Used Truck Narrative

The Street Dept would like to purchase back one of its trucks sold at Auction on Gov Deals for 16,600.00. The truck is a 2014 F450. This truck would be used for the Sign shop. The truck will be used to fix and install small signs, deliver barricades, and other tasks. The boom truck will then be freed up for a second electrician.

Let me know if you need more
