Re: 2018 Sewer Lining Project

Dear Mr. Mills:

We received your information on extra costs associated with the subject project.

After reviewing the information, we propose to share 50% of costs associated with high river conditions as communicated in an email from Mark Jay dated August 8, 2019. The costs are as follows:

Clean the by-pass pipe prior to shut-down	\$ 5,000.00
Rental of by-pass pumping equipment April 17 through September 3, 2019 140 days at \$550.00/day	\$ 77,000.00
Remove and reset the by-pass pumping System for River Fest	\$ 23,500.00
Lametti and Sons Re-mobilization	\$ 10,000.00
Subtotal	\$ 115,500.00
50% City share	\$ 57,750.00
Purchase of 18" Liner	\$ 1,750.00
In addition, we offer a lump sum settlement.	\$ 50,500.00
Total Proposed Settlement	\$110,000.00

In addition, we propose that the City will restore the State Street pavement and will restore the turf in Riverside Park that was damaged during the project at no cost to Lametti and Sons. We estimate the contract value of these repairs at \$ 10,000.00.

We attach Change Order Number 2 that reflects these costs.

If you agree with our proposed settlement, please sign and return the Change Order before January 21, 2020.

Regards,

---
