermittent leave is taken while on state FMLA, the employee may be temporarily transferred to an alternative position that better accommodates recurring periods of leave, however it shall be with the employee's approval. Once state FMLA is exhausted, the employer may require a temporary transfer to another position while leave is under the federal FMLA.

## V. MEDICAL CERTIFICATE

- A. Certification of Health Care Provider form: The employee may be required to complete a Certification of Health Care Provider form when an employee requests family medical/illness leave or employee medical/illness leave under this policy or the employer determines such medical information is necessary to determine whether a leave request qualifies as an FMLA leave. This form must be completed by the employee and the health care provider treating the family member or employee. An employee must provide the certification **within fifteen (15) calendar days** following notification of this requirement, unless it is not practicable under the circumstances despite the employee's good faith efforts.
- B. Incomplete Certification: If requirements for certification are not completed, Human Resources may delay or deny family medical/illness leave or employee medical/illness leave. The employee will be notified if a certification is incomplete or insufficient and be given 7 calendar days to cure the deficiency. If the deficiencies are not corrected, the City may deny the request for leave.
- C. Additional Certification: Human Resources staff may contact the health care provider for all information necessary to authenticate or clarify insufficient medical certification. The City may request a second health care provider opinion at the expense of the City. If the second opinion differs from the initial certification, a third opinion may be obtained at the expense of the City from a mutually (employer/employee) agreed upon health care provider.
1. Human Resources may request subsequent recertification on a reasonable basis. For chronic conditions lasting for an extended period of time (i.e. one year, "unknown," "indefinite," or "lifetime"), Human Resources may request to obtain recertification every 6 months.
- D. If an employee does not apply for FMLA and his or her leave usage appears to qualify for FMLA, the City shall notify the employee in writing that the leave will be classified as FMLA leave, and run the benefits concurrently.

## VI. INSURANCE AND BENEFITS

While an employee is on birth, foster care placement, or adoption leave; family medical/illness leave; employee medical/illness leave:

- A. The City will maintain group health insurance coverage under the same conditions that are in effect for active employees.

The City's obligation to maintain health benefits will stop if and when an employee informs the City of an intent not to return to work at the end of the leave period, if the employee fails to return to work when leave entitlement is used up, or if the employee fails to make any required payments while on leave.

It is the employee responsibility to pay the employee portion of any benefits which they are currently enrolled in to maintain coverage. Failure to do so will cause termination of applicable benefit.

If the employee does not return to work after the leave entitlement has been exhausted, and does not qualify for continuing disability insurance, the City has the right to recover from

him/her any applicable benefit premiums (i.e., life insurance, ICI, Section #125) the City paid during the period of unpaid leave.

B. The employee will continue to accrue employment benefits if paid leave is substituted.

## VII. RETURN FROM LEAVE

- A. An employee returning from employee medical/ illness leave may be required to return the Fitness For Duty Certification before being allowed to return to work. If the Fitness For Duty Certificate is not provided, the employee's return to work may be delayed or denied.
- B. An employee returning from leave as provided under this policy can return to his or her position if vacant at the time the employee returns to work. If the position is no longer vacant, the employee shall be offered an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
- C. An employee may return to work prior to the scheduled end of the leave. An employee may be required to notify the Human Resources Department two (2) days prior to the desired return date. If the leave was for the employee's own serious health condition, a medical release may be required by the City prior to the employee's return. An employee shall be returned to his or her prior position or an equivalent position within a reasonable time after the request to return to work early is made.

## VIII. OTHER ADMINISTRATIVE PROCEDURES

With the concurrence of the Human Resources Department, City departments may adopt additional administrative rules and procedures related to administration of the Family and Medical Leave Acts, in order to address unique operational circumstances within the department. Department rules and procedures may not contravene the provisions of either the federal or state FMLA Acts.

## IX. FAILURE TO MEET POLICY REQUIREMENTS

# FAMILY AND MEDICAL LEAVE POLICY - MILITARY

A leave of absence for a qualifying exigency or a family member medical illness of covered servicemember that is determined to be a serious illness or injury is available to employees as specified below. The intent of this policy is to comply with the Federal Family and Medical Leave Act. Should this policy conflict in any way with the applicable Federal regulations, the regulations shall control. In addition, the employer-provided leaves of absence will run concurrently, and are not to be taken in addition to, the statutory leaves provided for under the Wisconsin and Federal Acts. All or part of this leave may be paid in certain instances. Use of authorized leave in conformance with this policy will not provide the basis for any adverse employment decision with respect to any employee, including decisions related to compensation or discipline. Employees must follow the same sick leave call-in procedures to be eligible for FMLA-Military.

For purposes of ease and understanding, this Family and Medical Leave policy is divided into two sections as follows:

## HIPAA PRIVACY POLICY

### Introduction

City of La Crosse (the “Employer”) sponsors the following group health plans:

- City of La Crosse Self-Funded Medical Benefit Plan (Two networks administered by Gundersen Lutheran Health Plan & Custom Benefit Administrators)
  
- City of La Crosse Section 125 Cafeteria Plan

Under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) these plans are considered to be “covered entities.” For purposes of this Privacy Policy, the plans listed above are referred to collectively and singularly as the “Plan.” Members of the Employer’s workforce may have access to the individually identifiable health information of Plan participants (1) on behalf of the Plan; or (2) on behalf of the Employer, for administrative functions of the Plan.

HIPAA as amended by the Health Information Technology for Economic and Clinical Health (HITECH) Act and its implementing regulations restrict the Employer’ ability to use and disclose protected health information (PHI).

*Protected Health Information.* Protected health information means information that is created or received by the Plan and relates to the past, present, or future physical or mental health or condition of a participant; the provision of health care to a participant; or the past, present, or future payment for the provision of health care to a participant; and that identifies the participant or for which there is a reasonable basis to believe the information can be used to identify the participant. Protected health information includes information of persons living or deceased.

It is the Employer’s policy to comply fully with HIPAA’s requirements for the privacy of PHI. To that end, all members of the Employer’s workforce who have access to PHI must comply with this Privacy Policy. For purposes of this Policy and the Employer’s more detailed use and disclosure procedures, the Employer’s workforce includes individuals who would be considered part of the workforce under HIPAA such as employees, volunteers, trainees, and other persons whose work performance is under the direct control of the Employer, whether or not they are paid by the Employer. The term “employee” includes all of these types of workers.

No third party rights (including but not limited to rights of Plan participants, beneficiaries, covered dependents, or business associates) are intended to be created by this Policy. The Employer reserves the right to amend or change this Policy at any time (and even retroactively) without notice. To the extent this Policy establishes requirements and obligations above and beyond those required by HIPAA, the Policy shall be aspirational and shall not be binding upon the Employer. This Policy does not address requirements under other federal laws or under state laws.

*Hybrid Entity.* In accordance with the HIPAA privacy regulations, the City of La Crosse has designated the City as a Hybrid Entity. Given this designation, employment records and other City records other than those related to the covered Health Plan will not be considered to be PHI, subject to HIPAA

requirements, unless specifically required by law. The Hybrid Election Form states the following records are not subject to the HIPAA privacy regulations: information obtained to determine an individual's suitability to perform his/her job duties (such as physical examination reports) fit for duty exams, drug and alcohol tests obtained in the course of employment, doctor's excuses provided in accordance with the City of La Crosse's attendance policy, work-related injury and occupational exposures reports and medical and laboratory reports related to such injuries or exposures, including information necessary to determine worker's compensation coverage. Notwithstanding the fact that the preceding records are not subject to the HIPAA privacy regulations, it is the policy of the City of La Crosse to limit the use and disclosure of non-covered medical records only to those individuals who have a need to access them.

The Privacy Official is responsible for ensuring that the Plan complies with the provisions of the HIPAA privacy rules regarding business associates, including the requirement that the Plan have a HIPAA-compliant Business Associate Agreement in place with all business associates. The Privacy Official shall also be responsible for monitoring compliance by all business associates with the HIPAA privacy rules and this Privacy Policy.

It is the Employer's policy to train all members of its workforce on its privacy policies and procedures. The Privacy Official is charged with developing training schedules and programs so that all workforce members receive the training necessary and appropriate to permit them to carry out their functions within the Plan in compliance with HIPAA.

#### **III. Administrative, Technical and Physical Safeguards and Firewall**

HIPAA's requirements. Administrative safeguards include implementing procedures for use and disclosure of PHI. Technical safeguards include limiting access to information by creating computer firewalls. Physical safeguards include locking doors or filing cabinets.

- the uses and disclosures of PHI that may be made by the Plan;
- the individual's rights under the HIPAA privacy rules;
- the Plan's legal duties with respect to the PHI; and
- other information as required by the HIPAA privacy rules.

The privacy notice will inform participants that the Employer will have access to PHI in connection with its plan administrative functions. The privacy notice will also provide a description of the Employer's complaint procedures, the name and telephone number of the contact person for further information, and the date of the notice.

The notice of privacy practices will be individually delivered to all participants:

- no later than November 1<sup>st</sup>;
- on an ongoing basis, at the time of an individual's enrollment in the Plan or, in the case of providers, at the time of treatment and consent; and
- within 60 days after a material change to the notice.

The Plan will also provide notice of availability of the privacy notice (or a copy of the privacy notice) at least once every three years in compliance with the HIPAA privacy regulations.

#### **V. Complaints**

The Privacy Officer will be the Plan's contact person for receiving complaints.

The Privacy Official is responsible for creating a process for individuals to lodge complaints about the Plan's privacy procedures and for creating a system for handling such complaints. A copy of the complaint procedure shall be provided to any participant upon request.

#### **VI. Sanctions for Violations of Privacy Policy**

Sanctions for using or disclosing PHI in violation of HIPAA or this HIPAA Privacy Policy will be imposed in accordance with the Employer's discipline policy, up to and including termination.

## **VII. Mitigation of Inadvertent Disclosures of Protected Health Information**

The Plan shall mitigate, to the extent possible, any harmful effects that become known to it of a use or disclosure of an individual's PHI in violation of HIPAA or the policies and procedures set forth in this Policy. As a result, if an employee becomes aware of a disclosure of protected health information, either by an employee or a business associate the employee or the business associate, that is not in compliance with this policy or HIPAA, the employee should immediately contact the Privacy Officer so that the appropriate steps to mitigate the harm to the participant can be taken.

## **VIII. No Intimidating or Retaliatory Acts; No Waiver of HIPAA Privacy**

No employee may intimidate, threaten, coerce, discriminate against, or take other retaliatory action against individuals for exercising their rights, filing a complaint, participating in an investigation, or opposing any improper practice under HIPAA.

No individual shall be required to waive his or her privacy rights under HIPAA as a condition of treatment, payment, enrollment or eligibility under the Plan.

## **IX. Plan Documents**

Plan documents shall include provisions to describe the permitted and required uses and disclosures of PHI by the Employer for plan administrative purposes or other permitted purposes. Specifically, Plan documents shall require the Employer to:

- not use or further disclose PHI other than as permitted by the Plan documents or as required by law;
- ensure that any agents or subcontractors to whom it provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Employer;
- not use or disclose PHI for employment-related actions or in connection with any other employee benefit plan;
- report to the privacy Officer any use or disclosure of the information that is inconsistent with the permitted use or disclosure and, if necessary, report such use or disclosure to the Department of Health and Human Services (HHS), as required by HITECH;
- make PHI available to Plan participants, consider their amendments and, upon request, provide them with an accounting of PHI disclosures in accordance with HIPAA privacy rules;
- make the Employer's internal practices and records relating to the use and disclosure of PHI received from the Plan available to HHS upon request; and
- if feasible, return or destroy all PHI received from the Plan that the Employer still maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further

uses and disclosures to those purposes that make the return or destruction of the information infeasible.

The Plan documents must also require the Employer to (1) certify to the Privacy Official that the Plan documents have been amended to include the above restrictions and that the Employer agree to those restrictions; and (2) provide adequate firewalls in compliance with the HIPAA privacy rules.

## **X. Documentation**

The Plan's privacy policies and procedures shall be documented and maintained for at least six years from the date last in effect. Policies and procedures must be changed as necessary or appropriate to comply with changes in the law, standards, requirements and implementation specifications (including changes and modifications in regulations). Any changes to policies or procedures must promptly be documented.

The Plan shall document certain events and actions (including authorizations, requests for information, sanctions, and complaints) relating to an individual's privacy rights.

If a change in law impacts the privacy notice, the privacy policy must promptly be revised and made available. Such change is effective only with respect to PHI created or received after the effective date of the notice.

The documentation of any policies and procedures, actions, activities and designations may be maintained in either written or electronic form. The Plan must maintain such documentation for at least six years.

## **Policies on Use and Disclosure of PHI**

### **I. Use and Disclosure Defined**

The Employer and the Plan will use and disclose PHI only as permitted under HIPAA. The terms "use" and "disclosure" are defined as follows:

- *Use.* The sharing, employment, application, utilization, examination, or analysis of individually identifiable health information by any person working for or within the benefits department of the Employer, or by a Business Associate (defined below) of the Plan.
- *Disclosure.* For information that is PHI, disclosure means any release, transfer, provision of access to, or divulging in any other manner of individually identifiable health information to persons not employed by or working within the Human Resources Department of the Employer, or not a Business Associate (defined below) of the Plan.

### **II. Workforce Must Comply With Plan's Policy and Procedures**

All members of the Employer's workforce (described at the beginning of this Policy and referred to herein as "employees") who has access to Plan PHI must comply with this Policy and with the Plan's more detailed use and disclosure procedures, which are set forth in a separate document.

### **III. Access to PHI Is Limited to Certain Employees**

The following employees (“employees with access”) have access to PHI:

- Any employee who performs functions directly on behalf of the Plan; and
- Department of Human Resources who has access to PHI on behalf of the Business Associate for its use in “plan administrative functions” of the covered entities.

The same employees may be named or described in both of these two categories. These employees with access may use and disclose PHI for plan administrative functions, and they may disclose PHI to other employees with access for plan administrative functions (but the PHI disclosed must be limited to the minimum amount necessary to perform the plan administrative function). Employees with access may not disclose PHI to employees (other than employees with access) unless an authorization is in place or the disclosure otherwise is in compliance with this Policy and any associated procedures.

### **IV. Permitted Uses and Disclosures for Plan Administration Purposes**

The Plan may disclose to the Employer for its use the following: (a) de-identified health information relating to plan participants; (b) Plan enrollment information; (c) summary health information for the purposes of obtaining premium bids for providing health insurance coverage under the Plan or for modifying, amending, or terminating the Plan; or (d) PHI pursuant to an authorization from the individual whose PHI is disclosed.

The Plan may disclose PHI to the following employees who have access to use and disclose PHI to perform functions on behalf of the Plan or to perform plan administrative functions (“employees with access”):

- Any employee who performs functions directly on behalf of the Plan; and
- Any other employee who has access to PHI on behalf of the Employer for its use in “plan administrative functions.”

The same employees may be named or described in both of these two categories. These employees with access may use and disclose PHI for plan administrative functions, and they may disclose PHI to other employees with access for plan administrative functions (but the PHI disclosed must be limited to the minimum amount necessary to perform the plan administrative function). Employees with access may not disclose PHI to employees (other than employees with access) unless an authorization is in place or the disclosure otherwise is in compliance with this Policy and the more detailed use and disclosure procedures.

### **V. Permitted Uses and Disclosures: Payment and Health Care Operations**

The Plan may disclose to the Employer for the Plan’s own payment purposes, and PHI may be disclosed to another covered entity for the payment purposes of that covered entity.

*Payment.* Payment includes activities undertaken to obtain Plan contributions or to determine or fulfill the Plan's responsibility for provision of benefits under the Plan, or to obtain or provide reimbursement for health care. Payment also includes:

- eligibility and coverage determinations including coordination of benefits and adjudication or subrogation of health benefit claims;
- risk adjusting based on enrollee status and demographic characteristics;
- billing, claims management, collection activities, obtaining payment under a contract for reinsurance (including stop-loss insurance and excess loss insurance) and related health care data processing; and
- any other payment activity permitted by the HIPAA privacy regulations.

PHI may be disclosed for purposes of the Plan's own health care operations. PHI may be disclosed to another covered entity for purposes of the other covered entity's quality assessment and improvement, case management, or health care fraud and abuse detection programs, if the other covered entity has (or had) a relationship with the participant and the PHI requested pertains to that relationship.

*Health Care Operations.* Health care operations means any of the following activities to the extent that they are related to Plan administration:

- conducting quality assessment and improvement activities;
- reviewing health plan performance;
- underwriting and premium rating;
- conducting or arranging for medical review, legal services and auditing functions;
- business planning and development; and
- business management and general administrative activities; and
- any other payment activity permitted by the HIPAA privacy regulations.

## **VI. No Disclosure of PHI for Non-Health Plan Purposes**

PHI may not be used or disclosed for the payment or operations of the Employer's "non-health" benefits (e.g., disability, workers' compensation, life insurance, etc.), unless the participant has provided an authorization for such use or disclosure (as discussed in "Disclosures Pursuant to an Authorization") or such use or disclosure is required by applicable state law and particular requirements under HIPAA are met.

## **VII. Mandatory Disclosures of PHI: to Individual and HHS**

A participant's PHI must be disclosed as required by HIPAA in three situations:

- The disclosure is to the individual who is the subject of the information (see the policy for "Access to Protected Information and Request for Amendment" that follows);

- The disclosure is required by law, or
- The disclosure is made to HHS for purposes of enforcing of HIPAA.

### **VIII. Other Permitted Disclosures of PHI**

PHI may be disclosed in the following situations without a participant’s authorization, when specific requirements are satisfied. The requirements include prior approval of the Employer’s Privacy Official. Permitted are disclosures—

- about victims of abuse, neglect or domestic violence;
- for treatment purposes;
- for judicial and administrative proceedings;
- for law enforcement purposes;
- for public health activities;
- for health oversight activities;
- about decedents;
- for cadaveric organ, eye or tissue donation purposes;
- for certain limited research purposes;
- to avert a serious threat to health or safety;
- for specialized government functions; and
- that relate to workers’ compensation programs.

### **IX. Disclosures of PHI Pursuant to an Authorization**

PHI may be disclosed for any purpose if an authorization that satisfies all of HIPAA’s requirements for a valid authorization is provided by the participant. All uses and disclosures made pursuant to a signed authorization must be consistent with the terms and conditions of the authorization.

### **X. Complying With the “Minimum-Necessary” Standard**

HIPAA requires that when PHI is used or disclosed, the amount disclosed generally must be limited to the “minimum necessary” to accomplish the purpose of the use or disclosure.

The “minimum-necessary” standard does not apply to any of the following:

- uses or disclosures made to the individual;
- uses or disclosures made pursuant to a valid authorization;
- disclosures made to HHS;
- uses or disclosures required by law; and
- uses or disclosures required to comply with HIPAA.

*Minimum Necessary When Disclosing PHI.* The Plan, when disclosing PHI subject to the minimum necessary standard, shall take reasonable and appropriate steps to ensure that only the minimum amount of PHI that is necessary for the requestor is disclosed. More details on the requirements are found in the Plan's Privacy Use and Disclosure Procedures. All disclosures not discussed in the Plan's Privacy Use and Disclosure Procedures must be reviewed on an individual basis with the Privacy Official to ensure that the amount of information disclosed is the minimum necessary to accomplish the purpose of the disclosure.

*Minimum Necessary When Requesting PHI.* The Plan, when requesting PHI subject to the minimum-necessary standard, shall take reasonable and appropriate steps to ensure that only the minimum amount of PHI necessary for the Plan is requested. More details on the requirements are found in the Plan's Privacy Use and Disclosure Procedures. All requests not discussed in the Plan's Privacy Use and Disclosure Procedures must be reviewed on an individual basis with the Privacy Official to ensure that the amount of information requested is the minimum necessary to accomplish the purpose of the disclosure.

## **XI. Disclosures of PHI to Business Associates**

Employees may disclose PHI to the Plan's business associates and allow the Plan's business associates to create or receive PHI on its behalf. However, prior to doing so, the Plan must first obtain assurances from the business associate that it will appropriately safeguard the information. Before sharing PHI with outside consultants or contractors who meet the definition of a "business associate," employees must contact the Privacy Official and verify that a business associate contract is in place.

*Business Associate* is an entity that:

- performs or assists in performing a Plan function or activity involving the use and disclosure of protected health information (including claims processing or administration, data analysis, underwriting, etc.); or
- provides legal, accounting, actuarial, consulting, data aggregation, management, accreditation, or financial services, where the performance of such services involves giving the service provider access to PHI.

## **XII. Disclosures of De-Identified Information**

The Plan may freely use and disclose de-identified information in accordance with HIPAA privacy regulations. De-identified information is health information that does not identify an individual and with respect to which there is no reasonable basis to believe that the information can be used to identify an individual. There are two ways a business associate can determine that information is de-identified: either by professional statistical analysis, or by removing specific identifiers.

## **XIII. Physical Access Controls/Guidelines to Guard PHI**

The Employer will maintain strict physical access controls to its information systems at all times and under all conditions. This includes the physical security of electronic and paper data.

The Employer will terminate access to information systems and other sources of PHI, including access to rooms or buildings where PHI is located, when an employee, agent or contractor ends his/her employment or engagement. The Employer will terminate access to specific types of PHI when the status of any member of the workforce no longer requires access to those types of information.

**Cleaning personnel:**

Cleaning personnel do not need PHI to accomplish their work. Whenever reasonably possible, PHI will be placed in locked containers, cabinets or rooms before cleaning personnel enter an area. When it is not reasonably possible to lock up PHI, it must be removed from sight before cleaning personnel enter an area and a supervisor must be present.

**Computer Screens:**

Computer screens at each workstation must be positioned so that only authorized users at that workstation can read the display. When screens cannot be relocated, filters, hoods, or other devices may be employed. Computer displays will be configured to go blank, or to display a screen saver, when left unattended for more than a brief period of time. The period of time will be determined by the Compliance Official. Wherever practicable, reverting from the screen saver to the display of data will require a password. Computer screens left unattended for longer periods of time will log off the user. The period of time will be determined by the Privacy Official.

**Compliance Official:**

Director of Information Systems & Technology  
City of La Crosse  
400 La Crosse Street  
La Crosse, WI 54601  
(608) 789-8225

**Conversations:**

Conversations concerning individual care or other PHI must be conducted in a way that reduces the likelihood of being overheard by others. Wherever reasonably possible, barriers will be used to reduce the opportunity for conversations to be overheard.

**Copying medical records and other PHI:**

When PHI is copied, only the information that is necessary to accomplish the purpose for which the copy is being made, may be copied. This may require that part of a page be masked.

**Desks and countertops:**

Provider reports and other documents which may display identifiers and other “keys” to information should be placed face down on counters, desks, and other places where individuals or visitors can see them. Wherever it is reasonably possible to do so, medical reports and other documents containing PHI

will not be left on desks and countertops after business hours. Supervisors will take reasonable steps to provide all work areas where PHI is used in paper form with lockable storage bins, lockable desk drawers or other means to secure PHI during periods when the area is left unattended. In areas where locked storage after hours cannot reasonably be accomplished, PHI must be kept out of sight. A supervisor must be present whenever someone who is not authorized to have access to that data is in the area.

**Disposal of paper with PHI:**

Paper documents containing PHI must be shredded when no longer needed. If retained for a commercial shredder, they must be kept in a locked bin.

**Home office:**

Any member of the workforce who is authorized to work from a home office must assure that the home office complies with all applicable policies and procedures regarding the security and privacy of PHI, including these guidelines.

**Key policy:**

The Privacy Official will develop a list of which personnel, by job title, may have access to which keys. This includes keys to storage cabinets, storage rooms and buildings. All keys must be signed out. Keys must be surrendered upon termination of employment. The Privacy Official will ensure that locks are changed whenever there is evidence that a key is no longer under the control of an authorized member of the workforce, and its loss presents a security threat that justifies the expense.

**Personal digital assistants (PDAs):**

The privacy and security policies apply to any PHI that is stored on a PDA or laptop. Users of PDAs and laptops are responsible for assuring that the PHI on their devices is kept secure and private. Any loss or theft of a PDA or laptop thought to contain PHI must be reported to the Compliance Official immediately. Users of PDAs who store PHI on their devices will receive special training in the risks of this practice, and measures that they can take to reduce the risks (such as use of passwords).

**Printers and Fax Machines:**

Printers and fax machines must be located in secure areas, where only authorized members of the workforce can have access to documents being printed.

**Records carried from one building to another:**

When PHI is carried from one building to another, it must be signed out and signed in. When a member of the workforce is transporting PHI from one building to another, it may not be left unattended unless it is in a locked vehicle, in an opaque, locked container. Locking the vehicle alone is not sufficient.

**Record Storage:**

Areas where records and other documents that contain PHI are stored must be secure. Wherever reasonably possible, the PHI will be stored in locking cabinets. Where locking cabinets are not available, the storage area must be locked when no member of the workforce is present to observe who enters and leaves and no unauthorized personnel may be left alone in such areas without supervision.

### **Workforce Vigilance:**

All members of the workforce are responsible for watching for unauthorized use or disclosure of PHI, to act to prevent the action, and to report suspected breaches of privacy and security policies to their supervisor, or to the Privacy Official (example of a breach: individual or visitor looking through PHI left on a counter).

### **Visitors:**

Visitors to areas where PHI is being used must be accompanied by a member of the Employer's workforce.

## **XIV. Breach Notification Requirements**

The Plan will comply with the requirements of the HITECH Act and its implementing regulations to provide notification to affected individuals, HHS, and the media (when required) if the Plan or one of its business associates discovers a breach of unsecured PHI.

## **Policies on Individual Rights**

### **I. Access to PHI and Requests for Amendment**

HIPAA gives participants the right to access and obtain copies of their PHI that the Plan (or its business associates) maintains in designated record sets. HIPAA also provides that participants may request to have their PHI amended. The Plan will provide access to PHI and it will consider requests for amendment that are submitted in writing by participants.

*Designated Record Set* is a group of records maintained by or for the Plan that includes:

- the enrollment, payment, and claims adjudication record of an individual maintained by or for the Plan; or
- other PHI used, in whole or in part, by or for the Plan to make coverage decisions about an individual.

### **II. Accounting**

An individual has the right to obtain an accounting of certain disclosures of his or her own PHI. This right to an accounting extends to disclosures made in the last six years, other than disclosures:

- to carry out treatment, payment or health care operations;

- to individuals about their own PHI;
- incident to an otherwise permitted use or disclosure;
- pursuant to an authorization;
- to persons involved in the patient's care or other notification purposes;
- to correctional institutions or law enforcement when the disclosure was permitted without authorization;
- as part of a limited data set;
- for specific national security or law enforcement purposes; or
- disclosures that occurred prior to the compliance date.

The Plan shall respond to an accounting request within 60 days. If the Plan is unable to provide the accounting within 60 days, it may extend the period by 30 days, provided that it gives the participant notice (including the reason for the delay and the date the information will be provided) within the original 60-day period.

The accounting must include the date of the disclosure, the name of the receiving party, a brief description of the information disclosed, and a brief statement of the purpose of the disclosure (or a copy of the written request for disclosure, if any). If a brief purpose statement is included in the accounting, it must be sufficient to reasonably inform the individual of the basis of the disclosure.

The first accounting in any 12-month period shall be provided free of charge. The Privacy Official may impose reasonable production and mailing costs for subsequent accountings.

### **III. Requests for Alternative Communication Means or Locations**

Participants may request to receive communications regarding their PHI by alternative means or at alternative locations. For example, participants may ask to be called only at work rather than at home. Such requests may be honored if, in the sole discretion of the Employer, the requests are reasonable.

However, the Employer shall accommodate such a request if the participant clearly provides information that the disclosure of all or part of that information could endanger the participant. The Privacy Official has responsibility for administering requests for confidential communications.

### **IV. Requests for Restrictions on Uses and Disclosures of Protected Health Information**

A participant may request restrictions on the use and disclosure of the participant's PHI. It is the Plan's policy to attempt to honor such requests if, in the sole discretion of the Employer, the requests are reasonable. The Plan is charged with responsibility for administering requests for restrictions and shall communicate any restrictions to the Privacy Official.

## **HIPAA PRIVACY USE AND DISCLOSURE PROCEDURES**

### **Introduction**

City of La Crosse (the "Employer") sponsors the following health plans:

- City of La Crosse Self-Funded Medical Benefit Plan (Two networks administered by Gundersen Lutheran Health Plan & Custom Benefit Administrators)
- City of La Crosse Section 125 Cafeteria Plan

For purposes of these procedures the plans listed above are referred to collectively and singularly as the "Plan." Members of the Employer's workforce may have access to the individually identifiable health information of Plan participants (1) on behalf of the Plan itself; or (2) on behalf of the Employer, for administrative functions of the Plan.

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its implementing regulations restrict the Employer's ability to use and disclose protected health information (PHI).

**Protected Health Information.** Protected health information means information that is created or received by the Plan and relates to the past, present, or future physical or mental health or condition of a participant; the provision of health care to a participant; or the past, present, or future payment for the provision of health care to a participant; and that identifies the participant or for which there is a reasonable basis to believe the information can be used to identify the participant. Protected health information includes information of persons living or deceased.

It is the Employer's policy to comply fully with HIPAA's requirements. To that end, all members of the Employer's workforce who have access to PHI must comply with these Use and Disclosure Procedures. For purposes of these Use and Disclosure Procedures and the Employer's separate privacy policy, the Employer's workforce includes individuals who would be considered part of the workforce under HIPAA such as employees, volunteers, trainees, and other persons whose work performance is under the direct control of the Employer, whether or not they are paid by the Employer. The term "employee" includes all of these types of workers.

No third party rights (including but not limited to rights of Plan participants, beneficiaries, covered dependents, or business associates) are intended to be created by these Use and Disclosure Procedures. The Employer reserves the right to amend or change these Use and Disclosure Procedures at any time (and even retroactively) without notice. To the extent these Use and Disclosure Procedures establish requirements and obligations above and beyond those required by HIPAA, these Use and Disclosure Procedures shall be aspirational and shall not be binding upon the Employer. These Use and Disclosure Procedures do not address requirements under other federal laws or under state laws.

### **Procedures for Use and Disclosure of PHI**

#### **I. Use and Disclosure Defined**

The Employer and the Plan will use and disclose PHI only as permitted under HIPAA. The terms "use" and "disclosure" are defined as follows:

- **Use.** The sharing, employment, application, utilization, examination, or analysis of individually identifiable health information by any person working for or within the human resources

department of the Employer, or by a Business Associate (defined below) of the Plan.

- Disclosure. For information that is PHI, disclosure means any release, transfer, provision of access to, or divulging in any other manner of individually identifiable health information to persons not employed by or working within the human resources department of the location(s) of the Employer.

## **II. Workforce Must Comply With Employer's Policy and Procedures**

All members of the Employer's workforce (described at the beginning of these Use and Disclosure Procedures and referred to herein as "employees") must comply with these Use and Disclosure Procedures and the Employer's separate privacy policy.

## **III. Access to PHI Is Limited to Certain Employees**

The following employees ("employees with access") have access to PHI:

- Those employees who perform functions directly on behalf of the Plan, and
- Any other employee who has access to PHI on behalf of the Employer for its use in "plan administrative functions".

These employees with access may use and disclose PHI for plan administrative functions, and they may disclose PHI to other employees with access for plan administrative functions (but the PHI disclosed must be limited to the minimum amount necessary to perform the plan administrative function). Employees with access may not disclose PHI to employees (other than employees with access) except in accordance with these Use and Disclosure Procedures.

## **IV. Permitted Uses and Disclosures of PHI: Payment and Health Care Operations**

### **Definitions**

Payment. Payment includes activities undertaken to obtain Plan contributions or to determine or fulfill the Plan's responsibility for provision of benefits under the Plan, or to obtain or provide reimbursement for health care. Payment also includes:

- eligibility and coverage determinations including coordination of benefits and adjudication or subrogation of health benefit claims;
- risk adjusting based on enrollee status and demographic characteristics; and
- billing, claims management, collection activities, obtaining payment under a contract for reinsurance (including stop-loss insurance and excess loss insurance) and related health care data processing.

Health Care Operations. Health care operations means any of the following activities to the extent that they are related to Plan administration:

- conducting quality assessment and improvement activities;

- reviewing health plan performance;
- underwriting and premium rating;
- conducting or arranging for medical review, legal services and auditing functions;
- business planning and development; and
- business management and general administrative activities.

## Procedure

- Uses and Disclosures for Plan's Own Payment Activities or Health Care Operations. An employee may use and disclose a Plan participant's PHI to perform the Plan's own payment activities or health care operations.
- Disclosures must comply with the "Minimum-Necessary" Standard. (Under that procedure, if the disclosure is not recurring, the disclosure must be approved by the Privacy Official.)
- Disclosures must be documented in accordance with the procedure for "Documentation Requirements."
- Disclosures for Another Entity's Payment Activities. An employee may disclose a Plan participant's PHI to another covered entity or health care provider to perform the other entity's payment activities. These disclosures will be made according to procedures developed by the Privacy Official.
- Disclosures for Certain Health Care Operations of the Receiving Entity. An employee may disclose PHI for purposes of the other covered entity's quality assessment and improvement, case management, or health care fraud and abuse detection programs, if the other covered entity has (or had) a relationship with the individual and the PHI requested pertains to that relationship. Such disclosures are made according to procedures developed by the Privacy Official.
- The disclosure must be approved by the Privacy Official.
- Use or Disclosure for Purposes of Non-Health Benefits. Unless an authorization from the individual (as discussed in "Disclosures Pursuant to an Authorization") has been received, an employee may not use a participant's PHI for the payment or operations of the Employer's "non-health" benefits (e.g., disability, worker's compensation, and life insurance). If an employee requires a participant's PHI for the payment or health care operations of non-Plan benefits, follow the steps provided by the Privacy Official.
- Obtain an Authorization. First, contact the Privacy Official to determine whether an authorization for this type of use or disclosure is on file. If no form is on file, request an appropriate form from the Privacy Official. **Employees shall not attempt to draft authorization forms.** All authorizations for use or disclosure for non-Plan purposes must be on a form provided by (or approved by) the Privacy Official.
- Questions? Any employee who is unsure as to whether a task he or she is asked to perform qualifies as a payment activity or a health care operation of the Plan should contact the Privacy Official or his or her designated representative.

## **V. Mandatory Disclosures of PHI: to Individuals and HHS**

### **Procedure**

- Request From Individual. Upon receiving a request from an individual (or an individual's representative) for disclosure of the individual's own PHI, the employee must follow the procedure for "Disclosures to Individuals Under Right to Access Own PHI."
- Request From HHS. Upon receiving a request from a HHS official for disclosure of PHI, the employee must take the steps established by the Privacy Official.
- Follow the procedures for verifying the identity of a public official set forth in "Verification of Identity of Those Requesting Protected Health Information."
- Disclosures must be documented in accordance with the procedure for "Documentation Requirements."

## **VI. Permissive Disclosures of PHI: for Legal and Public Policy Purpose**

### **Procedure**

- Disclosures for Legal or Public Policy Purposes. An employee who receives a request for disclosure of an individual's PHI that appears to fall within one of the categories described below under "Legal and Public Policy Disclosures Covered" must contact the Privacy Official. Disclosures may be made according to procedures established by the Privacy Official.
- The disclosure must be approved by the Privacy Official.
- Disclosures must comply with the "Minimum-Necessary Standard."
- Disclosures must be documented in accordance with the procedure for "Documentation Requirements."

### **Legal and Public Policy Disclosures Covered**

- Disclosures about victims of abuse, neglect or domestic violence, if the following conditions are met:
  - The individual agrees with the disclosure; or
  - The disclosure is expressly authorized by statute or regulation and the disclosure prevents harm to the individual (or other victim) or the individual is incapacitated and unable to agree and information will not be used against the individual and is necessary for an imminent enforcement activity. In this case, the individual must be promptly informed of the disclosure unless this would place the individual at risk or if informing would involve a personal representative who is believed to be responsible for the abuse, neglect or violence.
- For Judicial and Administrative Proceedings, in response to:

- An order of a court or administrative tribunal (disclosure must be limited to PHI expressly authorized by the order); and
  - A subpoena, discovery request or other lawful process, not accompanied by a court order or administrative tribunal, upon receipt of assurances that the individual has been given notice of the request, or that the party seeking the information has made reasonable efforts to receive a qualified protective order.
- To a Law Enforcement Official for Law Enforcement Purposes, under the following conditions:
    - Pursuant to a process and as otherwise required by law, but only if the information sought is relevant and material, the request is specific and limited to amounts reasonably necessary, and it is not possible to use de-identified information.
    - Information requested is limited information to identify or locate a suspect, fugitive, material witness or missing person.
    - Information about a suspected victim of a crime (1) if the individual agrees to disclosure; or (2) without agreement from the individual, if the information is not to be used against the victim, if need for information is urgent, and if disclosure is in the best interest of the individual.
    - Information about a deceased individual upon suspicion that the individual's death resulted from criminal conduct.
    - Information that constitutes evidence of criminal conduct that occurred on the Employer's premises.
  - To Appropriate Public Health Authorities for Public Health Activities.
  - To a Health Oversight Agency for Health Oversight Activities, as authorized by law.
  - To a Coroner or Medical Examiner About Decedents, for the purpose of identifying a deceased person, determining the cause of death or other duties as authorized by law.
  - For Cadaveric Organ, Eye or Tissue Donation Purposes, to organ procurement organizations or other entities engaged in the procurement, banking, or transplantation of organs, eyes or tissue for the purpose of facilitating transplantation.
  - For Certain Limited Research Purposes, provided that a waiver of the authorization required by HIPAA has been approved by an appropriate privacy board.
  - To Avert a Serious Threat to Health or Safety, upon a belief in good faith that the use or disclosure is necessary to prevent a serious and imminent threat to the health or safety of a person or the public.
  - For Specialized Government Functions, including disclosures of an inmate's PHI to correctional institutions and disclosures of an individual's PHI to an authorized federal Official for the conduct of national security activities.

- For Workers' Compensation Programs, to the extent necessary to comply with laws relating to workers' compensation or other similar programs.

## **VII. Disclosures of PHI Pursuant to an Authorization**

### **Procedure**

Disclosure Pursuant to Individual Authorization. Any requested disclosure to a third party (i.e., not the individual to whom the PHI pertains) that does not fall within one of the categories for which disclosure is permitted or required under these Use and Disclosure Procedures may be made pursuant to an individual authorization. If disclosure pursuant to an authorization is requested, the following procedures should be followed:

- Follow the procedures for verifying the identity of the individual (or individual's representative) set forth in "Verification of Identity of Those Requesting Protected Health Information."
- Verify that the authorization form is valid. Valid authorization forms are those that:
  - Are properly signed and dated by the individual or the individual's representative;
  - Are not expired or revoked [the expiration date of the authorization form must be a specific date (such as July 1, 2010) or a specific time period (e.g., one year from the date of signature), or an event directly relevant to the individual or the purpose of the use or disclosure (e.g., for the duration of the individual's coverage)];
  - Contain a description of the information to be used or disclosed;
  - Contain the name of the entity or person authorized to use or disclose the PHI;
  - Contain the name of the recipient of the use or disclosure;
  - Contain a statement regarding the individual's right to revoke the authorization and the procedures for revoking authorizations; and
  - Contain a statement regarding the possibility for a subsequent re-disclosure of the information.
- All uses and disclosures made pursuant to an authorization must be consistent with the terms and conditions of the authorization.
- Disclosures must be documented in accordance with the procedure for "Documentation Requirements."

## **VIII. Disclosure of PHI to Business Associates**

### **Definition of Business Associate**

Business Associate is an entity or person who:

- performs or assists in performing a Plan function or activity involving the use and disclosure of PHI (including claims processing or administration; data analysis, underwriting, etc.); or
- provides legal, accounting, actuarial, consulting, data aggregation, management, accreditation, or financial services, where the performance of such services involves giving the service provider access to PHI.

## **Procedure**

Use and Disclosure of PHI by Business Associate. All uses and disclosures by a "business associate" must be made in accordance with a valid business associate agreement. Before providing PHI to a business associate, employees must contact the Privacy Official and verify that a business associate contract is in place.

The following additional procedures must be satisfied:

- Disclosures must be consistent with the terms of the business associate contract.
- Disclosures must comply with the "Minimum-Necessary Standard." (Under that procedure, each recurring disclosure will be subject to a separate policy to address the minimum-necessary requirement, and each non-recurring disclosure must be approved by the Privacy Official.)
- Disclosures must be documented in accordance with the procedure for "Documentation Requirements."

## **IX. Requests for Disclosure of PHI From Spouses, Family Members, and Friends**

The Plan and Employer will not disclose PHI to family or friends of an individual except as required or permitted by HIPAA. Generally, an authorization is required before another party, including spouse, family member or friend, will be able to access PHI.

- If an employee receives a request for disclosure of an individual's PHI from a spouse, family member or personal friend of an individual, and the spouse, family member, or personal friend is either (1) the parent of the individual and the individual is a minor child; or (2) the personal representative of the individual, then follow the procedure for "Verification of Identity of Those Requesting Protected Health Information."
- Once the identity of a parent or personal representative is verified, then follow the procedure for "Request for Individual Access."
- All other requests from spouses, family members, and friends must be authorized by the individual whose PHI is involved. See the procedures for "Disclosures Pursuant to Individual Authorization."

## **X. Disclosures of De-Identified Information**

## **Definition of De-Identified Information**

De-identified information is health information that does not identify an individual and with respect to which there is no reasonable basis to believe that the information can be used to identify an individual. There are two ways a covered entity can determine that information is de-identified: either by professional statistical analysis, or by removing 18 specific identifiers.

## **Procedure**

- Obtain approval from the Privacy Official for the disclosure. The Privacy Official will verify that the information is de-identified.
- The Plan may freely use and disclose de-identified information. De-identified information is not PHI.

## **XI. Verification of Identity of Those Requesting Protected Health Information**

Verifying Identity and Authority of Requesting Party. Employees must take steps to verify the identity of individuals who request access to PHI. They must also verify the authority of any person to have access to PHI, if the identity or authority of such person is not known. Separate procedures are set forth below for verifying the identity and authority, depending on whether the request is made by the individual, a parent seeking access to the PHI of his or her minor child, a personal representative, or a public official seeking access.

- **Request Made by Individual.** When an individual requests access to his or her own PHI, the following steps should be followed:
  - Request a form of identification from the individual. Employees may rely on a valid driver's license, passport or other photo identification issued by a government agency.
  - Verify that the identification matches the identity of the individual requesting access to the PHI. If you have any doubts as to the validity or authenticity of the identification provided or the identity of the individual requesting access to the PHI, contact the Privacy Official.
  - Make a copy of the identification provided by the individual and file it with the individual's designated record set.
  - If the individual requests PHI over the telephone, ask for his or her social Security number.
  - Disclosures must be documented in accordance with the procedure for "Documentation Requirements."
- **Request Made by Parent Seeking PHI of Minor Child.** When a parent requests access to the PHI of the parent's minor child, the following steps should be followed:
  - Seek verification of the person's relationship with the child. Such verification may take the form of confirming enrollment of the child in the parent's plan as a dependent.

- Disclosures must be documented in accordance with the procedure "Documentation Requirements."
- Request Made by Personal Representative. When a personal representative requests access to an individual's PHI, the following steps should be followed:
  - Require a copy of a valid power of attorney or other documentation—requirements may vary state-by-state. If there are any questions about the validity of this document, seek review by the Privacy Official.
  - Make a copy of the documentation provided and file it with the individual's designated record set.
  - Disclosures must be documented in accordance with the procedure for "Documentation Requirements."
- Request Made by Public Official. If a public official requests access to PHI, and if the request is for one of the purposes set forth above in "Mandatory Disclosures of PHI" or "Permissive Disclosures of PHI," the following steps should be followed to verify the official's identity and authority:
  - If the request is made in person, request presentation of an agency identification badge, other official credentials, or other proof of government status. Make a copy of the identification provided and file it with the individual's designated record set.
  - If the request is in writing, verify that the request is on the appropriate government letterhead.
  - If the request is by a person purporting to act on behalf of a public official, request a written statement on appropriate government letterhead that the person is acting under the government's authority or other evidence or documentation of agency, such as a contract for services, memorandum of understanding, or purchase order, that establishes that the person is acting on behalf of the public official.
  - Request a written statement of the legal authority under which the information is requested, or, if a written statement would be impracticable, an oral statement of such legal authority. If the individual's request is made pursuant to legal process, warrant, subpoena, order, or other legal process issued by a grand jury or a judicial or administrative tribunal, contact the Legal Department.
  - Obtain approval for the disclosure from the Privacy Official.
  - Disclosures must be documented in accordance with the procedure for "Documentation Requirements."

## **XII. Complying With the "Minimum-Necessary" Standard**

### **Procedures for Disclosures**

- Identify recurring disclosures. For each recurring disclosure, identify the types of PHI to be disclosed, the types of person who may receive the PHI, the conditions that would apply to such access, and the standards for disclosures to routinely-hired types of business associates. Create a policy for each specific recurring disclosure that limits the amount disclosed to the minimum amount necessary to accomplish the purpose of the disclosure.
- For all other requests for disclosures of PHI, contact the Privacy Official, who will ensure that the amount of information disclosed is the minimum necessary to accomplish the purpose of the disclosure.

### **Procedures for Requests**

- Identify recurring requests. For each recurring request, identify the information that is necessary for the purpose of the requested disclosure and create a policy that limits each request to the minimum amount necessary to accomplish the purpose of the disclosure.
- For all other requests for PHI, contact the Privacy Official, who will ensure the amount of information requested is the minimum necessary to accomplish the purpose of the disclosure.

### **Exceptions**

- The "minimum-necessary" standard does not apply to any of the following:
  - Uses or disclosures made to the individual;
  - Uses or disclosures made pursuant to an individual authorization;
  - Disclosures made to HHS;
  - Uses or disclosures required by law; and
  - Uses or disclosures required to comply with HIPAA.

## **XII. Documentation**

### **Procedure**

- Documentation. Employees shall maintain copies of all of the following items for a period of at least six years from the date the documents were created or were last in effect, whichever is later:
  - "Notices of Privacy Practices" that are issued to participants;
  - Copies of policies and procedures;
  - Individual authorizations;
  - When disclosure of certain PHI is made:
    - the date of the disclosure;
    - the name of the entity or person who received the PHI and, if known, the address of such entity or person;

- a brief description of the PHI disclosed;
- a brief statement of the purpose of the disclosure; and
- any other documentation required under these Use and Disclosure Procedures.

**Note:** The retention requirement only applies to documentation required by HIPAA. It does not apply to all medical records.

### **XIII. Mitigation of Inadvertent Disclosures of PHI**

Mitigation: Reporting Required. HIPAA requires that a covered entity mitigate, to the extent possible, any harmful effects that become known to us of a use or disclosure of an individual's PHI in violation of the policies and procedures set forth in this manual. As a result, if you become aware of a disclosure of PHI, either by an employee of Plan or an outside consultant/contractor, that is not in compliance with the policies and procedures set forth in this manual, immediately contact the Privacy Official so that the appropriate steps to mitigate the harm to the individual can be taken.

### **XIV. Breach Notification Requirements**

Compliance. The Plan will comply with the requirements of the HITECH Act and its implementing regulations to provide notification to affected individuals, HHS, and the media (when required) if the Plan or one of its business associates discovers a breach of unsecured PHI.

#### **Procedures for Complying With Individual Rights**

Individual Rights: HIPAA gives individuals the right to access and obtain copies of their protected health information that the Plan (or its business associates) maintains in designated record sets. HIPAA also provides that individuals may request to have their PHI amended, and that they are entitled to an accounting of certain types of disclosures.

#### **I. Individual's Request for Access**

##### **"Designated Record Set" Defined**

Designated Record Set is a group of records maintained by or for the Employer that includes:

- the enrollment, payment, and claims adjudication record of an individual maintained by or for the Plan; or
- other protected health information used, in whole or in part, by or for the Plan to make coverage decisions about an individual.

## Procedure

Request From Individual, Parent of Minor Child, or Personal Representative. Upon receiving a request from an individual (or from a minor's parent or an individual's personal representative) for disclosure of an individual's PHI, the employee must take the following steps:

- Follow the procedures for verifying the identity of the individual (or parent or personal representative) set forth in "Verification of Identity of Those Requesting Protected Health Information."
- Review the disclosure request to determine whether the PHI requested is held in the individual's designated record set. See the Privacy Official if it appears that the requested information is not held in the individual's designated record set. No request for access may be denied without approval from the Privacy Official.
- Review the disclosure request to determine whether an exception to the disclosure requirement might exist; for example, disclosure may be denied for requests to access psychotherapy notes, documents compiled for a legal proceeding, information compiled during research when the individual has agreed to denial of access, information obtained under a promise of confidentiality, and other disclosures that are determined by a health care professional to be likely to cause harm. See the Privacy Official if there is any question about whether one of these exceptions applies. No request for access may be denied without approval from the Privacy Official.
- Respond to the request by providing the information or denying the request within 30 days (60 days if the information is maintained off-site). If the requested PHI cannot be accessed within the 30-day (or 60-day) period, the deadline may be extended for 30 days by providing written notice to the individual within the original 30 or 60-day period of the reasons for the extension and the date by which the Employer will respond.
- A Denial Notice must contain (1) the basis for the denial; (2) a statement of the individual's right to request a review of the denial, if applicable; and (3) a statement of how the individual may file a complaint concerning the denial. All notices of denial must be prepared or approved by the Privacy Official.
- Provide the information requested in the form or format requested by the individual, if readily producible in such form. Otherwise, provide the information in a readable hard copy or such other form as is agreed to by the individual.
- Individuals have the right to receive a copy by mail or by e-mail or can come in and pick up a copy. Individuals (including inmates) also have the right to come in and inspect the information.
- If the individual has requested a summary and explanation of the requested information in lieu of, or in addition to, the full information, prepare such summary and explanation of the information requested and make it available to the individual in the form or format requested by the individual.
- Charge a reasonable cost-based fee for copying, postage, and preparing a summary (but the fee for a summary must be agreed to in advance by the individual). This provision is not needed if the plan will not charge a fee.
- Disclosures must be documented in accordance with the procedure "Documentation Requirements."

## II. Individual's Request for Amendment

### Procedure

Request From Individual, Parent of Minor Child, or Personal Representative. Upon receiving a request from an individual (or a minor's parent or an individual's personal representative) for amendment of an individual's PHI held in a designated record set, the employee must take the following steps:

- Follow the procedures for verifying the identity of the individual (or parent or personal representative) set forth in "Verification of Identity of Those Requesting Protected Health Information."
- Review the disclosure request to determine whether the PHI at issue is held in the individual's designated record set. See the Privacy Official if it appears that the requested information is not held in the individual's designated record set. No request for amendment may be denied without approval from the Privacy Official.
- Review the request for amendment to determine whether the information would be accessible under HIPAA's right to access (see the access procedures above). See the Privacy Official if there is any question about whether one of these exceptions applies. No request for amendment may be denied without approval from the Privacy Official.
- Review the request for amendment to determine whether the amendment is appropriate—that is, determine whether the information in the designated record set is accurate and complete without the amendment.
- Respond to the request within 60 days by informing the individual in writing that the amendment will be made or that the request is denied. If the determination cannot be made within the 60-day period, the deadline may be extended for 30 days by providing written notice to the individual within the original 60-day period of the reasons for the extension and the date by which the Employer will respond.
- When an amendment is accepted, make the change in the designated record set, and provide appropriate notice to the individual and all persons or entities listed on the individual's amendment request form, if any, and also provide notice of the amendment to any persons/entities who are known to have the particular record and who may rely on the unconnected information to the detriment of the individual.
- When an amendment request is denied, the following procedures apply:
  - All notices of denial must be prepared or approved by the Privacy Official. A Denial Notice must contain (1) the basis for the denial; (2) information about the individual's right to submit a written statement disagreeing with the denial and how to file such a statement; (3) an explanation that the individual may (if he or she does not file a statement of disagreement) request that the request for amendment and its denial be included in future disclosures of the information; and (4) a statement of how the individual may file a complaint concerning the denial.
  - If, following the denial, the individual files a statement of disagreement, include the individual's request for an amendment; the denial notice of the request; the individual's statement of

disagreement, if any; and the Employer's rebuttal/response to such statement of disagreement, if any, with any subsequent disclosure of the record to which the request for amendment relates. If the individual has not submitted a written statement of disagreement, include the individual's request for amendment and its denial with any subsequent disclosure of the protected health information only if the individual has requested such action.

### **III. Processing Requests for an Accounting of Disclosures of Protected Health Information**

#### **Procedure**

Request From Individual, Parent of Minor Child, or Personal Representative. Upon receiving a request from an individual (or a minor's parent or an individual's personal representative) for an accounting of disclosures, the employee must take the following steps:

- Follow the procedures for verifying the identity of the individual (or parent or personal representative) set forth in "Verification of Identity of Those Requesting Protected Health Information."
- If the individual requesting the accounting has already received one accounting within the 12 month period immediately preceding the date of receipt of the current request, prepare a notice to the individual informing him or her that a fee for processing will be charged and providing the individual with a chance to withdraw the request.
- Respond to the request within 60 days by providing the accounting (as described in more detail below), or informing the individual that there have been no disclosures that must be included in an accounting (see the list of exceptions to the accounting requirement below). If the accounting cannot be provided within the 60-day period, the deadline may be extended for 30 days by providing written notice to the individual within the original 60-day period of the reasons for the extension and the date by which the Employer will respond.
- The accounting must include disclosures (but not uses) of the requesting individual's PHI made by Plan and any of its business associates during the period requested by the individual up to six years prior to the request. (Note, however, that the plan is not required to account for any disclosures made prior to April 14, 2004. The accounting does not have to include disclosures made:
  - to carry out treatment, payment and health care operations;
  - to the individual about his or her own PHI;
  - incident to an otherwise permitted use or disclosure;
  - pursuant to an individual authorization;
  - for specific national security or intelligence purposes;
  - to correctional institutions or law enforcement when the disclosure was permitted without an authorization; and
  - as part of a limited data set.

- If any business associate of the Plan has the authority to disclose the individual's PHI, then Privacy Officer shall contact business associate to obtain an accounting of the business associate's disclosures.
- The accounting must include the following information for each reportable disclosure of the individual's PHI:
  - the date of disclosure;
  - the name (and if known, the address) of the entity or person to whom the information was disclosed;
  - a brief description of the PHI disclosed; and
  - a brief statement explaining the purpose for the disclosure. (The statement of purpose may be accomplished by providing a copy of the written request for disclosure, when applicable.)
- If the Plan has received a temporary suspension statement from a health oversight agency or a law enforcement official indicating that notice to the individual of disclosures of PHI would be reasonably likely to impede the agency's activities, disclosure may not be required. If an employee receives such a statement, either orally or in writing, the employee must contact the Privacy Official for more guidance.
- Accountings must be documented in accordance with the procedure for "Documentation Requirements."

#### **IV. Processing Requests for Confidential Communications**

##### **Procedure**

Request From Individual, Parent of Minor Child, or Personal Representative. Upon receiving a request from an individual (or a minor's parent or an individual's personal representative) to receive communications of PHI by alternative means or at alternative locations, the employee must take the following steps:

- Follow the procedures for verifying the identity of the individual (or parent or personal representative) set forth in "Verification of Identity of Those Requesting Protected Health Information."
- Determine whether the request contains a statement that disclosure of all or part of the information to which the request pertains could endanger the individual.
- The employee should take steps to honor requests.
- If a request will not be accommodated, the employee must contact the individual in person, in writing, or by telephone to explain why the request cannot be accommodated.
- All confidential communication requests that are approved must be tracked.

- The employee should take steps to honor requests.
- If a request will not be accommodated, the employee must contact the individual in person, in writing, or by telephone to explain why the request cannot be accommodated.
- All requests for limitations on use or disclosure of PHI that are approved must be tracked.

Notwithstanding, all such records of activity and information remain the records of the department that typically creates and maintains said record within the normal course of its business. The mere fact that the IS&T Department facilitates the storage of such records on behalf of another department does not elevate the IS&T Director to be the legal custodian of said records. Rather, the custodian for such records shall be the department head of the corresponding department.

## **7. Internet and E-mail**

Employees shall only use the Internet and the resources found therein for research and information gathering for official City business.

## **NURSING MOTHERS IN THE WORKPLACE POLICY**

### **OVERVIEW**

This policy establishes guidelines in compliance with Section 7(r) of the Fair Labor Standards Act. Section 7(r) requires employers provide the following for nursing mothers in the workplace:

1. Provide reasonable break time for an employee to express breast milk for her nursing child for one year after the child's birth each time such employee has a need to express the milk; and
2. A place, other than a bathroom, that is shielded from view and free from intrusion from co-workers and the public, which may be used by an employee to express milk.

An employer shall not be required to compensate an employee receiving reasonable break time under paragraph (1) for any work time spent for such purposes. It is imperative that employees, supervisors, and managers follow this policy.

### **REQUEST PROCEDURE**

Upon request by the employee, the Human Resources Department, department manager or supervisor will provide the following information:

1. An explanation of the policy for nursing employees who wish to express breast milk.
2. Particular times for taking breaks. This will be determined based on the needs of the nursing employee.
3. The location of the private space that will be made available for the employee wishing to express breast milk during the work day.

### **REASONABLE BREAK TIME**

Employees will be required to use their normal break or meal time for this purpose. Please note the frequency of breaks as well as the duration of each break will likely vary. Duration will depend on 1) time to get to and from the space provided, 2) time to set up equipment, 3) pump efficiency, 4) clean-up time and 5) time to store the milk. For time spent for this purpose the employee will be required to use accrued leave for all time spent in excess of the normal break or meal time.

### **PRIVATE SPACE**

The Human Resources Department will work with the employee's supervisor or manager to arrange a space, other than a bathroom, that is "shielded from view" and "free from intrusion" from coworkers and the public. This space may include an individual's office, or another office not in use. When it is not practical to provide a room such as an office, the requirement can be met by creating a space with partitions or curtains. All windows in the designated room must be covered to ensure the space is "shielded from view." With any space provided for expressing milk, the supervisor or manager must ensure the employee's privacy through means such as signs that designate when the space is in use, or a lock on the door.

In order to be a functional space that may be used by a nursing employee to express breast milk, at a minimum, the space must contain a place for the nursing employee to sit, and a flat surface, other than the floor, on which to place the pump. Ideally, the space will have access to electricity, so that a nursing employee can plug in an electric pump rather than use a pump with battery power.

## Workers Compensation Appointment – Reimbursement Policy

This policy covers all exempt and nonexempt employees. Employees whose work schedule is fully encompassed within the hours of 7:00 a.m. – 5:00 p.m. are eligible for the city reimbursement stated below, as the City recognizes the scheduling dilemma for employees whose work schedule parallels the health care professions general business hours. Employees whose work schedule falls outside the 7:00 a.m. – 5:00 p.m. parameters (to include regular part-time and platoon shift employees) who would not have the scheduling difficulties, thus are not eligible for the city reimbursement.

1. Employees are encouraged to schedule any workers compensation appointments either during the first one and one-half hour or the last one and one-half hour of their scheduled work day. In recognition of doing so, and creating an efficient workforce, the City will reimburse the employee at their scheduled rate of pay for the lost time to attend the appointment, up to one and one-half hour (**calculated from the beginning or end of their scheduled shift – not from their appointment**). The employee is expected to return to work immediately following the appointment if the appointment ends prior to the end of their work shift, unless the time required to travel back to work would result in returning after the work shift has ended. If the appointment is in the morning, the employee must report to work prior to going to the appointment, unless it is not possible to report to work and be at the appointment on time.
2. *This reimbursement is not a requirement of workers compensation statutes, but a City reimbursement program.*
3. The City will not provide reimbursement for time taken in excess of the one and one-half hour from the start of work time or the end of work time. In these instances the employee would be required to use accrued forms of leave (i.e. vacation, sick leave, personal business) for the excess time which does not fall within the one and one-half hour, calculated from their scheduled start or end time.
4. Reimbursement would only cover the time at the appointment which is during their normal work hours (i.e. 2:00 p.m. scheduled appointment lasts until 4:00 p.m. Employee's work schedule is 7:00 a.m. – 3:00 p.m. Employee would receive reimbursement from 1:30 p.m. to 3:00 p.m.).
5. Appointments scheduled outside of the city reimbursement hours described above will not be reimbursed by the City. The employee would be required to use accrued forms of leave (i.e. vacation, sick leave, personal business) for such visits.
6. The employee will be required to have their treating healthcare provider complete a Workers Compensation Time Report, which would provide the time arrived for the appointment, time of the scheduled appointment, time left and name/address of facility/preparer. The employee is required to provide this to their supervisor upon returning to work on their next regular scheduled day for which the employee is present in order to receive the city reimbursement. If the Workers Compensation Time Report is not provided to the supervisor on their next regular scheduled work day for which they are present they will not receive city reimbursement, therefore he/she will be required to use accrued leave (i.e. sick leave, comp time, vacation or personal business). The employee would also be required to provide their supervisor with a status report from their treating healthcare provider following each appointment.

7. In some cases special treatment is required (MRI, CAT Scan). In such cases the City would provide reimbursement for the appointment occurring during work time, assuming the employee provides the supervisor with the required completed Workers Compensation Time Report.
8. With the exception of accrued leave, this policy is the only form of payment an employee may receive for scheduled workers compensation appointments while working.
9. An employee *may* be eligible for reimbursement through workers compensation for lost time due to a workers compensation injury if they are disabled, thus unable to work (known as TPD – temporary partial disability; or TTD – temporary total disability). Workers compensation statutes / eligibility criteria will apply in these cases.
10. Any special treatment or exceptions for payment through the City’s Workers Compensation – Reimbursement policy would be handled through Human Resources. Human Resources will provide a quarterly report to the SEIU President indicating the frequency of exceptions made for SEIU members.
11. Nothing contained herein is intended to alter or reduce any individual employee’s right to benefits under the Workers Compensation Act or Family and Medical Leave Act.
