542 Interior Building Networking Cable Replacement**2026 Funding****\$25,000**

New Borrowing: \$25,000

Total Funding**\$175,000**

New Borrowing: \$175,000

Replace the networking cable in City Hall and other City facilities which is now past its 20 year lifespan. Cable becomes brittle as it ages, causing damage to the wires which leads to degraded performance and failed cables. With the increasing use of Power-over-Ethernet devices old cabling can lead to lower energy efficiencies and increases the potential fire risk. Additionally, with the explosion in network connected devices and network bandwidth usage, upgrading the cabling in City Hall will allow higher network speeds. This will need to be completed no later than 2026, as current cabling is beyond 20 year lifespan.

Requesting Department(s): Information Technology

Request Type: Project

Current Status: Not Started

Timeline: 04/22 to 05/27

Department Point of Contact: Greschner, Jacky

Justification:What is the request's desired outcome?

Replace existing network cables with cables that will last for the next 20 years. Enable higher network speeds and increase energy efficiency for Power-over-Ethernet devices.

How will this outcome be measured?

Completion of project.

What is the methodology used to determine the budget for this project?

Quote from contractor.

Explain why project will take more than one year to complete?

Will replace one half of the building in the first year and the other half of the building the second year.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Board of Public Works on 2/3/2020 (see Legistar 20-0167)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

Upgrade of bathroom fixtures and plumbing in City Hall to reduce maintenance costs and utility bills. Upgrading of one floor every year.

Requesting Department(s): Grounds and Buildings

Request Type: Project

Current Status: Planning/Design

Timeline: 01/22 to 12/30

Department Point of Contact: Trussoni, Dan

Justification:

What is the request's desired outcome?

To upgrade bathroom fixtures and plumbing on each floor.

How will this outcome be measured?

Lowered maintenance and utility cost.

What is the methodology used to determine the budget for this project?

Quotes obtained from plumbing companies.

Explain why project will take more than one year to complete?

Multi year project as there are several floors to be done. Each floor will require at least 1 year.

562 City Hall Air Handler Replacement

*(No Funding in
2026)*

Total Funding

\$950,000

New Borrowing: \$950,000

Replace City Hall's air handler system.

Requesting Department(s): Grounds and Buildings

Request Type: Project

Current Status: Planning/Design

Timeline: 04/27 to 05/28

Department Point of Contact: Trussoni, Dan

Justification:

What is the request's desired outcome?

To replace all of the air handler systems in City Hall.

How will this outcome be measured?

Efficiency costs will be lowered.

What is the methodology used to determine the budget for this project?

Gathering quotes from HVAC companies.

Explain why project will take more than one year to complete?

Multiple units.

563 City Hall Windows, Air Seal Replacements

*(No Funding in
2026)*

Total Funding

\$275,000

New Borrowing: **\$275,000**

Requesting Department(s): Grounds and Buildings

Request Type: Project

Current Status: Planning/Design

Timeline: 01/29 to 12/30

Department Point of Contact: Trussoni, Dan

Justification:

What is the request's desired outcome?

To replace and reseal all windows in City hall.

How will this outcome be measured?

By decrease in heating and air conditioning costs.

What is the methodology used to determine the budget for this project?

By obtaining quotes from companies.

Explain why project will take more than one year to complete?

Because of the multiple levels and windows to attend to.

564 City Hall Parking Lot

*(No Funding in
2026)*

Total Funding

\$125,000

New Borrowing: \$125,000

Resurface City Hall Parking Lot.

Requesting Department(s): Grounds and Buildings

Request Type: Project

Current Status: Planning/Design

Timeline: 05/29 to 06/29

Department Point of Contact: Trussoni, Dan

Justification:

What is the request's desired outcome?

To resurface all of City Hall parking lot.

How will this outcome be measured?

Increased safety and address current maintenance concerns.

What is the methodology used to determine the budget for this project?

Quotes gathered from companies and projects of similar scope.

865 Freight Elevator Upgrade

*(No Funding in
2026)*

Total Funding

\$185,000

New Borrowing: **\$185,000**

Upgrade existing freight elevator.

Requesting Department(s): La Crosse Center

Request Type: Project

Current Status: Planning

Timeline: June 2030 to September 2030

Department Point of Contact: Talbot, Alix

Justification:

What is the request's desired outcome?

To upgrade the doors and ease of safety and operations of freight elevator.

How will this outcome be measured?

By the increased safety and building accessibility.

What is the methodology used to determine the budget for this project?

Similar Projects.

866 Escalator Upgrade*(No Funding in 2026)***Total Funding****\$900,000**

New Borrowing: \$900,000

Update 23 year old existing escalator and releive some annual maintenance cost.

Requesting Department(s): La Crosse Center

Request Type: Project

Current Status: Planning

Timeline: June 2030 to Sept 2030

Department Point of Contact: Talbot, Alix

Justification:

What is the request's desired outcome?

Increased accessibility throughout the building and lower maintenance cost.

How will this outcome be measured?

Lowered maintenance cost.

What is the methodology used to determine the budget for this project?

Similar projects.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by La Crosse Center Board on 2/18/2025 (see Legistar 25-0221)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

969 South Hall Renovation

2026 Funding	Total Funding	
\$950,000 New Borrowing: \$725,000	\$2,040,000 New Borrowing: \$960,000	

Renovation Includes:

- Outside Doors in South Hall Production (2025)
- Restroom Remodeling in South Facility (2026)
- Sound System for South Hall (2027)
- HVAC Upgrades (2028)
- South Ballroom Carpeting (2028)
- South Concrete Project (2029)
- Technology Infrastructure Upgrades (Yearly)

*This part of the building was built in 2000 and has not seen any major renovations. The renovation of the south hall will update the look and implement modern convention center concepts.

Phase One (2025):

- Outside Doors in South Hall Production
- Technology Infrastructure Upgrades

Phase Two (2026):

- Restroom Remodeling in South Facility
- Technology Infrastructure Upgrades

Phase Three (2027):

- Sound System for South Hall Areas
- Technology Infrastructure Upgrades

Phase Four (2028):

- HVAC Upgrades
- South Ballroom Carpeting
- Technology Infrastructure Upgrades

Phase Five (2029):

- South Concrete project
- Technology Infrastructure Upgrades

Requesting Department(s): La Crosse Center

Request Type: Project

Current Status: Planning

Timeline: January/2025 to December/2029

Department Point of Contact: Trussoni, Dan

Justification:What is the request's desired outcome?

The desired outcome would be increased use of the south hall from our clients and it implements modern convention center concepts.

How will this outcome be measured?

Increased revenue and a decrease in operation cost & utilities.

What is the methodology used to determine the budget for this project?

An engineer was used to determine the costs and scope.

Explain why project will take more than one year to complete?

Cost and complexity

Approval & Oversight:Has request been approved by an oversight board?

Yes by La Crosse Center Board on 1/16/2024 (see Legistar 24-0080)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

Yes (Collected \$0 of \$0)

What are the arrangements for solicitation, collection, accounting and transferring of donated funds?

County allocates 225,000.00 a year for maintenance of the La Crosse Center.

1016 Security Upgrades at MSC Grounds

*(No Funding in
2026)*

Total Funding

\$125,000

New Borrowing: \$125,000

New Fencing and 3 gates on the Municipal Services Center (MSC) site. Allow the MSC to be locked down during usage of yard waste site or adjacent leased lands, used by contractors.

Requesting Department(s): Refuse and Recycling; Streets

Request Type: Project

Current Status: Not started

Timeline: 05/2030 to 07/2030

Department Point of Contact: Rasmussen, Ryan

Justification:

What is the request's desired outcome?

Configure fencing and gates to allow security and lockdown of the MSC Site when not staffed by City employees, allowing compartmentalized access to, and use of, the Yard Waste Site and the two leased areas that are accessed through the current main gate.

How will this outcome be measured?

Installing additional fencing with three automated gates for access.

What is the methodology used to determine the budget for this project?

Three planning level quotes from vendors.

1017 Municipal Service Center- New Buildings

*(No Funding in
2026)*

Total Funding

\$10,500,000

New Borrowing: \$10,500,000

The citywide facilities assessment (Facilities Condition Assessment, April 2023) lists the Municipal Service Center as beyond its functional, service, and useful life. No major upgrades or repairs are recommended due to age and condition. Its location on a historic dump site presents challenges for placement and construction. A space needs study and evaluation, and building design process will evaluate operations and provide recommendations for configuration, shared space, and more efficient operations. The new, combined facility will include Street, Refuse & Recycling, MTU, Parks, Engineering, and Parking Utility spaces for operations, fleet maintenance and service, fueling, and indoor and outdoor storage. The new campus will be phased for demolition of old and construction of new.

Requesting Department(s): Engineering; Municipal Transit Utility; Parking Utility; Parks, Recreation and Forestry; Refuse and Recycling; Streets

Request Type: Project

Current Status: not started

Timeline: 2026 to 2031

Department Point of Contact: Rasmussen, Ryan

Justification:What is the request's desired outcome?

To study and design phased implementation for the needs of the various departments and produce budgetary estimates for a new facility/campus. To continue in future years with phased construction.

How will this outcome be measured?

With demolition of old buildings and construction of new buildings.

What is the methodology used to determine the budget for this project?

Two planning level estimates for study/design and construction, based on recent facilities projects.

Explain why project will take more than one year to complete?

First year(s) of study, design, and permitting with construction phased over two or more years.

Approval & Oversight:Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

Yes it is part of Facilities Condition Assessment dated 4/13/2023

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: Wisconsin Department of Natural Resources (DNR)

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

624 Flood Levee Rehabilitation*(No Funding in 2026)***Total Funding****\$1,950,000**

New Borrowing: \$1,950,000

Systematic management for analysis, survey, inventory, removal, replacement, and upgrading of 10,000 feet of flood levees citywide.

Requesting Department(s): Engineering

Request Type: Program

Current Status: Planning/Study

Timeline: 2022 to 2030

Department Point of Contact: Wodarz, Caleb

Justification:What is the request's desired outcome?

Inventory, Management, and possible Rehabilitation of flood levees, possibly in conjunction with Federal agencies.

How will this outcome be measured?

Rehabed/rebuilt levees, including but not limited to additional height.

What is the methodology used to determine the budget for this project?

Past projects, field visits.

Explain why project will take more than one year to complete?

Due to extensive length of levees, and costs, implementation must be phased.

Approval & Oversight:Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

Yes it is part of 2011 Dike Elevation Surveys dated 2/3/2012

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: US Army Corps of Engineers

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

853 River Point District Marina

2026 Funding	Total Funding
\$3,500,000	\$3,500,000

The design, build, and implementation of a marina and associated facilities located on the east bank of the Black River, adjacent to the River Point Development.

Requesting Department(s): Parks, Recreation and Forestry

Request Type: Project

Current Status: Planning and Design

Timeline: Jan 2026 to November 2026

Department Point of Contact: Flottmeyer, James

**Justification:**

What is the request's desired outcome?

Additional boat slips to aid in the flourishing city marinas and provide additional recreational opportunities for the River Point District residents.

How will this outcome be measured?

By the completion of the product and use of the facilities.

What is the methodology used to determine the budget for this project?

Similar projects.

995 La Crosse Marsh West Cell Project*(No Funding in
2026)***Total Funding****\$3,300,000**

Improvements to marsh hydrology as measured by restoring/enhancing water exchange within western portion of the marsh.

Requesting Department(s): Parks, Recreation and Forestry

Request Type: Project

Current Status: Planning

Timeline: 2027

Department Point of Contact: Meyer, Samantha

Justification:

What is the request's desired outcome?

Improve marsh hydrology by enhancing water exchange in the west portion of the marsh.

How will this outcome be measured?

Reduced flood inundation time and enhance habitat for aquatic and wildlife species.

What is the methodology used to determine the budget for this project?

US Corps of Engineers facilitated a preliminary feasibility study.

548 Copeland Park Shelters and Site Improvements**2026 Funding****\$1,108,440**

New Borrowing: \$1,108,440

Total Funding**\$3,330,000**

New Borrowing: \$3,330,000

Rehab of the 2 shelters in Copeland Park. Complete inside and outside renovation of the enclosed shelter and foundation. Update and renovate the Oktoberfest shelter, open air shelter.

Requesting Department(s): Parks, Recreation and Forestry

Request Type: Project

Current Status: Planning/Design

Timeline: 04/25 to 10/27

Department Point of Contact: Trussoni, Dan

**Justification:**

What is the request's desired outcome?

Rebuild and replace current shelters.

How will this outcome be measured?

Increased safety and access of public.

What is the methodology used to determine the budget for this project?

Based off of similar projects and quotes gathered.

Explain why project will take more than one year to complete?

Multi year due to more than one shelter needing upgrades.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Board of Park Commissioners on 2/20/2020 (see Legistar 20-0184)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

554 Northside Community Pool

*(No Funding in
2026)*

Total Funding

\$1,000,000

New Borrowing: \$1,000,000

Funds would upgrade mechanical system and roof at Northside Community Pool, as well as replace the liner.

Requesting Department(s): Parks, Recreation and Forestry

Request Type: Project

Current Status: Planning/Design

Timeline: 04/28 to 05/28

Department Point of Contact: Trussoni, Dan

Justification:

What is the request's desired outcome?

To upgrade the liner, roof, and mechanical system at Northside Pool.

How will this outcome be measured?

Increased safety by installing a new roof and liner, lowering maintenance cost and more efficient mechanical system.

What is the methodology used to determine the budget for this project?

Quotes gathered.

682 Red Cloud Park Trail

*(No Funding in
2026)*

Total Funding

\$50,000

In order to facilitate a development near Red Cloud park and Trane Plant 6 a trail connection from Red Cloud Park to the Marsh Trail system needs to be designed. This will be a challenging project due to the presence of steep slopes, wetlands and waterways. Includes a feasibility study.

Requesting Department(s): Planning and Development

Request Type: Project

Current Status: Not started

Timeline: 2025 to 2028

Department Point of Contact: Acklin, Tim

Justification:

What is the request's desired outcome?

Encourage residential development on Trane Plant 6 site by creating a connection to trail system to Downtown and UW-L and Westerns campuses.

How will this outcome be measured?

Creation of trail.

What is the methodology used to determine the budget for this project?

Total Funding

\$70,000

Requesting Department(s): Parks, Recreation and Forestry
Request Type: Project
Current Status: Planning
Timeline: 03/27 to 05/27
Department Point of Contact: Flick, Jared

Justification:

What is the request's desired outcome?
 To resurface the outdoor courts.

How will this outcome be measured?
 By the increased safety and decreased maintenance the courts need.

What is the methodology used to determine the budget for this project?
 Quotes gathered.

Approval & Oversight:

Has request been approved by an oversight board?
 No

Is this request part of an approved master plan?
 No

Does this request require regulatory/other outside approval?
 No

Outside Funding:

Does this request require the city to contribute funds?
 No

Does this request use donated funds?
 No

771 Citywide Tree Planting**2026 Funding****\$60,000**

New Borrowing: \$60,000

Total Funding**\$350,000**

New Borrowing: \$350,000

Tree planting city wide.

Requesting Department(s): Parks, Recreation and Forestry

Request Type: Project

Current Status: Planning/design

Timeline: 2023 to 2030

Department Point of Contact: Trussoni, Dan

Justification:What is the request's desired outcome?

Replace removed trees throughout the city.

How will this outcome be measured?

By the increased replacement of city trees.

What is the methodology used to determine the budget for this project?

Yearly operating costs.

Explain why project will take more than one year to complete?

Annual upgrades

Approval & Oversight:Has request been approved by an oversight board?

Yes by Board of Park Commissioners on 2/17/2022

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

656 Public Market

(No Funding in 2026)

Total Funding

\$13,700,000

New Borrowing: \$2,500,000

Planning, property acquisition and development of Public Market. Creation of a Public Market is meant to increase access to fresh, healthy foods, showcase the community's diversity, and provide a new opportunity for locally owned and operated businesses to grow.

Requesting Department(s): Planning and Development

Request Type: Project

Current Status: Feasibility Study, Site Analysis and Business Plan completed

Timeline: 01/27 to 12/28

Department Point of Contact: Trane, Andrea

Justification:

What is the request's desired outcome?

Acquire land, site preparation, architectural designs, infrastructure improvements and construction for development of Public Market.

How will this outcome be measured?

Development of La Crosse Public Market.

What is the methodology used to determine the budget for this project?

Land appraisals, cost estimates by Public Market Development consultants.

Explain why project will take more than one year to complete?

Ongoing process for fundraising and construction

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Redevelopment Authority on 1/28/2021 (see Legistar 21-0114)

Is this request part of an approved master plan?

Yes it is part of Public Market Feasibility Study, Site Analysis and Business Plan dated 3/11/2021

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

New Borrowing: \$2,500,000

Planning/Community Development would like to make \$2,000,000 available for housing development in the City. The funds will be granted for acquisition, demolition, and development of housing, including both affordable and market-rate options.

Requesting Department(s): Community Development and Housing; Planning and Development

Request Type: Program

Current Status: still in research status awaiting funding

Timeline: 01-2024 to 2028

Department Point of Contact: Keyes, Mara

**Justification:**

What is the request's desired outcome?

Desired outcome is to provide housing development funds to continue the work of the replacement housing program. With market conditions changing it is becoming more expensive for the City to acquire properties for development.

How will this outcome be measured?

This outcome will be measured by the number of new housing units developed in the City of La Crosse.

What is the methodology used to determine the budget for this project?

\$500,000 per year would allow construction of two housing units.

Explain why project will take more than one year to complete?

this would preferably be an ongoing project for years to come

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

975 Community Development Program Initiatives in TID 15**2026 Funding****\$250,000****Total Funding****\$1,000,000**

The Planning Department is looking to utilize TIF funds to increase housing opportunities for all residents through existing and new programs to ensure safe and secure housing.

Requesting Department(s): Planning and Development

Request Type: Program

Timeline: 2025 to 2028

Department Point of Contact: Keyes, Mara

Justification:

What is the request's desired outcome?

Long-term livability and well-being for homeowners and residents within the half-mile of TID 15.

How will this outcome be measured?

Number of homes impacted through renovation, additional housing units added, total dollars invested into the region.

What is the methodology used to determine the budget for this project?

Based on the Rehab program estimations, we would be able to complete at least a dozen rehab property upgrades based on this estimated budget.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

1002 Acquisition & Demolition Grant Program Funding

2026 Funding	Total Funding	
\$500,000	\$500,000	

This funding would go to support approved projects in the City of La Crosse via the County's Acquisition and Demolition program. This program helps bridge the financial gap between redeveloping in more mature neighborhoods with deteriorating housing stock and other housing opportunities. Funds are used for activities that prepare property for residential redevelopment.

Requesting Department(s): Planning and Development

Request Type: Program

Current Status: The program is already in place; however it needs renewed funding

Department Point of Contact: Emslie, Julie

Justification:

What is the request's desired outcome?

To remove barriers to creating more housing in the City

How will this outcome be measured?

of residential units created that were supported by this funding

What is the methodology used to determine the budget for this project?

The program guidelines are already in place as to how much grant dollars each project would receive.

Explain why project will take more than one year to complete?

It's on ongoing program

944 Avon Street Greenway

*(No Funding in
2026)*

Total Funding

\$2,255,651

New Borrowing: \$560,000

The Avon Street Greenway was a recommendation in the 2012 Bicycle and Pedestrian Master Plan and the 2020 Safe Routes to School Plan with the intention of providing residents a safe, low-stress network to commute via active transportation. This greenway will serve as a connection to important community amenities including the Northside Community Pool, three schools, the North Community Library, and more. This greenway also creates another vital link to the active transportation network in La Crosse and will provide the only designated and continuous north-south connection for bicyclists on the Northside of La Crosse. The Avon Street Greenway is anticipated to create traffic calming through a combination of traffic circles, raised crosswalks, and bump outs from Moore Street to St. Cloud Street.

Requesting Department(s): Engineering; Planning and Development; Sanitary Sewer Utility; Stormwater Utility; Streets; Water Utility

Request Type: Project

Current Status: Not started

Timeline: 2028 to 2029

Department Point of Contact: Dinkel, Jenna

Justification:What is the request's desired outcome?

The Avon Street Greenway will create another link to the multimodal network in La Crosse by providing residents a safe, low-stress street to commute using active transportation. Like the other greenways in the city, Avon Street will give residents an enjoyable and accessible route to their desired destinations on foot or on bike. The project outcome should provide safe and accessible alternative transportation options and promote bicycling and walking as a form of transportation for residents and students.

How will this outcome be measured?

The outcome will be measured by an increase in usage among bicyclists and pedestrians and can partially be determined by counts provided by the Safe Routes to School Program. Additionally, the safety component of this project can be measured by a reduction of crashes along the corridor and reduced vehicle speeding.

What is the methodology used to determine the budget for this project?

Engineering provided cost estimates.

Explain why project will take more than one year to complete?

This project will need time to go through project design before construction begins.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Bicycle and Pedestrian Advisory Committee on 2/13/2024 (see Legistar 24-0249)

Is this request part of an approved master plan?

Yes it is part of Bicycle and Pedestrian Master Plan (2012) and Safe Routes to School Plan (2020) dated 10/14/2021

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: Board of Public Works and Wisconsin DOT will need to approve recommended treatment.

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

1032 Floodplain Relief Program funding

*(No Funding in
2026)*

Total Funding

\$600,000

New Borrowing: \$600,000

Funding for the Floodplain Relief Program. Per the program guidelines, property owners may apply to make improvements to their home or vacant property to remove their property from the floodplain or make it floodplain compliant.

Requesting Department(s): Planning and Development

Request Type: Program

Current Status: Not Started

Timeline: 2028 to 2029

Department Point of Contact: Trane, Andrea

Justification:

What is the request's desired outcome?

The desired outcome of this program is to provide funding to property owners to make improvements to their home to hopefully provide flood insurance relief by reducing or removing the insurance requirements by making their property floodplain compliant or removing it from the floodplain.

How will this outcome be measured?

This will be measured by the impact to the property owner and the number of properties in the floodplain.

What is the methodology used to determine the budget for this project?

Currently the grant program awards a maximum of \$40,000 per parcel with a 10% match requirement from the property owner.

Explain why project will take more than one year to complete?

Multi year program

New Borrowing: \$560,000

Fiber and related infrastructure for additional public safety surveillance cameras, satellite city facilities and cooperative community fiber projects. First year locations will be Cameron and Cass Street intersections at 3rd and 4th. Copeland Park.

Requesting Department(s): Information Technology; Police; Water Utility

Request Type: Project

Current Status: Not started

Timeline: 2021 to 2029

Department Point of Contact: Greschner, Jacky

Justification:

What is the request's desired outcome?

Increase public awareness at major intersections and access points into and out of the City.

How will this outcome be measured?

Increased public safety with better camera coverage.

What is the methodology used to determine the budget for this project?

Based on past project estimates.

Explain why project will take more than one year to complete?

This is a phased approach to cover multiple intersections each year. Staffing resources limits the number of projects we can do each year.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Board of Public Works on 2/3/2020 (see Legistar 20-0167)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

277 ADA Transition Plan**2026 Funding****\$150,000**

New Borrowing: \$150,000

Total Funding**\$650,000**

New Borrowing: \$600,000

Establishment of ADA Transition Plan for citywide compliance with Title II and Title III of Federal Regulations, including hiring consultant. Complete citywide assessment of facilities, recommendation of improvements for compliance, and creation of complete inventory of facilities, buildings, and infrastructure.

Requesting Department(s): Engineering

Request Type: Project

Current Status: Draft plan, not yet adopted by Council

Timeline: 2023 to 2026

Department Point of Contact: Haldeman, Cullen

Justification:What is the request's desired outcome?

Citywide assessment of facilities and inventory of ADA deficiencies, with recommendations for programmatic budgeting and systemic approach to bring City of La Crosse into compliance with Federal requirements for accommodations with ADA regulations.

How will this outcome be measured?

Updated ADA Transition Plan documents, completed inventory of all public and City facilities.

What is the methodology used to determine the budget for this project?

Engineering estimates from preliminary draft of ADA Transition Plan, with input from all City departments for all City facilities.

Explain why project will take more than one year to complete?

Due to the large size, and complex nature, of the hundreds of City buildings and public infrastructure, a multi-year approach is practical to assess and analyze everything.

Approval & Oversight:Has request been approved by an oversight board?

980 Fire Department Search and Rescue Training Prop

*(No Funding in
2026)*

Total Funding

\$180,000

New Borrowing: \$180,000

With the age and experience of the Department shifting over the last few years to a young department we have a need for more comprehensive search and rescue activities to meet the standards for training evolutions. We currently are unable to replicate the proper procedures and techniques required for search, rescue, and extraction with the current facilities. In the past we have relied on condemned or abandoned buildings to train in, but these have started to become few and far between. Our current maze prop was built 20 years ago and has lived long past its usefulness and is in disrepair.

The new search and rescue prop will meet the needs of NFPA 1700 which we are not currently able to duplicate with the current facilities. We will also be able to utilize the prop for a myriad of other training including EMS, Hazmat, and Technical rescue.

The training prop will also be made available to other city departments that could utilize more comprehensive training. The police department would be interested in using it for K9 training, ERT training, and forcible entry training among others.

Requesting Department(s): Fire

Request Type: Project

Current Status: planning stages

Timeline: 4/25 to 7/27

Department Point of Contact: Schott, Jeffrey

Justification:What is the request's desired outcome?

Comprehensive search and rescue training standards will be improved with a safe and well designed prop that can be a multi use and adaptable to suit various rescue scenarios.

How will this outcome be measured?

NFPA standards for search and rescue training can be met in a realistic and safe environment. The number of firefighters performing activities in larger and multi dimensional space creates more efficient use of training time. Safety and realism to create the challenges of search and rescue with reduced lost time or reportable injuries.

What is the methodology used to determine the budget for this project?

Research was conducted on what other departments have found success with. Training Chief Aaron Bolstad sought basic material and labor costs associated with the project.

Approval & Oversight:Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

Yes, and it has received all required approvals.

Approvals Received: Local and State building and safety codes.

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

981 Fire Station 3 Renovation**2026 Funding****\$750,000**

New Borrowing: \$750,000

Total Funding**\$1,500,000**

New Borrowing: \$1,500,000

Remodel or renovation of existing Fire Station 3 at Green Bay St. and Losey Blvd. A facility assessment was completed in 2023 that confirmed a 2018 Wendel Five Bugles assessment that the station needed replacement or significant upgrades to meet compliance with ADA accessibility and gender equity for sleeping, changing and bathroom spaces. Electrical systems, major mechanicals, windows, and ceilings were recommended for replacement in both 2018 and 2023 assessments. The current fitness area is not sufficient. It needs space for equipment and to allow crews to exercise together. Partial renovation of the storage building could accommodate a larger work out area and provide a safer space. The apparatus floor and exterior bricks will need improvements and safety upgrades. See attachment for most recent facility assessment.

Requesting Department(s): Fire

Request Type: Project

Current Status: planning stages

Timeline: 10/25 to 7/27

Department Point of Contact: Schott, Jeffrey

Justification:What is the request's desired outcome?

A renovation project that can improve the heating and cooling efficiencies, provide gender equitable spaces, remediate inefficient use of space in sleeping areas, and create a larger fitness area. The apparatus floor drainage system grates would be replaced and floor would be resurfaced.

How will this outcome be measured?

With completion of the project

What is the methodology used to determine the budget for this project?

The department completed construction of a new station in July of 2023 and will open a second new fire station at estimated time of June 2024. With over 15 million in borrowing for both stations, it would be difficult for the community to increase the debt service for another new station. With structural integrity sound and strategically advantageous location of the current Station, it would be more economically feasible to remodel and renovate to rectify the deficiencies and concerns that exist.

Explain why project will take more than one year to complete?

The project would be in 3 phases and would require alternative response arrangements during construction.

Approval & Oversight:Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

268 Citywide Traffic Implementation: Interconnect & Synchronization

2026 Funding	Total Funding
\$400,000	\$3,289,500
New Borrowing: \$400,000	New Borrowing: \$2,056,500

Implementation of needs from 2019 Citywide Traffic Study. Includes fiber optic interconnect, new signal cabinets, and new control systems. Companion to WisDOT Signal and ITS Standalone Projects (SISP) grant.

Requesting Department(s): Engineering

Request Type: Project

Current Status: Study complete. Construction staged over several years.

Timeline: 2020 to 2027

Justification:

What is the request's desired outcome?

Better progression of signals, reduced delay, quicker problem detection, and better maintenance response.

How will this outcome be measured?

By in-office observation, observed continuous progression of traffic, and measured delay times.

What is the methodology used to determine the budget for this project?

Previous engineering projects and consultant estimates.

Explain why project will take more than one year to complete?

Signals cannot all be replaced in one year, and must be staged by interconnected groups. Fiber must be installed at new locations prior to signal controllers.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Common Council on 6/11/2020 (see Legistar 20-0712)

Is this request part of an approved master plan?

Yes it is part of 2019 Citywide Traffic Study dated 8/30/2019

Does this request require regulatory/other outside approval?

No

Outside Funding:

 Street ID: S-00222, S-00223, S-00224 (3 Blocks)
 Pavement Rating: 5 Curb & Gutter Rating: Fair
 Distance (Miles): .188
 Companion: Storm Project, Water Project

Requesting Department(s): Engineering; Sanitary Sewer Utility; Stormwater Utility; Streets; Water Utility
 Request Type: Project
 Current Status: Not Started
 Timeline: 2030
 Department Point of Contact: Rasmussen, Ryan

Justification:What is the request's desired outcome?

Reconstruct street and add storm capacity.

How will this outcome be measured?

PASAR rating.

What is the methodology used to determine the budget for this project?

Engineering Dept. estimate.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Board of Public Works on 4/1/2019 (see Legistar 19-0483)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

436 Ferry Street - 11th St. to 15th St.

2026 Funding	Total Funding
\$3,200,000	\$3,200,000

Complete Curb and Gutter. Contract Pave. Add traffic Calming along Ferry Street.

Street ID: S-01105, S-01106, S-01107, S-01108 (4 Blocks)

Pavement Rating: 5/3/5/5 Curb & Gutter Rating:

Poor/Poor/Poor/Good

Distance (Miles): .333

Companion: Storm Project

Stormwater/flash flooding relief of area w/ pipe extension from Ferry & 11th

Ferry Street traffic calming request from Neighborhood Group and CM Mindel

Requesting Department(s): Engineering; Sanitary Sewer Utility; Stormwater Utility; Streets; Water Utility

Request Type: Project

Current Status: Not Started

Timeline: 2026

Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?

Reconstruct street and add storm sewer capacity.

How will this outcome be measured?

PASAR rating.

What is the methodology used to determine the budget for this project?

Engineering Dept. estimate.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Board of Public Works on 4/1/2019 (see Legistar 19-0483)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

593 Redfield Street - 21st Street South to Losey Boulevard

(No Funding in 2026)

Total Funding

\$1,424,500

New Borrowing: **\$841,000**

Complete Curb and Gutter. Contract Pave. Fix failing Water Main.
 Street ID: S-01969, S-01970 (2 Blocks)
 Pavement Rating: 5 Curb & Gutter Rating: Good
 Distance (Miles): .279
 Companion: Water Main Project

Requesting Department(s): Engineering; Sanitary Sewer Utility; Stormwater Utility; Streets; Water Utility
Request Type: Project
Current Status: Not Started
Timeline: 2029
Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?
 Reconstruct street and water main repair.

How will this outcome be measured?
 PASAR rating.

What is the methodology used to determine the budget for this project?
 Engineering Dept. estimate.

Approval & Oversight:

649 Bliss Road Slope Stabilization

(No Funding in 2026)

Total Funding

\$1,250,000

New Borrowing: \$970,400

Requesting Department(s): Engineering; Streets
Request Type: Project
Current Status: Design Complete
Timeline: 2024 to 2031
Department Point of Contact: Gallagher, Matthew

Justification:

What is the request's desired outcome?

Stabilization of the slope on Bliss Road and Forest Hills to mitigate natural erosion.

How will this outcome be measured?

Implementation of engineering recommendations from studies of the hillside, and golf course below.

What is the methodology used to determine the budget for this project?

Engineering estimate.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

680 8th Street South - Denton Street to Johnson Street

(No Funding in
2026)

Total Funding

\$1,573,410

New Borrowing: \$950,000

Street Reconstruction
Sanitary Sewer Main replacements

Requesting Department(s): Engineering; Sanitary Sewer Utility; Stormwater Utility; Streets; Water Utility
Request Type: Project
Current Status: Not Started
Timeline: 2029 to 2030
Department Point of Contact: Gallager, Matthew

Justification:

What is the request's desired outcome?

Reconstruct Street. Replace failing Sanitary Sewer Main.

How will this outcome be measured?

PASAR rating. Flowing sewer.

What is the methodology used to determine the budget for this project?

Street Dept. estimate.

Engineering department estimate.

Explain why project will take more than one year to complete?

To be phased in different years, based upon inspection results from televised sewer.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

761 Annual Traffic Signal Replacement Program

*(No Funding in
2026)*

Total Funding

\$5,700,000

New Borrowing: \$5,700,000

30-year program for annual replacement of traffic signals, as an ongoing need to update and modernize the City of La Crosse's aging ~60 signalized intersections.

Requesting Department(s): Engineering
Request Type: Program
Current Status: Design
Timeline: 2023 to 2060
Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?

Replacement of traffic signal equipment (poles, lights, bases, wiring, conduit, signs, and appurtenances.

How will this outcome be measured?

Removal and replacement of old equipment, purchase and installation of new.

What is the methodology used to determine the budget for this project?

Ongoing and previous bid engineering projects.

Explain why project will take more than one year to complete?

Inventory consists of ~60 signals, at an estimated average cost of \$700,000 per signal.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Board of Public Works on 1/31/2022 (see Legistar 22-0165)

Is this request part of an approved master plan?

Yes it is part of Citywide Traffic Signal Replacement Plan dated 1/21/2022

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

763 Annual Capital Pavement Maintenance Program

2026 Funding	Total Funding
\$200,000	\$1,850,000
New Borrowing: \$200,000	New Borrowing: \$1,850,000

Annual maintenance of Connecting Highways, Truck Routes, National Highway System roadways, and concrete roadways in the City of La Crosse. Includes joint maintenance, repair, and sealing. Utilizes capital funds for extend the lifetime of major roadways, reducing costs of full reconstruction over time. The first candidates for maintenance to prolong road life are Rose Street, 7th Street, and 16th Street. Future candidates include Cass Street, 6th Street, Palace & Larson Streets, Airport Road, and other new concrete roadways and intersections.

Requesting Department(s): Engineering; Streets
Request Type: Program
Current Status: In Progress
Timeline: 2023 to 2031
Department Point of Contact: Schmutzer, Troy

Justification:

What is the request's desired outcome?

Improvement of deteriorating joints and other pavement maintenance to prolong roadway life.

How will this outcome be measured?

Removal and replacement of joint and roadway materials. Installation of new sealers, patches, and joint materials.

What is the methodology used to determine the budget for this project?

Previous Engineering and Street department projects and quotes.

Explain why project will take more than one year to complete?

Sections of roadways will be done, as funding allows, due to variable lengths of blocks and roadways.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

911 Island Street - George St to Loomis St

2026 Funding	Total Funding
\$807,000	\$807,000

This project will replace failing infrastructure, raise the road out of the floodplain, and infill sidewalk on both sides of the street.
Companion to Wood Street reconstruction.

Requesting Department(s): Engineering; Sanitary Sewer Utility; Stormwater Utility; Streets; Water Utility
Request Type: Project
Current Status: not designed
Timeline: 2026
Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?
Reconstruct Street

How will this outcome be measured?
Reconstructed Street

What is the methodology used to determine the budget for this project?
Engineering Dept. Estimate

Approval & Oversight:

Has request been approved by an oversight board?
No

Is this request part of an approved master plan?
No

Does this request require regulatory/other outside approval?
No

Outside Funding:

Does this request require the city to contribute funds?
No

Does this request use donated funds?
No

931 Milson Ct Traffic Calming

*(No Funding in
2026)*

Total Funding

\$74,000

New Borrowing: \$74,000

Installation of two speed tables for traffic calming on Milson Ct. Part of Green Complete Streets requirements to address safety and accessibility for all modes of traffic, as requested by the neighborhood and CM Sleznikow. Speed tables must be retrofit into existing pavement, as the street is not planned for reconstruction. Request by CM Sleznikow and Neighborhood Group

Requesting Department(s): Engineering

Request Type: Project

Current Status: Not Started

Timeline: 2030

Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?

Calming of traffic.

How will this outcome be measured?

Construction of speed tables and reduced observed speeds.

What is the methodology used to determine the budget for this project?

Past Engineering Estimates.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

982 Losey Blvd, Mormon Coulee Rd to Ward Ave - 3-Lane Conversion (HSIP)

2026 Funding	Total Funding
\$100,000 New Borrowing: \$50,000	\$3,519,000 New Borrowing: \$550,000

Losey Boulevard, from north of Mormon Coulee Road, to south of Ward Avenue, to undergo a "Road Diet." This will convert the roadway from 4 to 3 lanes. This corridor of Losey Boulevard is a narrower public Right-of-Way, with substandard boulevards/terraces and sidewalks. The traffic volumes do not warrant 4 lanes of thru traffic. Therefore, a 3-lane section will be implemented, with one lane each of northbound and southbound travel, and one center turn lane for left turns into and out of driveways and sideroads. The reallocated width will allow for wider sidewalks and boulevards that will support the planting of trees throughout the corridor. Work includes complete replacement of all three utilities (Storm, Water, and Sewer). This project is funded up to a 90% maximum by Highway Safety Improvement Program (HSIP) funding, not including Sewer and Water. Project to be let by WisDOT.

Requesting Department(s): Engineering; Stormwater Utility; Streets; Water Utility

Request Type: Project

Current Status: Not started

Timeline: 2025 to 2027

Department Point of Contact: Sward, Stephanie

Justification:	Approval & Oversight:
<u>What is the request's desired outcome?</u> Reconstructed roadway, with fewer vehicle lanes, wider boulevards for trees, and wider sidewalks. Slower traffic, due to reduced number of lanes, and safer conditions due to a center turn lane (to handle left turns, outside of the thru lanes).	<u>Has request been approved by an oversight board?</u> Yes by Common Council
<u>How will this outcome be measured?</u> Reconstructed roadway, newly planted trees (after the project is complete).	<u>Is this request part of an approved master plan?</u> Yes it is part of Citywide Bicycle & Pedestrian Master Plan
<u>What is the methodology used to determine the budget for this project?</u> Past and current engineering projects.	<u>Does this request require regulatory/other outside approval?</u> No
<u>Explain why project will take more than one year to complete?</u> Design in 2025, construction in 2027, per WisDOT oversight and let schedule.	<u>Does this request use donated funds?</u> No

1033 Signal Replacement at Mormon Coulee & Birch - HSIP

2026 Funding	Total Funding	
\$150,000 New Borrowing: \$150,000	\$1,516,812 New Borrowing: \$300,000	

Wisconsin Department of Transportation is requesting Highway Safety Improvement Project funds for a safety improvement at Mormon Coulee & Birch St. The improvement will include monotube poles, signal head per lane, sidewalk corner replacement, and offsetting left turn lanes for increased visibility.

Requesting Department(s): Engineering
Request Type: Project
Current Status: not designed
Timeline: 2026 to 2030
Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?
 Replacement of signal equipment, replacement of sidewalk corner ramps, and offset left turn lanes.

How will this outcome be measured?
 replacement of signal.

What is the methodology used to determine the budget for this project?
 Engineering Estimates

Explain why project will take more than one year to complete?
 design and permitting in first year with later year DOT let construction

Approval & Oversight:

Has request been approved by an oversight board?
 No

Is this request part of an approved master plan?
 No

Does this request require regulatory/other outside approval?
 No

Outside Funding:

Does this request require the city to contribute funds?

647 Sidewalk Snow Removal - City Wide

2026 Funding	Total Funding
\$120,000	\$1,160,000

An annual program to solicit and develop a contract to hire a private contractor to assist with clearing the snow from the public sidewalks. The Street Department cannot help clear the snow from the public sidewalks that are neglected by private property owners as required by ordinance.

Requesting Department(s): Engineering
Request Type: Program
Current Status: Ongoing
Timeline: 01/21 to 2031
Department Point of Contact: Haldeman, Cullen

Justification:

What is the request's desired outcome?
Hire a private contractor to clear snow from public sidewalks that have been neglected by private property owners.

How will this outcome be measured?
Snow clearance of sidewalks.

What is the methodology used to determine the budget for this project?
Ongoing program costs.

Explain why project will take more than one year to complete?
Ongoing annual program.

Approval & Oversight:

Has request been approved by an oversight board?
Yes by Board of Public Works

Is this request part of an approved master plan?
No

Does this request require regulatory/other outside approval?
No

Outside Funding:

Does this request require the city to contribute funds?
No

Does this request use donated funds?
No

648 Annual Sidewalk & ADA Ramp Replacement Program**2026 Funding****\$100,000**

New Borrowing: \$100,000

Total Funding**\$1,070,000**

New Borrowing: \$1,070,000

An annual program to fund the removal and replacement of concrete sidewalk on the existing network within the City of La Crosse. This includes but is not limited to broken sidewalk panels, heaved or sunken sidewalks, and missing or substandard ramps at intersections and other crosswalks. May include miscellaneous infill of missing sidewalks but is not intended for infill of more substantial areas, which may need stand alone CIP projects.

Requesting Department(s): Engineering

Request Type: Program

Current Status: Ongoing

Timeline: 2021 to 2031

Department Point of Contact: Haldeman, Cullen

Justification:What is the request's desired outcome?

Ongoing replacement and maintenance of the City's sidewalks to maintain the integrity and safety of the City's sidewalks.

How will this outcome be measured?

Maintained and safe sidewalks.

What is the methodology used to determine the budget for this project?

Engineering estimate and ongoing program costs.

Explain why project will take more than one year to complete?

Annual program.

745 Pedestrian Lighting - State St, from 7th St to West Ave

(No Funding in 2026)

Total Funding

\$475,000

New Borrowing: \$475,000

Installation of pedestrian lighting for safety and mixed use by vehicles, pedestrians, and bicycles in State Street corridor from 7th St to West Ave.

Request by CM Kahlow

Requesting Department(s): Engineering

Request Type: Project

Current Status: Not yet designed.

Timeline: 2029

Department Point of Contact: Hassemer, Jamie

Justification:

What is the request's desired outcome?

Increased lighting levels for safety and neighborhood use.

How will this outcome be measured?

Installation of new lights and increased levels of light.

What is the methodology used to determine the budget for this project?

Past engineering projects and estimates.

762 Annual Sidewalk Infill Program

2026 Funding	Total Funding
\$115,000	\$965,000
New Borrowing: \$115,000	New Borrowing: \$965,000

Perpetual program to infill blocks without public sidewalk, to complete ongoing efforts for Complete Streets, accessibility, and ADA compliance. Goal of infilling eight to ten block faces with new public concrete sidewalk throughout La Crosse's neighborhoods. Priority set by coordination with Safe Routes to School, Bicycle Pedestrian Advisory Committee, and Committee for Citizens with Disabilities, to include areas near schools, existing incomplete sidewalk, and MTU bus routes. Planned streets include: 27th, 28th, and 29th Streets, from Birch Street to Diagonal Road.

Requesting Department(s): Engineering
Request Type: Program
Current Status: Design
Timeline: 2023 to 2031
Department Point of Contact: Haldeman, Cullen

Justification:

What is the request's desired outcome?

Installation of 8 to 10 new block faces of public concrete sidewalk per year.

How will this outcome be measured?

Lineal feet of new sidewalk.

What is the methodology used to determine the budget for this project?

Past and current Engineering bid projects.

Explain why project will take more than one year to complete?

Due to large inventory of streets without sidewalks, installation must be done with a few streets annually.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Board of Public Works on 1/31/2022 (see Legistar 22-0161)

Is this request part of an approved master plan?

Yes it is part of Citywide Sidewalk Infill Plan dated 1/21/2022

Does this request require regulatory/other outside approval?

No

827 Pedestrian Lighting - Green Bay St, from South Ave to Losey Blvd

(No Funding in 2026)

Total Funding

\$1,600,000

New Borrowing: \$1,600,000

Installation of pedestrian scale lighting on Green Bay Street.
Companion projects: Green Bay, East Ave to 22nd; Green Bay, 22nd to Losey; Green Bay, 14th to East Ave; and Green Bay, 9th to 14th.
To be staged in multiple years, during or after roadway projects.

Requesting Department(s): Engineering

Request Type: Project

Current Status: Not started

Timeline: 2029 to 2030

Department Point of Contact: Hassemer, Jamie

Justification:

What is the request's desired outcome?

Increased awareness, safety, and conspicuity of pedestrians and bicycles throughout the Green Bay Street corridor.

How will this outcome be measured?

New lights, increased lighting levels.

What is the methodology used to determine the budget for this project?

Past Engineering projects.

Explain why project will take more than one year to complete?

To be staged across multiple years to coincide with Street projects and install extensive length in stages.

832 Pedestrian Lighting - 8th & 9th Streets, from Market St to Cameron Ave

(No Funding in 2026)

Total Funding

\$535,000

New pedestrian scale lighting installation on 400, 500, and 600 blocks of 8th and 9th Streets South.

Requesting Department(s): Engineering
Request Type: Project
Current Status: Not started
Timeline: 2028
Department Point of Contact: Hassemer, Jamie

Justification:

What is the request's desired outcome?
 Increased lighting for safety, security, and pedestrian and bicycle traffic.

How will this outcome be measured?
 Installed lights.

What is the methodology used to determine the budget for this project?
 Past Engineering projects.

Approval & Oversight:

Has request been approved by an oversight board?
 No

Is this request part of an approved master plan?
 No

Does this request require regulatory/other outside approval?
 No

Outside Funding:

Does this request require the city to contribute funds?

846 Pedestrian Lighting - Clinton St from Avon St to George St*(No Funding in 2026)***Total Funding****\$400,000**

Installation of Pedestrian Lighting on Clindon St, from Avon St to George St. Infill of city owned pedestrian scale lighting, as part of cityside master plan for pedestrian and bicycle facilities. Clinton Street provides a corridor of access for vehicles, bicycles, and pedestrians, from USH 53 (Rose St) to STH 35 (George). This connects bike/ped facilities on Clinton from Bainbridge St, to Rose with facilities on Ranger Dr, and subsequently to the Bud Hendrickson Trail that runs from Ranger Dr & Gillette St along and over the BNSF Rail yard to the intersection of Oak St & Enterprise Ave, from which there is a connection to three streets with bike lanes, serving the Interstate Industrial Park, the City of Onalaska, and the State Trails system. This continues ornamental street lighting from the Uptown area at Caledonia & Clinton, to the east.

Requesting Department(s): Engineering

Request Type: Project

Current Status: Not yet started

Timeline: 2029

Department Point of Contact: Gallagher, Matthew

Justification:

What is the request's desired outcome?

Increased nighttime lighting levels for pedestrian and vehicular traffic, extension of ornamental streetscape from Uptown area.

How will this outcome be measured?

Installation of new lighting infrastructure, including bases, poles, lights, conduit, wiring, and cabinet(s).

What is the methodology used to determine the budget for this project?

Previous Engineering projects and recent bids.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by City Plan Commission on 8/29/2022 (see Legistar 22-0789)

Is this request part of an approved master plan?

Yes it is part of City of La Crosse Bicycle Pedestrian Master Plan dated 10/10/2013

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

885 Palace Street - midblock RRFB east of Charles St

(No Funding in 2026)

Total Funding

\$60,000

New Borrowing: \$60,000

Installation of pedestrian refuge median island and Rectangular Rapid Flashing Beacon (RRFB) for safety concerns. Request by Neighborhood group. Proximity to Badger/Hickey Park. To be retrofitted into existing pavement.

Requesting Department(s): Engineering; Streets

Request Type: Project

Current Status: not designed.

Timeline: 2030

Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?

Increased safety and awareness of pedestrians at crosswalk.

How will this outcome be measured?

Installation of median islands, beacons, signing, and marking.

What is the methodology used to determine the budget for this project?

Engineering Dept. Estimates.

901 Annual Capital Streetscape & Lighting Maintenance Program

2026 Funding	Total Funding
\$110,000	\$780,000
New Borrowing: \$110,000	New Borrowing: \$780,000

Annual maintenance of City owned infrastructure related to streetscape and streetlighting. Includes replacement of poles, bases, electrical appurtenances, and street furniture at or near end of life. Utilizes capital funds for replacement of capitalized assets that require extended maintenance and cause increased liability over time if not replaced on plan/schedule.

The first candidates for replacement include those oldest project installed with City and State projects in the 1990s and early 2000s, including the Central Business District and the north side corridors of Rose Street and Copeland Avenue.

Requesting Department(s): Engineering; Streets
Request Type: Program
Current Status: In progress
Timeline: 2024 to 2031
Department Point of Contact: Schmutzer, Troy

Justification:

What is the request's desired outcome?

Improvement of deteriorating street lighting and streetscaping materials.

How will this outcome be measured?

Replacement of lighting poles, bases, electrical appurtenances, and street furniture.

What is the methodology used to determine the budget for this project?

Previous Engineering department projects.

Explain why project will take more than one year to complete?

Sections of lighting will be done as funding allows based on need and age of existing assets.

924 Sidewalk Infill East side HWY 14/61/35 - Zion Dr to 33rd St S

(No Funding in 2026)

Total Funding

\$70,000

New Borrowing: \$70,000

Sidewalk infill from 33rd Street S to Zion Dr on the East side of HWY 14/61/35. This completes the sidewalk from 33rd Street to southern edge of City Limits. The project will also provide accessible curb ramps to reach the existing MTU bus stop on 33rd Street. Project requested from CM Neumann.

Requesting Department(s): Engineering
Request Type: Project
Current Status: Not Started
Timeline: 2029
Department Point of Contact: Haldeman, Cullen

Justification:

What is the request's desired outcome?
Add sidewalk to complete pedestrian access.

How will this outcome be measured?
Lineal feet of new sidewalk.

What is the methodology used to determine the budget for this project?
Engineering Department Estimates.

Approval & Oversight:

Has request been approved by an oversight board?
Yes by Bicycle and Pedestrian Advisory Committee on 12/12/2023

Is this request part of an approved master plan?
Yes it is part of Green Complete Streets

Does this request require regulatory/other outside approval?
No

925 Midblock Crosswalk - 1600 block Park Ave

(No Funding in 2026)

Total Funding

\$30,000

New Borrowing: \$30,000

Installation of midblock curb extensions and crosswalk between Tower Park and Mount Calvary-Grace School. Feedback from administrators at the school identified speeding cars as a safety concern on Park Ave.

CM Schwarz requested

Requesting Department(s): Engineering

Request Type: Project

Current Status: Not Started

Timeline: 2029

Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?

Safer crossing of Park Ave between Grace Calvary and Tower Park and reduced speeds near the school.

How will this outcome be measured?

Installation of midblock crosswalk and curb extensions.

What is the methodology used to determine the budget for this project?

Engineering Department Estimate.

946 King Street Greenway Extension

2026 Funding	Total Funding	
\$250,000	\$1,550,000 New Borrowing: \$1,200,000	

The King Street Greenway currently exists from 7th to 22nd Street. The King Street Greenway Extension will be an expansion of the existing greenway which gives multimodal access to many residents and businesses alike. The greenways extension from 3rd to 7th Street will create an essential multi-modal connection to the larger transportation network in La Crosse. The King Street Greenway extension will pass by important community amenities including a grocery store, the MTU Transit Center, Cameron Park, and many more. The plan for King Street Greenway includes temporary painted bump out treatments on 3rd and 4th Street with a raised alley crossing between the two streets. Additionally, between 5th and 7th Street the plan includes curb extensions on all intersections with bioretention planters and rain gardens on portions of each intersection with a pedestrian refuge island on 7th Street. Current estimate does not include utility work.

Requesting Department(s): Engineering; Streets
Request Type: Project
Current Status: Construction Plans Complete.
Timeline: 2025 to 2030
Department Point of Contact: Sward, Stephanie

Justification:What is the request's desired outcome?

The King Street Greenway's desired outcome is to create a vital and safe space for bicyclists and pedestrians of all ages to reach desired destinations including downtown La Crosse, Riverside Park, Cameron Park Farmer's Market, and many more. This project creates an essential multi-modal connection to the larger active transportation network in La Crosse. It will connect to the Riverside Park shared use path, 2nd Street cycle track, 7th Street shared lanes, 17th Street Greenway, and extend to 22nd Street. The King Street Greenway is a priority project in the 2012 Bicycle and Pedestrian Master Plan.

How will this outcome be measured?

Increased usage by bicyclists and pedestrians and decreased crashes along this corridor.

What is the methodology used to determine the budget for this project?

Engineering provided cost estimates and accounted for plan development, state review of design and construction, and construction costs.

Explain why project will take more than one year to complete?

Project design and construction need to be completed in different years and receive approval from the Wisconsin Department of Transportation.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Bicycle and Pedestrian Advisory Committee on 2/13/2024 (see Registrar 24-0249)

Is this request part of an approved master plan?

Yes it is part of Bicycle and Pedestrian Master Plan (2012) dated 10/10/2012

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.
 Approvals Received: No
 Approvals Remaining: Board of Public Works and Wisconsin Department of Transportation.

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

966 Pedestrian Lighting - Island St from Charles to George and Charles from Island to Hagar

(No Funding in 2026)

Total Funding

\$400,000

New Borrowing: \$400,000

Installation of pedestrian lighting for safety and mizzd used by vehicles, pedestrians, and bicycles along Island St from Charles to George and Charles St from Island St to Hagar.
Request by Neighborhood group and CM Janssen.

Requesting Department(s): Engineering

Request Type: Project

Current Status: Not Started

Timeline: 2030

Department Point of Contact: Hassemer, Jamie

Justification:

What is the request's desired outcome?

Increased lighting levels for safety and neighborhood use.

How will this outcome be measured?

Installation of new lights and increased levels of light.

What is the methodology used to determine the budget for this project?

Past engineering projects and estimates.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

1031 Ranger Drive Protected Bike Lanes

(No Funding in 2026)

Total Funding

\$380,000

New Borrowing: \$380,000

Installation of protected bike lanes along Ranger Drive from George Street to Gillette Street.
Part of the newly adopted Bicycle & Pedestrian Master Plan to address safety and accessibility for all ages and abilities of bicycle users.
Median barrier to be retrofit into existing pavement, as the street is less than 5 years old.

Requesting Department(s): Engineering; Planning and Development

Request Type: Project

Current Status: not designed

Timeline: 2030

Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?
protected bike lanes along Ranger Drive.

How will this outcome be measured?
Increased usage among bicyclists of all ages.

What is the methodology used to determine the budget for this project?
Past Engineering Estimates.

Approval & Oversight:

Has request been approved by an oversight board?
No

Is this request part of an approved master plan?
Yes it is part of La Crosse Bicycle and Pedestrian Master Plan dated 8/8/2024

Does this request require regulatory/other outside approval?
No

Outside Funding:

Does this request require the city to contribute funds?
No

Does this request use donated funds?
No

1036 STP-Urban City Replacement Sidewalk

(No Funding in 2026)

Total Funding

\$150,000

New Borrowing: \$150,000

Replacement of City Sidewalk in conjunction with State projects to reduce the time required for coordination with private property owners.

Requesting Department(s): Engineering
Request Type: Project
Current Status: not designed
Timeline: 2027 to 2028
Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?
Replacement of City sidewalk

How will this outcome be measured?
square foot of sidewalk

What is the methodology used to determine the budget for this project?
engineering estimate

Explain why project will take more than one year to complete?
Tied to STP Urban project schedule

Approval & Oversight:

184 Street Best Management Practice (BMP)

2026 Funding	Total Funding
\$50,000	\$600,000

Funding for the minor stormwater quality improvement components of Complete Street projects such as adding a Bio-cell excavation and soil. Full Green Infrastructure projects are funded on a project by project basis. Any funds not allocated at year end will not rollover and be returned to the Storm Water cash reserve.

Requesting Department(s): Engineering; Stormwater Utility
Request Type: Program
Current Status: Not Started
Timeline: 2020 to 2031
Department Point of Contact: Erickson, Tina

Justification:

What is the request's desired outcome?
 Funding to add "Green" stormwater component to complete streets.

How will this outcome be measured?
 Pounds of TSS removed annually.

What is the methodology used to determine the budget for this project?
 Past needs and costs.

Explain why project will take more than one year to complete?
 Ongoing program, with unused funds rolled into balance for next year.

Approval & Oversight:

Has request been approved by an oversight board?
 Yes by Common Council on 7/1/2012 (see Legistar N/A)

Is this request part of an approved master plan?
 Yes it is part of Stormwater Utility creation and maintenance dated 7/1/2012

Does this request require regulatory/other outside approval?
 No

Outside Funding:

Does this request require the city to contribute funds?
 No

Does this request use donated funds?
 No

227 Sanitary Sewer Repair and Rehab Projects

(No Funding in 2026)

Total Funding

\$2,200,000

Preventative maintenance done on sanitary sewer system in conjunction with street projects. Budgeted every 2 years. Dept Rank High.

Requesting Department(s): Sanitary Sewer Utility
Request Type: Program
Current Status: Not Started
Timeline: 2020 to 2031
Department Point of Contact: Schipper, Luke

Justification:

What is the request's desired outcome?

Restore failing sanitary sewers and reduce inflow & infiltration of clean water into the sanitary sewer system.

How will this outcome be measured?

Continued operations of sewer system without breakdowns.

What is the methodology used to determine the budget for this project?

Past experience & engineering estimates.

Approval & Oversight:

500 Myrick Pump Station Improvements

2026 Funding

\$5,000,000

Total Funding

\$17,500,000

To study and improve the Myrick Pump Station office, shop, and warehouse space. Includes a needs/planning study in 2021, design and bidding in 2021-24, Asbestos removal in 2022. Construction in 2025 & 2026.

Requesting Department(s): Water Utility
Request Type: Project
Current Status: Design
Timeline: 01/20 to 10/27
Department Point of Contact: Greebon, Derek

Justification:

What is the request's desired outcome?
 Improved work efficiencies driven by space need improvement.

How will this outcome be measured?
 Utilization of newly created space.

What is the methodology used to determine the budget for this project?
 Similar past projects. Year one study will define final scope and costs.

Explain why project will take more than one year to complete?
 Major construction project with planning phase.

684 Bluff Slough Sanitary Station Controls Upgrade

*(No Funding in
2026)*

Total Funding

\$700,000

Upgrade to the control system at the Bluff Slough sanitary lift station.

Requesting Department(s): Sanitary Sewer Utility

Request Type: Project

Current Status: Planning

Timeline: 2024 to 2027

Department Point of Contact: Hein, Brian

Justification:

What is the request's desired outcome?

Update the control systems at the Bluff Slough sanitary lift station to replace antiquated equipment and maintain reliable operations of sanitary sewer infrastructure.

How will this outcome be measured?

Continued reliable operation of the lift station.

What is the methodology used to determine the budget for this project?

Contractor estimate

689 Parkview Sanitary Station Controls Upgrade

(No Funding in 2026)

Total Funding

\$710,000

Upgrading of the control systems at the Parkview sanitary lift station. Sister project to #684.

Requesting Department(s): Sanitary Sewer Utility
Request Type: Project
Current Status: Planning
Timeline: 2027
Department Point of Contact: Hein, Brian

Justification:

What is the request's desired outcome?

Update the control systems at the Parkview sanitary lift station to replace antiquated equipment and maintain reliable operations of sanitary sewer infrastructure.

How will this outcome be measured?

Replacement of system

What is the methodology used to determine the budget for this project?

Contractor estimates

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

690 Valleybrook Sanitary Station Rehabilitation

*(No Funding in
2026)*

Total Funding

\$400,000

Upgrading the control and pumping systems at the Valleybrook sanitary lift station.

Requesting Department(s): Sanitary Sewer Utility

Request Type: Project

Current Status: Planning

Timeline: 2028 to 2029

Department Point of Contact: Hein, Brian

Justification:

What is the request's desired outcome?

Update the control and pumping systems at the Valleybrook sanitary lift station to replace antiquated equipment and maintain reliable operations of sanitary sewer infrastructure.

How will this outcome be measured?

Continued reliable operation of the lift station

What is the methodology used to determine the budget for this project?

Vendor Estimate.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

708 Disinfection Building Roof Replacement

*(No Funding in
2026)*

Total Funding

\$150,000

Replace the aging roof on the disinfection building at the waste water treatment plant.

Requesting Department(s): Sanitary Sewer Utility

Request Type: Project

Current Status: Planning

Timeline: 2027

Department Point of Contact: Hein, Brian

Justification:

What is the request's desired outcome?

Replace aging roof on the treatment plant disinfection building, the roof will be 33 years old.

What is the methodology used to determine the budget for this project?

Contractor estimate

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

808 Ultra Violet Treatment System Replacement at Wastewater Treatment Plant

2026 Funding	Total Funding
\$500,000	\$6,000,000 New Borrowing: \$500,000

Replace the UV treatment system with new, due to age

Requesting Department(s): Sanitary Sewer Utility
Request Type: Project
Timeline: 1/2025 to 12/2028
Department Point of Contact: Greeno, Jared

Justification:

What is the request's desired outcome?

Planned Replacement so is operational and we have no failures

How will this outcome be measured?

If UV is replaced

What is the methodology used to determine the budget for this project?

Engineers estimate from Feasibility Study plus inflation

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

Yes it is part of Wastewater Treatment Plant Facility Plan 2020-40 dated 5/14/2020

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: WDNR design approval and permitting

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

809 Replace Cold Storage roof at WWTP

(No Funding in 2026)

Total Funding

\$200,000

Planned Roof Replacement

Requesting Department(s): Sanitary Sewer Utility
Request Type: Project
Timeline: 1/2028 to 10/2028
Department Point of Contact: Greeno, Jared

Justification:

What is the request's desired outcome?
 Dry building

How will this outcome be measured?
 Dry building

What is the methodology used to determine the budget for this project?
 Facility Plan Engineering estimate plus inflation

Approval & Oversight:

Has request been approved by an oversight board?
 No

Is this request part of an approved master plan?
 Yes it is part of WWTP Facility plan 2020-40 dated 5/14/2020

Does this request require regulatory/other outside approval?
 No

Outside Funding:

Does this request require the city to contribute funds?
 No

Does this request use donated funds?
 No

812 Add 3rd Pump and outfall to Monitor St. Lift Station

(No Funding in 2026)

Total Funding

\$1,000,000

New Borrowing: \$100,000

The 2022 project added a spot for a pump, but it would not be needed until Monitor Street Storm water pipes are upsized. This project to be constructed after the Monitor Street Reconstruction (CIP 182).

Requesting Department(s): Stormwater Utility

Request Type: Project

Timeline: 2027 to 2028

Department Point of Contact: Hein, Brian

Justification:

What is the request's desired outcome?
reduce flooding on Northside

How will this outcome be measured?
Flooding occurrence in sewershed

What is the methodology used to determine the budget for this project?
Engineer estimate from EDA project

Explain why project will take more than one year to complete?
Design in 2027, construction in 2028

Approval & Oversight:

Has request been approved by an oversight board?
No

Is this request part of an approved master plan?
No

Does this request require regulatory/other outside approval?
No

Outside Funding:

Does this request require the city to contribute funds?
No

Does this request use donated funds?
No

814 Mormon Coulee Road Flood Fix Study

*(No Funding in
2026)*

Total Funding

\$100,000

Hire consultant to perform an engineering study to determine a fix to the Mormon Coulee Road flooding.

Requesting Department(s): Stormwater Utility

Request Type: Project

Timeline: 1/2029 to 10/2029

Department Point of Contact: Asp, Brian

Justification:

What is the request's desired outcome?

A preliminary design and cost estimate to reduce flooding

How will this outcome be measured?

When we have a defined project to put into the 2028 CIP

What is the methodology used to determine the budget for this project?

Knowledge of cost of past projects like this.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

877 Fiber to Well 13

(No Funding in 2026)

Total Funding

\$75,000

Add conduit, fiber, connections, and equipment to connect Well 13 to SCADA via fiber network.

Requesting Department(s): Water Utility
Request Type: Project
Current Status: Not Started
Timeline: 2029
Department Point of Contact: Asp, Brian

Justification:

What is the request's desired outcome?
Reliable connection to SCADA

How will this outcome be measured?
When the Well 13 is connected via fiber, and the cell phone connection can be removed

What is the methodology used to determine the budget for this project?
Estimate from Engineering Department

Approval & Oversight:

Has request been approved by an oversight board?
No

Is this request part of an approved master plan?
No

Does this request require regulatory/other outside approval?
No

Outside Funding:

883 Water Utility Replacement Funds

2026 Funding	Total Funding	
\$100,000	\$700,000	
<p>This is a pot of money to fund bid awards containing water mains, valves, hydrants, and services installed by contractors that were not scoped with original projects. Any funds not allocated at year end will not rollover and be returned to the Water cash reserve.</p> <p>Requesting Department(s): Water Utility Request Type: Project Current Status: Not Started Timeline: 2024 to 2031 Department Point of Contact: Medinger, Peter</p>		

Justification:

What is the request's desired outcome?

Provide funding for projects that were not scoped to defined need at time of budgeting.

How will this outcome be measured?

Projects have sufficient funding

What is the methodology used to determine the budget for this project?

Based off previous years unbudgeted need

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

884 Hwy 16 New Water Transmission Line

2026 Funding

\$4,000,000

Total Funding

\$10,100,000

Install new 20-inch water transmission line to increase the water system capacity, pressure, and redundancy to La Crosse's north side.

Requesting Department(s): Water Utility
Request Type: Project
Current Status: Not Started
Timeline: 2024 to 2026
Department Point of Contact: Asp, Brian

Justification:

What is the request's desired outcome?

Improved water system capacity, pressure, and redundancy.

How will this outcome be measured?

Increased water capacity, pressure, and redundancy to La Crosse's north side residents and businesses.

What is the methodology used to determine the budget for this project?

Consultant's estimate

Explain why project will take more than one year to complete?

Project will require design, permitting and possible easements before construction.

Approval & Oversight:

976 WWTP Digester Cover Rehabilitation

*(No Funding in
2026)*

Total Funding

\$1,000,000

Rehabilitation of a digester cover at the WWTP

Requesting Department(s): Sanitary Sewer Utility

Request Type: Project

Current Status: Not Started

Timeline: 2028

Department Point of Contact: Greeno, Jared

Justification:

What is the request's desired outcome?

The rehabilitation of one of the digester covers at the WWTP.

How will this outcome be measured?

Having a fully functioning cover on the digester to insure efficient performance.

What is the methodology used to determine the budget for this project?

Engineering Estimate

Approval & Oversight:

1010 Mormon Creek Sanitary Sewer Replacement

2026 Funding	Total Funding	
\$100,000	\$100,000	
<p>Replace and improve sanitary sewer along Mormon Creek.</p> <p>Requesting Department(s): Engineering; Sanitary Sewer Utility Request Type: Project Current Status: Not Started Timeline: 2026 to 2031 Department Point of Contact: Schipper, Luke</p>		

Justification:

What is the request's desired outcome?

Repair and improve sanitary sewer.

How will this outcome be measured?

Improved sanitary flow.

What is the methodology used to determine the budget for this project?

Engineering estimate.

Explain why project will take more than one year to complete?

Engineering study required to establish needs.

Approval & Oversight:

Has request been approved by an oversight board?

No

1028 Fiber connection to Wells 16 & 17

(No Funding in 2026)

Total Funding

\$70,000

Add conduit, fiber, connections, and equipment to connect Well 16 & Well 17 to SCADA via existing fiber network.

Requesting Department(s): Engineering; Water Utility

Request Type: Project

Current Status: not designed

Timeline: 2028

Department Point of Contact: Greebon, Derek

Justification:

What is the request's desired outcome?

Reliable connection to SCADA.

How will this outcome be measured?

When Wells 16 & 17 are connected via fiber and the cell phone connection can be removed.

What is the methodology used to determine the budget for this project?

Past Engineering Estimates.

Approval & Oversight:

1034 WWTP Grit Dewatering Pits*(No Funding in 2026)***Total Funding****\$600,000**

Reconstruct the grit dewatering pits at the WWTP. The pits are use for separating solids and liquids from vacuum trucks and street sweepers.

Requesting Department(s): Sanitary Sewer Utility; Stormwater Utility

Request Type: Project

Current Status: Not Started

Department Point of Contact: Schipper, Luke

Justification:

What is the request's desired outcome?

Design grit dewatering pits to handle the volume of vacuum trucks and street sweepers for maximum efficiency.

How will this outcome be measured?

Fully functioning grit pits.

What is the methodology used to determine the budget for this project?

Previous construction estimates.

1037 King St Water Valve Replacement*(No Funding in 2026)***Total Funding****\$450,000**

Replacing and installing new water valves on the King St transmission line.

Requesting Department(s): Water Utility

Request Type: Project

Current Status: Not Started

Timeline: 2028

Department Point of Contact: Greebon, Derek

Justification:

What is the request's desired outcome?

Replacing and installing new water valves on the King St transmission line.

How will this outcome be measured?

Creating the ability to isolate portions of a major water transmission line.

What is the methodology used to determine the budget for this project?

Engineering estimate.

615 Construct Connector Taxiway

(No Funding in 2026)

Total Funding

\$1,200,000

Requesting Department(s): Airport
Request Type: Project
Current Status: Pre-Design
Timeline: 2029
Department Point of Contact: Tripp, Jeffrey

Justification:

What is the request's desired outcome?

The desired outcome is a new taxiway to improve safety and flow of aircraft movement on the airfield.

How will this outcome be measured?

Improvement of airfield geometry.

What is the methodology used to determine the budget for this project?

Engineer estimate.

Explain why project will take more than one year to complete?

This project may take more than one year due to the difference in the City's fiscal year and that of our State/Federal funding partners.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Aviation Board on 1/18/2022 (see Legistar 22-0059)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: FAA and Wisconsin Department of Transportation - Bureau of Aeronautics

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

Request Budget

	Past	2026	2027	2028	2029	2030	Total
FUNDING SOURCES:

616 Terminal Outbound Baggage Replacement**2026 Funding****\$800,000****Total Funding****\$800,000**

Replace the existing terminal outbound baggage system to meet current and future demand.

Requesting Department(s): Airport
 Request Type: Project
 Current Status: Pre-Design
 Timeline: 2026 to 2029
 Department Point of Contact: Tripp, Jeffrey

Justification:What is the request's desired outcome?

The desired outcome is a new baggage conveyor for outbound baggage that meets the current and future needs of the airport.

How will this outcome be measured?

Replace the system due to its age to improve airport performance and passengers' service quality.

What is the methodology used to determine the budget for this project?

Engineer's estimate.

Explain why project will take more than one year to complete?

Project is subject to receipt of federal/state grant funding and delivery of the system components once bid. Project will take more than one year to complete.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 1/16/2024 (see Legistar 24-0086)

Is this request part of an approved master plan?

Yes it is part of Airport Layout Plan dated 4/14/2022

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: Federal Aviation Administration and Wisconsin Department of Transportation Bureau of Aeronautics.

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

619 Prepare Development Site*(No Funding in 2026)***Total Funding****\$170,000**

Remove existing sand storage facility and prepare the site for future development.

Requesting Department(s): Airport
Request Type: Project
Current Status: Pre-Design
Timeline: 2027 to 2028
Department Point of Contact: Tripp, Jeffrey

Justification:

What is the request's desired outcome?

The desired outcome is a demolished building and a prepared site for development.

How will this outcome be measured?

Successful demolition of old building.

What is the methodology used to determine the budget for this project?

Engineer's estimate.

Explain why project will take more than one year to complete?

This project may take two years due to the fiscal years of our Federal and State partners differing from the fiscal year of the City.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Aviation Board on 1/18/2022 (see Legistar 22-0059)

621 Snow Removal Equipment Building Rehabilitation/Expansion**2026 Funding****\$100,000****Total Funding****\$2,850,000**

Modernize, expand, and alter the snow removal equipment building to meet current and future needs.

Requesting Department(s): Airport
 Request Type: Project
 Current Status: Pre-Design
 Timeline: 01/2026 to 12/2028
 Department Point of Contact: Tripp, Jeffrey

Justification:What is the request's desired outcome?

The desired outcome is a modernized and updated snow removal equipment building.

How will this outcome be measured?

Based on existing building design standards and functionality of building.

What is the methodology used to determine the budget for this project?

Engineer's estimate.

Explain why project will take more than one year to complete?

It is intended that this project will be designed in 2026 and constructed in 2028-2029.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 1/16/2024 (see Legistar 24-0086)

711 South GA Apron Reconstruction*(No Funding in 2026)***Total Funding****\$9,400,000**

Requesting Department(s): Airport
 Request Type: Project
 Current Status: Pre-Planning
 Timeline: 9/2030 to 9/2031
 Department Point of Contact: Koss, Lauren

Justification:What is the request's desired outcome?

The desired outcome is a rehabilitated apron, extending the useful life of the pavement.

How will this outcome be measured?

A completed apron project that meets FAA specifications.

What is the methodology used to determine the budget for this project?

Engineers estimate.

Explain why project will take more than one year to complete?

A grant is usually anticipated late in the Federal fiscal year which is too close to winter to start construction, pushing construction to late spring or summer of the next year.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 1/16/2024 (see Legistar 24-0086)

Is this request part of an approved master plan?

Yes it is part of Airport Layout Plan dated 4/14/2022

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: Federal Aviation Administration and Wisconsin Department of Transportation - Bureau of Aeronautics

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

712 Airfield Drainage Improvements

2026 Funding	Total Funding
\$1,575,000	\$3,675,000

Improvements to aging airfield drainage infrastructure.

Requesting Department(s): Airport
 Request Type: Project
 Current Status: Pre-Design
 Timeline: 2026 to 2029
 Department Point of Contact: Tripp, Jeffrey

Justification:What is the request's desired outcome?

The desired outcome is an improved stormwater system on the airport. This includes better drainage from critical infrastructure and repairs to existing infrastructure.

How will this outcome be measured?

Construction meets the intent of the previously developed storm water study, completed in fall of 2023.

What is the methodology used to determine the budget for this project?

The budget is determined by the stormwater study completed in 2023. The budget has been increased 20% at the recommendation of the engineer. The project is split into 3 phases to account for potential federal and state funding.

Explain why project will take more than one year to complete?

This project is funded with federal and state money and will be completed over multiple fiscal years.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 1/16/2024 (see Legistar 24-0086)

Is this request part of an approved master plan?

Yes it is part of Airport ALP dated 4/14/2022

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: Wisconsin Department of Transportation - Bureau of Aeronautics, Federal Aviation Administration

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

767 Reconstruct South Terminal Parking Lots

2026 Funding	Total Funding
\$2,100,000	\$2,200,000

Complete a multi-phase project to reconstruct the terminal's southern short & long term parking lots.

Requesting Department(s): Airport
 Request Type: Project
 Current Status: Design
 Timeline: 07/2026 to 12/2027
 Department Point of Contact: Tripp, Jeffrey

**Justification:**What is the request's desired outcome?

This project will rehabilitate the existing pavements of the short and long term parking lots at the airport terminal. Design of this project is being completed under CIP project 23-088. This project will complete the construction phase. Due to the anticipated total project cost, it is anticipated to complete the construction in two phases, subject to state aid funding availability.

How will this outcome be measured?

Continued serviceability of the terminal's parking lots.

What is the methodology used to determine the budget for this project?

Engineers estimate.

Explain why project will take more than one year to complete?

State funding is allocated based on its fiscal year and allocation level. This is a multi-year project to design, construct, and closeout the grant(s).

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 1/16/2024 (see Legistar 24-0086)

Is this request part of an approved master plan?

Yes it is part of Airport Layout Plan dated 4/14/2022

Does this request require regulatory/other outside approval?

Yes, and it has received all required approvals.

Approvals Received: WDOT - Bureau of Aeronautics, the design phase has been funded.

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

769 East GA Apron Reconstruction*(No Funding in 2026)***Total Funding****\$9,600,000**

Reconstruct a portion of the east General Aviation aircraft parking apron.

Requesting Department(s): Airport
Request Type: Project
Current Status: Conceptual
Timeline: 01/2028 to 12/2029
Department Point of Contact: Tripp, Jeffrey

Justification:What is the request's desired outcome?

The project will result in an extended life of aircraft parking apron. 2027 funding will be for design and 2028 funding will be for construction.

How will this outcome be measured?

The desired outcome is a safe and operable parking apron.

What is the methodology used to determine the budget for this project?

Engineers estimate.

Explain why project will take more than one year to complete?

Due to our State/Federal partners having a fiscal year that is different than the City's.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 1/18/2022 (see Legistar 22-0059)

Is this request part of an approved master plan?

Yes it is part of Airport Layout Plan

Does this request require regulatory/other outside approval?

917 Environmental Assessment - Runway 4/22 Removal

2026 Funding	Total Funding
\$190,000	\$590,000

The Federal Aviation Administration requires an Environmental Assessment to comply with the National Environmental Policy Act for removing of runways. In keeping with the La Crosse Regional Airport's 2037 Airport Master Plan, which calls for the removal of Runway 4/22, this Environmental Assessment is required to continue moving that plan forward.

Requesting Department(s): Airport
 Request Type: Project
 Current Status: Preliminary
 Timeline: 2026 to 2028
 Department Point of Contact: Tripp, Jeffrey

Justification:What is the request's desired outcome?

The outcome of this project will be determined by the Federal Aviation Administration which is the responsible agency for this action under the National Environmental Policy Act. An outcome will either be a Finding of No Significant Impact, a Finding of No Significant Impact with a Record of Decision, or a requirement to conduct a full Environmental Impact Statement.

How will this outcome be measured?

The Federal Aviation Administration is the responsible agency for this action under the National Environmental Policy Act and will determine the outcome.

What is the methodology used to determine the budget for this project?

Consultant estimate.

Explain why project will take more than one year to complete?

This project is scheduled to start in Federal Fiscal Year 2026 and typically requires up to 24 months to complete.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 1/16/2024 (see Legistar 24-0086)

Is this request part of an approved master plan?

Yes it is part of 2037 Airport Master Plan dated 4/14/2022

Does this request require regulatory/other outside approval?

Yes, and it has received all required approvals.

Approvals Received: No

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

918 Remove Runway 4/22*(No Funding in 2026)***Total Funding****\$10,400,000**

Complete the environmental reviews, design and removal of Runway 4/22 pavements and associated lighting and signs. Project limits for all phases will be determined by the design, consultation with the Federal Aviation Administration, and available project funding.

Requesting Department(s): Airport
 Request Type: Project
 Current Status: Preliminary
 Timeline: 10/2028 to 12/2031
 Department Point of Contact: Tripp, Jeffrey

Justification:What is the request's desired outcome?

This project is a multi-year, multi-phase project to complete the full removal of Runway 4/22 and addressing several FAA runway safety "hot spots". The exact phases will be determined by the environmental and design work under project 918.

How will this outcome be measured?

The outcome will be measured through consultant interaction, coordination with the Wisconsin Department of Transportation - Bureau of Aeronautics, and the Federal Aviation Administration. This project will be measured by a completed scope of work.

What is the methodology used to determine the budget for this project?

Consultant communication and similar projects at other airports. The overall project, including environmental, design and (up to) three construction phases of work, was determined by escalating similar projects at two airports in Illinois. Project costs will be updated during the design phase to further refine needed construction phase funding.

Explain why project will take more than one year to complete?

This overall project requires the following phases: required environmental assessment (2 years), design (1 year) and 2 or 3 construction phases each taking one year, all subject to receipt of federal discretionary grant funding.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 1/16/2024 (see Legistar 24-0086)

Is this request part of an approved master plan?

Yes it is part of 2037 Airport Master Plan dated 4/14/2022

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: Federal Aviation Administration and Wisconsin Department of Transportation - Bureau of Aeronautics

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

1038 Terminal Fiber Optic Upgrades

2026 Funding	Total Funding	
\$500,000	\$500,000	
<p>Replace and upgrade the existing fiber optic line supporting the airport terminal to support internet, security access control system, security camera system, and parking lot access system.</p> <p>Requesting Department(s): Airport Request Type: Project Current Status: Pre-design Timeline: 01/2026 to 12/2026 Department Point of Contact: Tripp, Jeffrey</p>		

Justification:What is the request's desired outcome?

Replace and upgrade the existing fiber optic system supporting the airport terminal to support internet, security access control system, security camera system, and parking lot access system. Project will install "armored" fiber to reduce issues associated with wildlife chewing into the fiber.

How will this outcome be measured?

Replacement and upgrade of the fiber lines.

What is the methodology used to determine the budget for this project?

Engineer's estimate.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 3/17/2025 (see Legistar 25-313)

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: State approval if project is funded as a state/local project. Otherwise, 100% airport funded.

Outside Funding:Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

1040 Terminal Emergency Generator Replacement

2026 Funding	Total Funding	
\$550,000	\$550,000	
<p>Replace and upgrade the existing emergency generator supporting the Airport Terminal.</p> <p>Requesting Department(s): Airport Request Type: Project Current Status: Pre-design Timeline: 01/2026 to 12/2027 Department Point of Contact: Tripp, Jeffrey</p>		

Justification:What is the request's desired outcome?

Replace and upgrade the existing emergency generator supporting the Airport Terminal and its systems to include the security access control system, parking lot operating system, security camera system, and city internet.

How will this outcome be measured?

Installation of the new emergency generator.

What is the methodology used to determine the budget for this project?

Engineer's estimate.

Explain why project will take more than one year to complete?

This project will overlap federal, state, and city fiscal years. Delivery time for the generator is unknown until bids are received.

Approval & Oversight:Has request been approved by an oversight board?

Yes by Aviation Board on 3/17/2025 (see Legistar 25-0313)

1042 Runway 13/31 Rehabilitation - Rebid

(No Funding in 2026)

Total Funding

\$6,000,000

This project was designed and bid in May 2022 with bids received exceeding available federal funding. This project will update the bid documents and re-bid this pavement preservation project.

Requesting Department(s): Airport
Request Type: Project
Current Status: Designed.
Timeline: 01/2028 to 12/2028
Department Point of Contact: Tripp, Jeffrey

Justification:

What is the request's desired outcome?

Re-bidding the runway pavement preservation project.

How will this outcome be measured?

Project is bid and completed.

What is the methodology used to determine the budget for this project?

Previous bids received.

Explain why project will take more than one year to complete?

The design and completion of the runway pavement preservation project will occur over multiple federal, state, and local fiscal years to complete including grant and project closeouts.

Approval & Oversight:

Has request been approved by an oversight board?

Planned Maintenance & Repair - Copeland Ave and Lang Dr
2022, 2024, 2026, 2028, 2030 Biennial Bridge Inspections
2021, 2025, 2029 Quinquennial Underwater Bridge Inspections

Requesting Department(s): Engineering
Request Type: Program
Current Status: Ongoing
Timeline: 2020 to 2031
Department Point of Contact: Rasmussen, Ryan

Justification:

What is the request's desired outcome?

Repair and maintenance of bridges to keep them functional and safe.

How will this outcome be measured?

For the inspections, the biennial reports will be accepted and filed by the Wisconsin DOT. For the maintenance, physical construction will be completed for repairs to maintain the integrity and safety of the City's bridges.

What is the methodology used to determine the budget for this project?

Engineering estimates

Explain why project will take more than one year to complete?

Recurring inspections and maintenance/rehabilitation.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

688 Wagon Wheel Connector Trail

2026 Funding	Total Funding
\$1,500,000	\$8,030,900
New Borrowing: \$1,500,000	New Borrowing: \$4,020,500

The Wagon Wheel Trail will serve as a link between La Crosse, WI and La Crescent, MN along US Highway 14 west of the Cass St/Cameron Ave Bridges to the West Channel Boat Landing via a shared use trail and separate bridge adjacent to the West Channel Bridge.

- Widen existing north sidewalk to create 10 foot shared-use trail between West Channel Bridge and underpass west of the Cass Street Bridge.
- Install and/or modify signage and pavement markings where required, mainly at each end of the main channel Mississippi River bridges.
- Construct a separate bicycle and pedestrian bridge adjacent to the existing bridge over the west channel of the Mississippi River.

Requesting Department(s): Planning and Development
Request Type: Project
Current Status: In design, site study and plan review phase
Timeline: 01/24 to 12/27
Department Point of Contact: Trane, Andrea

Justification:

What is the request's desired outcome?

Linking the Bike/Ped Network in Minnesota via La Crescent with the Bike/Ped network in Wisconsin via La Crosse. This connection has been identified as a high priority in several regional transportation plans.

How will this outcome be measured?

Usage of trail. Decrease in pedestrian/bicycle crashes along this corridor.

What is the methodology used to determine the budget for this project?

An updated and forecasted budget that was prepared in 2023. This budget includes design, studies, State agency approvals, and construction. The total cost is anticipated to be \$6.9 million. The City was awarded a Transportation Alternatives Program grant from the WisDOT in the amount of approximately \$4 million. The City is required to locally fund approximately \$1 million of the construction cost. No additional federal grant funding may be used for that amount. The Planning Department is actively applying for other grants to reduce the remaining amount of approximately \$1.9 million. A updated budget was prepared in 2025.

Explain why project will take more than one year to complete?

Grant funding is not available until 2026 and is only eligible to be used for construction. Design and plan approval will occur 2023 through 2025. Construction to begin in 2026 and completed in 2027

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Bicycle and Pedestrian Advisory Committee on 2/17/2023

Is this request part of an approved master plan?

Yes it is part of 2035 Coulee Regional Bicycle Plan dated 5/19/2010

Does this request require regulatory/other outside approval?

Yes, and it has not received all required approvals yet.

Approvals Received: No

Approvals Remaining: Wisconsin DOT and Minnesota DOT will need to approve our recommended treatment for the shared-use trail which would cross the West Channel bridge. Board of Public Works will also require approval. Requests for approvals have been submitted. Expect to finalize throughout 2025.

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

703 Market Street Bridge Replacement

(No Funding in 2026)

Total Funding

\$250,000

Our request is to remove the existing pedestrian bridge and replace it with a new bridge constructed of more durable material.

Requesting Department(s): Engineering
Request Type: Project
Current Status: Planning
Timeline: 2027 to 2031
Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?

The desired outcome is a new pedestrian bridge.

How will this outcome be measured?

By lowering the maintenance cost and increased usage.

What is the methodology used to determine the budget for this project?

The project budget is an estimate based upon department conversations with engineering firms.

Explain why project will take more than one year to complete?

design and permitting first several years with later construction.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

\$90,000

New Borrowing: \$90,000

Original streetscape lights were removed. Includes installation of new LED pedestrian scale lighting on 7th Street, replacing temporary, used poles from inventory in 2018.

Requesting Department(s): Engineering
 Request Type: Project
 Current Status: Design complete.
 Timeline: 2031
 Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?
 Updated street lighting for safety.

How will this outcome be measured?
 Installation of new poles and LED lights, better visibility at night.

What is the methodology used to determine the budget for this project?
 Current projects' bid prices.

Approval & Oversight:

Has request been approved by an oversight board?
 Yes by Board of Public Works on 4/1/2019 (see Legistar 19-0483)

Is this request part of an approved master plan?
 No

Does this request require regulatory/other outside approval?
 No

Outside Funding:

Does this request require the city to contribute funds?
 No

Does this request use donated funds?
 No

Total Funding

\$430,200

New Borrowing: \$430,200

Complete Curb & Gutter. Contract Pave.

Street ID: S-02249

Pavement Rating: 5 Curb & Gutter Rating: Good

Distance (Miles): .074

Companion: Storm Project.

Companion: CIP Front St Regrade and Reconstruction

Requesting Department(s): Engineering; Sanitary Sewer Utility; Stormwater Utility; Streets

Request Type: Project

Current Status: Not Started

Timeline: 2031

Department Point of Contact: Wodarz, Caleb

Justification:

What is the request's desired outcome?

Reconstruct Vine Street. Reconstruct in conjunction with Front Street and raise both for drainage.

How will this outcome be measured?

PASAR rating

What is the methodology used to determine the budget for this project?

Engineering Dept. estimate

Approval & Oversight:

Has request been approved by an oversight board?

No

-	\$250,000	\$250,000

772 Pettibone Beach House

Future Funding

\$400,000

New Borrowing: \$400,000

Total Funding

\$400,000

New Borrowing: \$400,000

Renovation of exterior for Pettibone beach house.

Requesting Department(s): Parks, Recreation and Forestry

Request Type: Project

Current Status: Planning/Design

Timeline: 2027

Department Point of Contact: Flick, Jared

Justification:

What is the request's desired outcome?

To update and renovate the exterior of the Pettibone Beach House.

How will this outcome be measured?

By the completion of renovation.

What is the methodology used to determine the budget for this project?

Engineering estimate.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Board of Park Commissioners on 2/17/2022

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

774 Riverside International Friendship Gardens

Future Funding

\$25,000

New Borrowing: \$25,000

Total Funding

\$25,000

New Borrowing: \$25,000

Improvements to Riverside International Friendship Gardens.

Requesting Department(s): Parks, Recreation and Forestry

Request Type: Project

Current Status: Planning/Design

Timeline: 2030

Department Point of Contact: Trussoni, Dan

Justification:

What is the request's desired outcome?

Refreshment and enhancement of the current gardens.

How will this outcome be measured?

By the updates made.

What is the methodology used to determine the budget for this project?

Projects of similar size and scope.

Approval & Oversight:

Has request been approved by an oversight board?

Yes by Board of Park Commissioners on 2/17/2022

 Storm Sewer Needs

Requesting Department(s): Engineering; Sanitary Sewer Utility; Stormwater Utility; Streets; Water Utility
Request Type: Project
Current Status: Not Started
Timeline: 2031
Department Point of Contact: Wodarz, Caleb

Justification:

What is the request's desired outcome?
 Reconstruct street and utilities.

How will this outcome be measured?
 Improvement to storm sewer system.

What is the methodology used to determine the budget for this project?
 Engineering estimate.

Approval & Oversight:

Has request been approved by an oversight board?
 No

Is this request part of an approved master plan?
 No

Does this request require regulatory/other outside approval?
 No

Outside Funding:

Does this request require the city to contribute funds?
 No

Does this request use donated funds?
 No

1025 WWTP North Parking Lot

Future Funding	Total Funding	
\$310,000 New Borrowing: \$310,000	\$310,000 New Borrowing: \$310,000	
<p>Regrade and repave the north parking lot at the WWTP.</p> <p>Requesting Department(s): Sanitary Sewer Utility Request Type: Project Current Status: Not Started Department Point of Contact: Greeno, Jared</p>		

Justification:

What is the request's desired outcome?

Regrade and repave the north parking lot at the WWTP.

How will this outcome be measured?

Improved drainage of the parking lot.

What is the methodology used to determine the budget for this project?

Engineering estimate.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

No

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

1026 Raised intersection at 21st S N & Campbell Rd

Future Funding	Total Funding
\$316,000	\$316,000
New Borrowing: \$316,000	New Borrowing: \$316,000

Reconstruction of intersection with raised concrete intersection for safety, pedestrian crossings, and mitigation of speeding traffic. In proximity to UWL campus, Crowley Park, and Veterans Memorial Pool, this will aid with safe student walking. Currently all-way STOP with continued same permanent traffic control.

Requesting Department(s): Engineering; Sanitary Sewer Utility; Stormwater Utility; Streets; Water Utility
Request Type: Project
Current Status: not designed
Timeline: 2031
Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?

More pedestrian friendly intersection and crosswalks. Mitigated vehicular speeds.

How will this outcome be measured?

Installation of raised intersection.

What is the methodology used to determine the budget for this project?

Past Engineering Projects.

Approval & Oversight:

Has request been approved by an oversight board?

No

Is this request part of an approved master plan?

Yes it is part of La Crosse Bicycle and Pedestrian Master Plan dated 8/8/2024

Does this request require regulatory/other outside approval?

No

Outside Funding:

Does this request require the city to contribute funds?

No

Does this request use donated funds?

No

1027 East Ave Traffic Calming

Future Funding	Total Funding
\$180,000	\$180,000
New Borrowing: \$180,000	New Borrowing: \$180,000

Installation of speed tables for traffic calming on East Ave, between Losey Blvd and Shelby Rd.
Part of Green Complete Streets requirements to address safety and accessibility for all modes of traffic, as requested by the neighborhood and Alderperson. Speed tables must be retrofit into existing pavement, as the street is not planned for reconstruction.

Requesting Department(s): Engineering; Streets
Request Type: Project
Current Status: not designed
Timeline: 2031
Department Point of Contact: Sward, Stephanie

Justification:

What is the request's desired outcome?
Calming of traffic.

How will this outcome be measured?
Construction of speed tables and reduced observed speeds.

What is the methodology used to determine the budget for this project?
Past Engineering estimates.

Approval & Oversight:

Has request been approved by an oversight board?
No

Is this request part of an approved master plan?
Yes it is part of Green Complete Streets

Does this request require regulatory/other outside approval?
No

Outside Funding:

Does this request require the city to contribute funds?
No

Does this request use donated funds?
No
