Andrea Trane stated that the primary impetus for creating this district is the impending expiration of the expenditure period of TID 12 in 2027 and closure by 2032. Creating a new district with new timelines allows for longer debt repayment for the development of the River Point District. Chris Kahlow moved to approve this item. Cassandra Woodward seconded. The motion passed by voice vote 6-0.

Andrea Trane stated that the site of the former Kmart and Hardee's has been vacant since their closure in 2017 and 2019. The creation of this Tax Increment Financing District can assist with redevelopment of the site, including asbestos removal, demolition costs, etc to increase the property tax base and assist with redevelopment in this area. James Cherf moved to approve this item. Cassandra Woodward seconded. Andrea Trane stated there was a comment made on the public live stream. Kevin Hundt stated that there needs to be far more public discussion on this. The motion passed by voice vote 6-0.

5. [20-0811](#) Resolution Creating Tax Incremental District No. 20, Approving Its Project Plan and Establishing Its Boundaries.

[CPC Recommendation Report 6.29.2020](#)

Andrea Trane stated that much of this area of Bridgeview Plaza has been vacant since the closure of Shopko in January 2019, which has created a greyfield site. Currently owned by a group in Texas, there is interest from a local group in redeveloping this area. The creation of a Tax Increment Financing District can assist with redevelopment of the site to increase the property tax base and assist with redevelopment in this area. Andrea also stated that any incentives for redevelopment would need Developers Agreements and Council approval. Andrea stated there were more questions on the public live stream. Kevin Hundt asked and stated the following. 1) We as the public do not have enough information about the long term economic impact of TIDs. 2) These TIDs seem to be going to the richest and most well connected members of the Community. 3) How much of the \$15million City annual debt payment is from past TIFs/TIDs. 4) Has the City considered using eminent domain on blighted districts the private developers refused to develop and then using public money/bonds for public owned community land trust and/or cooperative developments. The Mayor requested staff to provide some answers to those questions on Thursday. The Mayor stated that no development agreements are being considered at this time, just the boundary. Any future development/expenditures would have to do through the public process. Chris Kahlow moved to approve this item. James Cherf seconded. James Cherf stated that this TID District is creating the groundwork to move quickly when redevelopment interest occurs. Mayor Kabat also stated that this TID implements an objective in the recently adopted Hwy 53 Corridor Plan. The motion passed by voice vote 6-0.

6. [20-0812](#) Public Hearing regarding the proposed amendments of project plans for Tax Incremental Districts No. 11, 13, 14, 15, 16 & 17.

**Attachments:** [Public Hearing Notice published on June 15 2020 and June 22 2020](#)

Mayor Kabat asked if anyone was present from the public in the Council Chambers or via the public live stream to speak on this item. No one was present to speak on this item.

7. [20-0813](#) Resolution Approving an Amendment to the Project Plan of Tax Incremental District No. 11, City of La Crosse, Wisconsin.

**Attachments:** [Resolution](#)  
[Exhibit A - TID 11 Project Plan DRAFT v1](#)  
[CPC Staff Report 6.29.2020](#)  
[CPC Recommendation Report 6.29.2020](#)

Andrea Trane stated that the proposed amendment will allow surplus increment from TID 11 to be shared with TID 18, if needed. TID 18, the location of River Point District, is undergoing a major redevelopment that will unfold over the next few years. Upfront costs may be needed and with TID 18 being newly created, it does not generate enough increment to bear the totality of the anticipated costs of this effort. The amendment also allows for development incentives to be utilized within the ½ mile of the TID 11 boundary. Any development agreement requiring TID financial assistance would require approval of the Economic Development Commission and the Common Council. Cassandra Woodward stated that this effort will be able to assist with the development of affordable housing. Cassandra Woodward moved to approve this item. Elaine Yager seconded. The motion passed by voice vote 6-0.

8. [20-0814](#) Resolution Approving an Amendment to the Project Plan of Tax Incremental District No. 13, City of La Crosse, Wisconsin.

[CPC Recommendation Report 6.29.2020](#)

Mayor asked for staff to provide a recap of Items #8-12 as they were all related. Andrea Trane stated that the proposed amendments to TID's 13, 14, 15, 16, & 17 will allow surplus increment from these TIDs to be shared with TID 18, if needed. TID 18, the location of River Point District, is undergoing a major redevelopment that will unfold over the next few years. Mayor Kabat asked if anyone wanted to make a motion for Items #8-12 together. Cassandra Woodward moved to approve the amendments to the Project Plans of Tax Incremental Districts No. 13, 14, 15, 16, & 17. Elaine Yager seconded. The motion passed by voice vote 6-0.

[CPC Recommendation Report 6.29.2020](#)

Andrea Trane stated that Kwik Trip requested a parcel combination for their dairy facility. Through the approval process, the City Assessor's office recommended they add 17-10285-78 to the request. However, this parcel is currently not a part of the TID and must be to complete the combination. The City Assessor's office recommended that this parcel be a part of the combination request because it is inextricably intertwined with the other parcels of the dairy facility. Elaine Yager moved to approve this item. Chris Kahlow seconded. The motion passed by voice vote 6-0.

15. [20-0827](#) AN ORDINANCE to amend Subsection 115-110 of the Code of Ordinances of the City of La Crosse transferring certain property from the Planned Development District, Special Multiple District and Floodway District to the Public/Semi-Public District to allow combining of parcels for consistency with surrounding park lands at 410 Veterans Memorial Dr. and 201 Front St. N.

Jack Zabrowski provided an overview of the item. The Parks Department is requested a rezoning of two parcels so they can be combined into the larger parcel that makes up Riverside Park. This will help them make improvements to the existing restrooms which they are not permitted to do as a parcel/property line currently runs through them. James Cherf asked if this was also related to the proposed 2nd Street N realignment. Dan Trussoni stated that it was not. It was only to allow them to combine the Riverside Park parcels and make improvements to the restrooms to make them available for use year round. James Cherf moved to approve this item. Chris Kahlow seconded. The motion passed by voice vote 6-0.

16. [20-0846](#) Review of plans for Site Improvements for Torrance Casting, located at 3131 Commerce Street, in the Interstate Industrial Park.

[CPC Staff Report 6-29-20](#)

Lewis Kuhlman provided an overview of the project. Torrance Casting would like to shift a driveway south and add a gate to it, replace a fence with a wall and barbed wire, and do some paving. There are a few conflicts with their proposal. Barbed wired is not permitted in the covenants but had been approved on adjacent properties with slats. Since not covered in the covenants staff refers to the Fence Code. The covenants also require the wall be decorative masonry so it has a nice appearance. Concrete block is not considered decorative masonry, but may be used if it is painted and has a decorative treatment. The proposed wall will be painted and match the existing concrete block wall. Decorations or different materials may clash with the existing wall and look poor in appearance. Matt Gabel stated that the existing block wall is not painted and would prefer the new wall to match. Lewis stated that the recommendation is to match so staff has no issues. Chris Kahlow moved to approve the plans as submitted. Elaine Yager seconded. The motion passed by voice vote 6-0.

17. [20-0866](#) Review of plans for the solar facility located at 3181 Berlin Dr in the International Business Park. (Habitat for Humanity)

Tim Acklin provided an overview of the project to the Commission. Habitat for Humanity is installing solar panels on the roof of their building in the International Building Park. Elaine Yager asked if snow loads have been calculated as part of project. Staff stated they thought that the Inspections Department had already checked for that. Craig Snyder confirmed to the Commission that had been done. Andrea Trane stated that public comments on the lives stream stated that snow loads had been calculated. Chris Kahlow moved to approve the plans as submitted. Cassandra Woodward seconded. The motion passed by voice vote 6-0.
