Dear Council Members,

I am writing to oppose the Mayor's appeal of the Historic Designation of the South Branch Library. I do not understand the Mayor's reasons for this and his letter does not clearly express them. I would think that he had an opportunity to review the application when it was first presented to him. Why is this now an issue?

I feel like the Mayor is not being honest with us and his actions are just sewing discontent and suspicion. He needs to be straight with us because this affects us a lot more than it does him.

The members of the community have clearly expressed what they would like to have done with the property - not tearing down the building and preserving the park which HTLNA folks spent a lot of time and money developing. It feels like there is an agenda here that we are not hearing about and the Mayor doesn't really care what the citizens want.

Thank you,
