MEMORANDUM

To: Finance Department, Legal Department, Water Department
From: Bernard Lenz, Asst. City Engineer
Date: 3-3-2014
Subject: Calculation of Deferred Assessment on Pending Annexation at 1938 Nakomis

The address 1938 Nokomis has a Deferred Assessment for water service as follows:

Water Main Assessment:

93.0 L.F. Frontage at \$14.00/ft = \$1,302

Service Line Cost:

13 L.F. Service at \$10/ft + \$190 = \$320

The service line fee is due at time of connection. The water main assessment can be paid at time of annexation or put as an assessment on the tax bill for a period up to 15 years.

Note: I had a previous given this same information in a memo dated 5/12/2011. A search of annexations and council minutes shows it never made it to annexation at that time.
